# About this booklet

Contents

The Christmas and New Year period will be very different again for everyone this year and it might feel overwhelming. It can be difficult to deal with extra stress and keep yourself well.

**Remember you are not on your own.** There are many reasons some people need just a bit more of a helping hand, and we want you to know that in these uncertain times it's ok to reach out for support.

Covid related restrictions, festive/holiday closures and changes throughout the year, may mean the places where you get support are not available, have different opening hours or a change in what they can offer. If you plan to visit any of the organisations in this booklet, **please check first before you go.**

## Living safe this winter

If you have symptoms, self-isolate immediately and book a PCR test.

If you don't have symptoms take a lateral flow test twice a week.

Get the vaccine booster when offered.

Let in fresh air.

Meet outdoors when possible.

Wear a face covering.

Wash your hands.

Continue to work from home if you can.

# You are important. PLEASE...

## Don't keep things to yourself

It's ok not to feel ok. Try to recognise the signs that things are getting too much. Remember you are not alone. There is always someone who wants to listen and help. Talk to someone you trust. If you reach crisis point call one of the support numbers on page 3 of this booklet.

## Don't try to change anything big

Now is not the time to start a new diet, a new routine or make unrealistic resolutions. Don't stretch yourself too far or overindulge. You can always try and change things for the better, but take small steps, not all at once. Let go of some of the things you can't control and try to focus on what's most important for that day.

## Don't forget to look after yourself

Try to keep to a routine. Do things that help you look after your mental health and that keep you comfortable, safe and happy. Try to eat healthy meals and get enough sleep. Stay active if you can. Try to get out for a daily walk - it's important to get fresh air even if it's a walk around your garden or up and down your street.

## Don't forget to have time for yourself

Give yourself a break and don't be too hard on yourself. Take some time to relax. Just 30 minutes away will help. Find a space away from everyone where you can find a bit of peace and quiet when things get too much for you. If you are a regular user of social media, try to take a break from it. Visit [onfife.com](http://onfife.com) for details of places you may be able to escape to between Christmas and New Year.

It can also be difficult to cope if your benefits change, or if you are subject to benefit sanctions.

## Prepayment Meters

If the meter has run out of credit or you need to top up and are self-isolating, contact the supplier to ask for temporary extra credit. This needs to be paid back when next topped up. The supplier's website or social media account will hold the most up to date information. Smart meters can be "topped up" remotely. Prepayment meters will be sent a preloaded Key or card.

- Only let somebody into your home if you know who they are.
- Be wary if someone turns up unexpectedly. If in doubt, don't answer the door.
- Check their identity card. Close the door and phone the organisation to confirm their identity if you are unsure.
- Don't feel embarrassed to ask questions about their identity - genuine callers will expect you to be careful.
- Never hand your bank card or give card/bank details to someone at the door. Use cash for payments.
- A trusted organisation will never ask for your financial or personal details over the phone or in an email.
- Be wary of emails, texts or WhatsApp messages about Coronavirus. Don't click on links or open attachments from a sender you don't recognise.
- Don't be pressured into donating money, and never make donations by cash or gift card, or send money through transfer agents such as Western Union or Moneygram.

## **NHS Scotland Test and Protect calls - Real or Scam?**

### **NHS Scotland contact tracers will:**

- in some cases, send a text to let you know that you will be receiving a call from NHS Scotland (if mobile is available)
- call from a single, national telephone number – 0800 030 8012
- always introduce themselves, tell you why they are contacting you and address you by your name
- give you the option to call back the above number to provide reassurance that the service is legitimate

### **They will never ask you:**

- for information other than your movements and the people you have been physically close to
- to phone a premium rate number
- to make a purchase, payment or donation
- for your medical history unrelated to coronavirus
- for your bank details
- for your social media identities or login details, or those of your contacts
- for your passwords or PIN numbers, or to set up any
- for control of your computer, smartphone or tablet, or to download anything
- to visit a website that does not belong to NHS Scotland or the Scottish Government

# Accessing Substance Use Services

Contents

In Scotland, most substance use services will close for the two public holidays at both Christmas and New Year. This will feel like a long time for some people who use these services.

Social work offices will be closed on 23rd to 27th December, 30th and 31st December 2021 as well as 1st to 3rd January 2022.

For the most up-to-date information on access to drug and alcohol services over the festive period visit [www.fifeadp.org.uk](http://www.fifeadp.org.uk)

**ADAPT** is the main drug and alcohol triage service in Fife and provides information, advice and brief help for alcohol and/or drug use.

## How to stay safe when using alcohol or drugs during the holidays

### HINTS & TIPS

Talk to your support worker or key worker about what help you might need over the holidays. Come up with a plan for how you will cope and what you can do to keep well.

Get the phone numbers of the out of hours and emergency services that will be available. Add them to your mobile; put them somewhere you can find them easily; or write them at the back of this booklet.

Remember that the services will be open again in a few days.

Contact the out of hours services if you need to talk to someone.

## To stay safe when using alcohol

### HINTS & TIPS

- Observe current Covid 19 guidelines and be aware of entry rules to premises
- Eat before a night out
- Know your limit and stick to it
- Alternate alcoholic drinks with a drink of water (stay hydrated)
- Make sure you have a safe way of getting home
- Do not accept drinks from anyone you do not know
- Do not leave your drink unattended
- Do not mix alcohol with depressant drugs (opioids, heroin, benzodiazepines)

## HINTS & TIPS

### To stay safe when using drugs

- Avoid using drugs alone
- Never share injecting equipment (IEP). Free injecting equipment is available from some pharmacies (check online at [www.scottishdrugservices.com/Search/NeedleExchange](http://www.scottishdrugservices.com/Search/NeedleExchange) ) and from We Are With You (closed 25-29 Dec) and is available for delivery by calling 0800 9179211
- If using opioids ensure you have a Naloxone kit\* and those with you know where to find it and how to use it (Naloxone is available **free** from FIRST, DAPL, We Are With You, Addiction Services, Clued-Up or ask your keyworker about getting a kit)
- Anyone over the age of 16 is able to get a Take Home Naloxone kit from Scottish Families Affected by Drugs at [www.sfad.org.uk/support-services/take-home-naloxone](http://www.sfad.org.uk/support-services/take-home-naloxone). If there is someone at risk within your family please order a kit today
- In terms of dosage, it's important to start with a low dose with any drug and wait at least an hour for the effects to kick in before taking any more. This is especially important given the rise in strength of many party drugs in the last few years
- Avoid mixing depressant drugs together (Alcohol, opioids, heroin, benzodiazepines) as this increases the danger of overdose
- If you or a friend is unwell, seek medical help immediately

### How to spot an overdose

- Shallow pulse or breathing (can sound like snoring)
- Blue lips
- Pinpoint pupils
- Lack of response/unconsciousness

If you think someone may have overdosed call 999 immediately.

\*Naloxone can be used to reverse the effects of opioids and reduces the risk of overdose but medical help must still be sought even if the individual then feels well again, so an ambulance still needs to be called on 999.

Family tensions can feel overwhelming at this time of year. Try to get a balance between time with family/friends and 'me time'. Have an 'escape plan' like making a phone call to a friend. Make sure you have time to yourself and time to recuperate.

## Everyone is an individual with different circumstances.

To help prepare for the festive season, take a look at page 16 and ask yourself:

- Is there a point that appeals to YOU?
- Is there a helpful tip that will suit YOU?

## Do be kind to yourself

Don't expect everything to be perfect. The most important thing is to have fun and spend time with people you want to be with. Get better at delegating and making sure that everyone helps on the day. Get into a pattern that keeps you well before the holidays start - like going for a walk each day and eating well.

## Do have YOUR version of Christmas

Who says you have to do it the way it's always been done? Try to plan the Christmas you feel will give you the most enjoyment.

## Do make sure you have enough things you need to stay healthy and well

Make sure you have enough food in to last you over the days when the shops are shut. If you've got food at home and are looking after yourself, it's easier to cope with all the other hassles and temptations.

## Do plan a special treat or a day out after Christmas

It doesn't have to be something that costs a lot of money - it could just be a day out to the Christmas lights or a walk in the park. It can help take the focus away from one big day of celebration and the let down feeling that can come after it.

## Do look after your health

If you've overdone it on the festive food and drink, try and go for a walk the next day. A walk gives you an excuse to get away from the festivities and out of the house for some "you" time, as well as shake the cobwebs away. To help you keep well over Christmas and the New Year, remember to order enough of any prescription medicines you will need and make sure you have other off-the-shelf remedies you might need e.g. "headache tablets".

It's difficult to accept that someone you love or care for can treat you badly.

Domestic abuse is rarely a one-off incident. It is persistent and controlling behaviour. It includes physical, sexual and emotional abuse.

Recent changes in the law recognise the harm caused by “coercive control” - acts that cause harm, punish or frighten.

## Examples of domestic abuse include:

- Isolating you from friends and family
- Depriving you of basic needs, such as food
- Monitoring your time or including online and via spyware
- Controlling where you go, who you see, what you wear and when you sleep
- Depriving access to help and support services
- Putting you down, humiliating, degrading or dehumanising you
- Controlling money
- Making threats or intimidating you

Christmas and New Year can be a particularly difficult time, but there are people who can help you.

**Find out more about organisations on page 21 that are here to help you if you are experiencing domestic abuse.**

**[www.fifehealthandsocialcare.org/the-well](http://www.fifehealthandsocialcare.org/the-well)**  
**03451 551500**

The Well allows people to speak to Health and Social Care professionals and discuss any enquiries in relation to their health and wellbeing. The service is for anyone 16+ looking for advice and support.

The Well's friendly staff are there to empower people and to find solutions to problems quicker and easier, giving them the right information at the right time. If you are looking for support, information and guidance on topics such as social care, carer support, social isolation, housing, benefits, bereavement, or anything that matters to you The Well can support you.

Covid 19 is still circulating in the community so it's more important than ever to get the flu vaccine. Anyone who is considered most at risk – including people who have certain health conditions, pregnant women or anyone 50 or over, are recommended to have the flu vaccine this year. People in 'at risk' categories will get a letter asking them to make an appointment at a vaccination clinic.

**People can go hungry for many different reasons: for example, from redundancy to getting an unexpected bill when on a low income.**

Should you find yourself in this position, foodbanks can provide short term access to emergency food and support for people experiencing a crisis.

Foodbanks are non-profit organisations that receive publicly donated food which is then sorted by volunteers and distributed as food parcels. The simple service of providing enough food for a few days can relieve stress, and prevent crime and family breakdown.

Several charitable organisations have set up foodbanks in Fife.

**Customers in crisis may be referred to a foodbank by:**

- their Social Worker
- Community Education Workers
- Welfare Support Workers
- Housing Officer
- Fife Council's Welfare Fund team  
tel. 0300 555 0265 (Open Monday to Friday 9am-2.30pm)

Michael Street, Buckhaven, KY8 1JR

Offering Christmas food parcels, for those who have the capacity to cook something at Christmas but not the means. These involve a stripped down Christmas dinner and a standard emergency food parcel for 3 days. Also running a Christmas toy provision service (by referral) for those who have children but are unable to get gifts for them. Referrals need to come from a health care professional, a health visitor, a school teacher or another organisation (CA for example). Pick up dates for toys is the week before Christmas and we will be in touch with parents or guardians with their time slot. Both of these services are available up until 23rd December.

Also run emergency food provision each week (by referral)
