Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.

3 **Application No:** 22/03571/FULL **Date Decision Issued:** 30/11/2022

Ward: Burntisland, Kinghorn And West Kirkcaldy

Proposal: Single storey extension to rear of dwellinghouse with associated raised platform

Location: 57 Inchgarvie Avenue Burntisland Fife KY3 0BX

Applicant: Mr G Florence 57 Inchgarvie Avenue Burntisland Fife KY3 0BX

Agent: Andrew Allan Balcairn House Viewfield Terrace Dunfermline UK KY12 7HY

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. IN THE EVENT THAT CONTAMINATION NOT PREVIOUSLY IDENTIFIED by the developer prior to the grant of this planning permission is encountered during the development, all development works on site (save for site investigation works) shall cease immediately and the planning authority shall be notified in writing within 2 working days.

Unless otherwise agreed in writing with the local planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority or (b) the planning authority has confirmed in writing that remedial measures are not required. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed in accordance with the approved Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement, a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by the local planning authority.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. To ensure all contamination within the site is dealt with.

4 **Application No:** 22/03531/FULL **Date Decision Issued:** 02/12/2022

Ward: Burntisland, Kinghorn And West Kirkcaldy

Proposal: Two storey extension to side of dwellinghouse

Location: 8 Macdonald Place Burntisland Fife KY3 9JT

Applicant: Mrs Julie Pratt 8 Macdonald Place Burntisland Fife KY3 9JT

Agent: Peter Simpson Peter Simpson 116 Dover Park Dunfermline Fife KY11 8HX

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.

5 **Application No:** 22/03153/LBC **Date Decision Issued:** 07/12/2022

Ward: Burntisland, Kinghorn And West Kirkcaldy

Proposal: Listed Building Consent for demolition of Category C listed Colinswell Dovecot building

Location: Land To The South Of Aberdour Road At Geds Mill Close Burntisland Fife

Applicant: SIPS Homes Scotland Ltd SIPS Industries Crossway Donibristle Industrial Estate Dalgety Bay United Kingdom KY11 9JE

Agent: Allan Corfield Lewis House 213 East Way Hillend Industrial Estate Hillend, Dunfermline UK KY11 9JF

Application Refused

Reason(s):

1. In the interests of preserving the historic fabric of this Category C Listed building and to ensure retention of its architectural features and materials; the demolition of this Category C Listed Building has not been justified and the loss of this Listed Building would be contrary to Policies 1 and 14 of the Adopted FIFEplan (2017), Scottish Planning Policy (Valuing the Historic Environment) 2014, Historic Environment Policy for Scotland 2019 and Historic Environment Scotland's guidance note on Managing Change in the Historic Environment: Demolition of Listed Buildings.
2. In the interests of safeguarding protected species; insufficient information, by way of the lack of a bat survey, has been submitted to allow a full assessment of the proposal with regards to its potential impact on protected species; all contrary to the Conservation (Natural Habitats, &c.) Regulations 1994 (as amended).

6 **Application No:** 22/00207/APN **Date Decision Issued:** 07/12/2022

Ward: Burntisland, Kinghorn And West Kirkcaldy
Proposal: Erection of dwellinghouse (Class 9) and associated development (revised scheme)
Location: Land To The North Of Inchgarvie Avenue Aberdour Road Burntisland Fife
Applicant: Paul Dow Joinery Unit 5C Meadowfield Industrial Estate Cowdenbeath Road Burntisland UK KY3 0LH
Agent: Richard McWilliams 108 St Clair Street Kirkcaldy Scotland KY1 2BD

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. NO DEVELOPMENT SHALL COMMENCE ON SITE until the risk of actual or potential land contamination at the site has been investigated and a Preliminary Risk Assessment (Phase I Desk Study) has been submitted by the developer to and approved in writing by the planning authority. Where further investigation is recommended in the Preliminary Risk Assessment, no development shall commence until a suitable Intrusive Investigation (Phase II Investigation Report) has been submitted by the developer to and approved in writing by the planning authority. Where remedial action is recommended in the Phase II Intrusive Investigation Report, no development shall commence until a suitable Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures.

All land contamination reports shall be prepared in accordance with CLR11, PAN 33 and the Council's Advice for Developing Brownfield Sites in Fife documents or any subsequent revisions of those documents. Additional information can be found at www.fifedirect.org.uk/contaminatedland.

- 3.
4. IN THE EVENT THAT CONTAMINATION NOT PREVIOUSLY IDENTIFIED by the developer prior to the grant of this planning permission is encountered during the development, all development works on site (save for site investigation works) shall cease immediately and the planning authority shall be notified in writing within 2 working days.

Unless otherwise agreed in writing with the local planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority or (b) the planning authority has confirmed in writing that remedial measures are not required. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed in accordance with the approved Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement, a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by the local planning authority.

5. Prior to the occupation of the dwelling, the access driveways shall be constructed at a gradient not exceeding 1 in 10 (10%) and shall have appropriate vertical curves to ensure adequate ground clearance for vehicles.
6. Prior to the occupation of the dwelling, there shall be provided within the curtilage of the site 3 parking spaces for vehicles in accordance with the current Fife Council Making Fife's Places Appendix G and as per the layout shown on Drawing No PL 003. The parking spaces shall be retained through the lifetime of the development.
7. Prior to the occupation of the dwelling, there shall be provided within the curtilage of the site a turning area for a car. The turning area shall be formed outwith the parking areas and shall be retained through the lifetime of the development.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. To ensure potential risk arising from previous land uses has been investigated and any requirement for remedial actions is suitably addressed.
3. To provide satisfactory verification that remedial action has been completed to the planning authority's satisfaction.
4. To ensure all contamination within the site is dealt with.
5. In the interest of road safety; to ensure the provision of an adequate design layout and construction.
6. In the interest of road safety; to ensure the provision of adequate off-street parking facilities.
7. In the interest of road safety; to ensure that all vehicles taking access to and egress from the site can do so in a forward gear.

Applicant: Mellow Homes Ltd The Stables Burnside of Cassedilly Ceres Scotland KY15 5PP
Agent: Iain Mitchell Quayside House Dock Road Methil Dock Business Park Methil, Fife Scotland KY8 3SR

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. NO DEVELOPMENT SHALL COMMENCE ON SITE until a suitable Intrusive Investigation (Phase II Investigation Report) has been submitted by the developer to and approved in writing by the planning authority. Where remedial action is recommended in the Phase II Intrusive Investigation Report, no development shall commence until a suitable Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures.

All land contamination reports shall be prepared in accordance with CLR11, PAN 33 and the Council's Advice for Developing Brownfield Sites in Fife documents or any subsequent revisions of those documents. Additional information can be found at www.fifedirect.org.uk/contaminatedland.

3. NO BUILDING SHALL BE OCCUPIED UNTIL remedial action at the site has been completed in accordance with the Remedial Action Statement approved pursuant to condition 2. In the event that remedial action is unable to proceed in accordance with the approved Remedial Action Statement - or contamination not previously considered in either the Preliminary Risk Assessment or the Intrusive Investigation Report is identified or encountered on site - all development work on site (save for site investigation work) shall cease immediately and the planning authority shall be notified in writing within 2 working days. Unless otherwise agreed in writing with the local planning authority, development works shall not recommence until proposed revisions to the Remedial Action Statement have been submitted by the developer to and approved in writing by the planning authority. Remedial action at the site shall thereafter be completed in accordance with the approved revised Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement - or any approved revised Remedial Action Statement - a Verification Report shall be submitted by the developer to the local planning authority.

Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement - or the approved revised Remedial Action Statement - and a Verification Report in respect of those remedial measures has been submitted to and approved in writing by the local planning authority.

4. IN THE EVENT THAT CONTAMINATION NOT PREVIOUSLY IDENTIFIED by the developer prior to the grant of this planning permission is encountered during the development, all development works on site (save for site investigation works) shall cease immediately and the planning authority shall be notified in writing within 2 working days.

Unless otherwise agreed in writing with the local planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority or (b) the planning authority has confirmed in writing that remedial measures are not required. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed in accordance with the approved Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement, a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with

the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by the local planning authority.

5. Prior to any works starting on site, a vehicular access shall be constructed at the point shown on Drawing No. (03 - PROPOSED SITE PLAN) which shall be constructed as specified under a Roads (Scotland) Act 1984 Vehicle Access Application. For the avoidance of doubt, the first three metre length of the access to the rear of the roadside verge shall be constructed in a paved material (not concrete slabs).
6. Prior to the first use of the new vehicular access, visibility splays of 3m x 140m to the West and 3m x 65m to the East shall be provided and shall remain, in perpetuity, clear of all obstructions exceeding 1.0m in height. For the avoidance of doubt, all roadside boundary markers within the site (i.e. walls, fences, planting, shrubs etc.) shall be maintained in perpetuity outwith the visibility splay line or at a height not exceeding 600mm above the adjacent carriageway level.
7. Prior to the occupation of each dwellinghouse, off street parking shall be provided within the curtilage of each dwellinghouse on the following basis; a minimum of 2 No off street parking spaces per 2 or 3 bedroom house and 3 No off street parking spaces for a 4 and above bedroom house in accordance with the current Fife Council Parking Standards. The parking spaces shall be retained throughout the lifetime of the development for the purposes of off street parking.
8. Prior to the occupation of each of the proposed dwellinghouses, there shall be provided within the curtilage of the site suitable turning areas for vehicles suitable for use by the largest size of vehicle expected to visit or be used by occupants of the premises to allow a vehicle to enter and exit the access driveway in a forward gear. The turning area shall be formed outwith the parking areas and shall be retained throughout the lifetime of the development.
9. Each residential unit provided on the site shall be used solely as a residence for (a) a single person or by people living together as a family; or (b) not more than 5 unrelated residents living together in a dwellinghouse. For the avoidance of doubt none of the residential units hereby approved shall be used for Housing in Multiple Occupation.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. To ensure potential risk arising from previous land uses has been investigated and any requirement for remedial actions is suitably addressed.
3. To provide satisfactory verification that remedial action has been completed to the planning authority's satisfaction.
4. To ensure all contamination within the site is dealt with.
5. In the interest of road safety; to ensure the provision of an adequate design layout and construction and to ensure that no deleterious material is dragged onto the public road.
6. In the interest of road safety; to ensure the provision of adequate visibility splays at the junctions of the vehicular accesses and the public road. For the avoidance of doubt, the visibility splays to the East, as shown on Drawing No. (03 - PROPOSED SITE PLAN) are hereby not approved.
7. In the interests of road safety; to ensure the provision of an adequate off street parking facilities.
8. In the interest of road safety; to ensure that all vehicles taking access to and egress from the site can do so in a forward gear.
9. In the interests of maintaining a mixed and balanced housing stock as required by Policy 2 of the Adopted FIFEplan 2017.

Proposal: Planning permission in principle for the erection of dwellinghouse and ancillary agricultural storage shed.
Location: Land 100M To The West Of Inglewood Blebocraigs Fife
Applicant: Iain M Brown LLP Morton of Blebo Farm Blebocraigs Cupar Scotland KY15 5UB
Agent: David Queripel Eden Park House Eden Park Cupar Scotland KY15 4HS

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. A further application(s) for certain matters (Approval of Matters Required by Condition) shall be submitted for the requisite approval of this Planning Authority, together with the detailed plans which shall include:-
 - (a) A location plan of all the site to be developed to a scale of not less than 1:2500, showing generally the site, any existing trees, hedges, walls (or other boundary markers) layout of the roads and sewers, and the position of all buildings;
 - (b) A detailed plan to a scale of not less than 1:500 showing the site contours, the position and width of all proposed roads and footpaths including public access provision, the siting of the proposed buildings, finished floor levels, new walls, hedges and boundary treatments, details of proposed landscape treatment and the phasing of development;
 - (c) Detailed plans, sections and elevations of all buildings proposed to be erected on the site, and their relationship to adjacent land and/or buildings, together with details of the colour and type of materials to be used externally on walls and roofs;
 - (d) Details of the existing and proposed ground levels as well as the finished floor levels all related to a fixed datum point. The details shall specify the extent and height of any areas of mounding;
 - (e) A supporting statement illustrating the developments' compliance with Fife Council's Planning Policy - Making Fife's Places Supplementary Guidance Document (2018) - including reference and proposals relating to the design, layout, green network infrastructure and biodiversity enhancement;
 - (f) A sustainability statement illustrating the developments' compliance with Fife Council's Planning Policy - Low Carbon Fife Supplementary Guidance Document (2019). The sustainability statement shall address all of the matters set out in Appendix B of Fife Council's Low Carbon Fife Supplementary Guidance (January 2019);
 - (g) A contaminated land report to address any potential impacts on the site and surrounding area.
2. The development to which this permission relates must be commenced no later than 5 years from the date of this permission.
3. Prior to the occupation of the proposed dwellinghouse, there shall be off street parking spaces provided for that dwellinghouse in accordance with the current Fife Council Transportation Development Guidelines.
4. Prior to occupation of the proposed dwellinghouse, visibility splays of 2m x 25m shall be provided to the left and to the right at the junctions of that house's vehicular crossing and the public road and thereafter maintained in perpetuity, clear of all obstructions exceeding 1.05 metres above the adjoining carriageway level, in accordance with the current Fife Council Transportation Development Guidelines.
5. Prior to occupation of the proposed dwellinghouse, the vehicle access driveway shall be constructed at a gradient not exceeding 1 in 10 (10%) and shall have appropriate vertical curves to ensure adequate ground clearance for vehicles. For the avoidance of doubt, the first two metre length of the driveway to the rear of the public road shall be constructed in a paved material (not concrete slabs).
6. Prior to commencement of works on site, details of wheel cleaning facilities shall be submitted and approved by this Planning Authority. The wheel cleaning facility shall thereafter be installed and maintained prior to commencement of site works and for the complete duration of the works.
7. The dwellinghouse hereby approved shall be used solely as a residence for (a) a single person or by people living together as a family; or, (b) not more than 5 unrelated residents living together in a dwellinghouse. For the avoidance of doubt the dwellinghouse hereby approved shall not be used for Housing in Multiple Occupation.

Reason(s):

1. To be in compliance with Section 59 of The Town and Country Planning (Scotland) Act 1997, as amended by the Planning etc (Scotland) Act 2006.
2. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
3. In the interest of road safety; to ensure the provision of adequate off-street parking facilities.
4. In the interest of road safety; to ensure the provision of adequate visibility at the junctions of the vehicular access and the public road.
5. In the interest of road safety; to ensure the provision of an adequate design layout and construction and to avoid severe gradients which would render the driveways unsuitable for vehicular use and to ensure that no deleterious material is dragged on to the public road.
6. in the interest of road safety to ensure that no mud, debris or other deleterious material is carried on to the public road.
7. In the interests of maintaining a mixed and balanced housing stock as required by Policy 2 of the Adopted FIFEplan 2017.

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. IN THE EVENT THAT CONTAMINATION IS ENCOUNTERED that was not identified by the developer prior to the grant of this planning permission, all development works on site (save for site investigation works) shall cease immediately and the local planning authority shall be notified in writing within 2 working days.

Unless otherwise agreed in writing with the local planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by the local planning authority or (b) the local planning authority has confirmed in writing that remedial measures are not required.

The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed in accordance with the approved Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement, a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the local planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by the local planning authority.

Ward: East Neuk And Landward**Proposal:** Change of use from steading to 8 no. dwellinghouse and associated works**Location:** Muircambus Farm Muircambus Kilconquhar Fife**Applicant:** Mr Dylan Martin Collins Sandown Sports Park Esher United Kingdom KT10 8AN**Agent:** Muir Walker Pride Chartered Architects Mercat House 1 Church Street St Andrews Scotland KY16 9NW**Application Permitted with Conditions****Approve** subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. Prior to the occupation of the steadings, In/Out signs shall be provided to be erected behind the prospectively adoptable road.
3. Both the existing and proposed vehicular accesses shall be simple vehicular crossings of the adopted verge rather than large junction radii.
4. Prior to the occupation of the first dwelling, visibility splays of 4.5 metres x 140 metres at the new proposed exit shall be provided and maintained in perpetuity.
5. IN THE EVENT THAT CONTAMINATION NOT PREVIOUSLY IDENTIFIED by the developer prior to the grant of this planning permission is encountered during the development, all development works on site (save for site investigation works) shall cease immediately and the planning authority shall be notified in writing within 2 working days.

Unless otherwise agreed in writing with the local planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority or (b) the planning authority has confirmed in writing that remedial measures are not required. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed in accordance with the approved Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement, a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by the local planning authority.

6. PRIOR TO THE OCCUPATION OF THE DWELLINGHOUSES HEREBY APPROVED, mitigation measures relating to both protected wild birds and bats on site as identified within the Muircambus Steading Bat PRA and Activity Survey Report dated the 19th July 2021 prepared by Gavia Environmental. An appropriate licence may be required separate outwith planning legislation.
7. In accordance with the recommendations detailed in Muircambus Steading Bat PRA and Activity Survey Report dated the 19th July 2021 prepared by Gavia Environmental, no vegetation clearance or building works shall be carried out during the bird breeding season which is March to August inclusive unless otherwise agreed in writing with Fife Council as Planning Authority. If nesting birds are found, these areas of the site will be protected from disturbance until the young have fledged naturally.
8. BEFORE WORKS COMMENCE ON SITE, details of the proposed windows shall be submitted for the prior approval of this Planning Authority. For the avoidance of doubt, the proposed windows shall be timber framed sash and case units or casement units of traditional construction, glazing detail and character and thereafter installed as agreed unless otherwise agreed in writing with this Planning Authority.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.

2. In the interest of road safety and to avoid confusion.
3. In the interests of road safety.
4. In the interests of road safety.
5. To ensure all contamination within the site is dealt with.
6. In the interests of protecting any potential natural species within the site.
7. In the interests of species protection.
8. In the interests of protecting the visual and traditional rural architectural character of the steading and local area.

PRIOR TO ANY WORK COMMENCING ON THIS SITE/PHASE, as set out in the approved Phasing Plan accompanying planning permission 16/03661/EIA, a comprehensive Site Investigation (carried out to the appropriate Phase level), shall be submitted to and approved in writing by this Planning Authority. The investigation shall be completed in accordance with the advice given in Planning Advice Note 33, Part IIA of the Environmental Protection Act 1990, DEFRA/EA Contaminated Land Report 11 - Model Procedures for the Management of Land Contamination, and BS 10175:2001 - The Investigation of Potentially Contaminated Sites Code of Practice. If the risk assessment identified any unacceptable risks as defined under Part IIA of the Environment Protection Act, a detailed remediation strategy will be submitted to and approved in writing by this Planning Authority. No works other than investigative works shall be carried out on site prior to receipt of this Planning Authority's written approval of the remediation plan and a verification report shall be submitted on completion of all works.
2. NO DEVELOPMENT SHALL COMMENCE ON SITE until the risk of actual or potential land contamination at the site has been investigated and a Preliminary Risk Assessment (Phase I Desk Study) has been submitted by the developer to and approved in writing by Fife Council as planning authority. Where further investigation is recommended in the Preliminary Risk Assessment, no development shall commence until a suitable Intrusive Investigation (Phase II Investigation Report) has been submitted by the developer to and approved in writing by Fife Council as planning authority. Where remedial action is recommended in the Phase II Intrusive Investigation Report, no development shall commence until a suitable Remedial Action Statement has been submitted by the developer to and approved in writing by the local planning authority. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures and a Verification Plan specifying how, when and by whom the installation will be inspected. All land contamination reports shall be prepared in accordance with PAN 33 and the Council's Advice for Developing Brownfield Sites in Fife documents or any subsequent revisions of those documents. Additional information can be found at www.fife.gov.uk/contaminatedland .
3. NO BUILDING SHALL BE OCCUPIED UNTIL remedial action at the site has been completed in accordance with the Remedial Action Statement approved pursuant to condition 2. In the event that remedial action is unable to proceed in accordance with the approved Remedial Action Statement — or contamination not previously considered in either the Preliminary Risk Assessment or the Intrusive Investigation Report is identified or encountered on site — all work on site (save for site investigation work) shall cease immediately and the local planning authority shall be notified in writing within 2 working days. Unless otherwise agreed in writing with Fife Council as planning authority, development works shall not recommence until proposed revisions to the Remedial Action Statement have been submitted by the developer to and approved in writing by the local planning authority. Remedial action at the site shall thereafter be completed in accordance with the approved revised Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement — or any approved revised Remedial Action Statement — a Verification Report shall be submitted by the developer to Fife Council as planning authority. Unless otherwise agreed in writing with Fife Council as planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement — or the approved revised Remedial Action Statement — and a Verification Report in respect of those remedial measures has been submitted to and approved in writing by Fife Council as planning authority.
4. IN THE EVENT THAT CONTAMINATION IS ENCOUNTERED that was not identified by the developer prior to the grant of this planning permission, all development works on site (save for site investigation works) shall cease immediately and Fife Council as planning authority shall be notified in writing within 2 working days. Unless otherwise agreed in writing with Fife Council

as planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by Fife Council as planning authority or (b) Fife Council as planning authority has confirmed in writing that remedial measures are not required. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed in accordance with the approved Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement, a Verification Report shall be submitted to Fife Council as planning authority. Unless otherwise agreed in writing with Fife Council as planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by Fife Council as planning authority.

5. PRIOR TO ANY WORK COMMENCING ON THIS SITE/PHASE, a phase-specific Construction Environmental Management Plan (CEMP) shall be submitted to and approved by Fife Council as planning authority. The CEMP shall include:
- i) A Construction Traffic Management Plan, which shall:
 - specify the type and number of vehicles expected to be using the site on a regular basis;
 - specify the vehicle delivery hours and the means for ensuring that delivery vehicles comply with those hours;
 - provide details of the construction compound(s);
 - provide for the parking and manoeuvring of vehicles of site operatives and visitors;
 - provide for the loading and unloading of plant and materials;
 - provide for the storage of plant and materials used in constructing the development;
 - specify off site construction vehicle routing and effects of the routing on the road network in terms of road closures etc;
 - specify any stopping up of public footways/public parking bays or area of the road network itself;
 - specify details of supporting staff/operative travel management initiatives; and
 - specify details for the management of and procedures for the delivery of abnormal loads.
 - ii) Ecology: A scheme (including a Species Protection Plan) to minimise, mitigate and monitor potential impacts on ecological/ ornithological interests during construction of the phase shall be implemented in accordance with the construction related ecological mitigation measures contained in the Environmental Statement (Chapter 6 - Ecology and Nature Conservation and Appendix 13.1 - Summary of Mitigation Measures) of approved associated application 16/03661/EIA. Details of the findings of updated pre-start species surveys, along with details of any mitigation requirements and design changes, must be provided to Fife Council as planning authority in advance of work commencing on the phase.
 - iii) Dust: A scheme to minimise and mitigate the effects of construction related dust on local air quality during the construction works.
 - iv) Noise and Vibration Management Plan: A scheme developed in accordance with British Standard BS5228:2009+A1:2014 Code of Practice for Noise And Vibration Control on Construction and Open Sites detailing the following:
 - the measures that will be undertaken to measure and monitor construction related noise and vibration;
 - mitigation measures that will be used to reduce noise and vibration levels; and
 - actions that will be taken to respond to noise and vibration complaints.
 - v) Site Waste Management: A Site Waste Management Plan setting out the measures that will be employed to minimise the amount of construction waste resulting from the construction works. All waste materials from construction works shall be reused, recycled or dealt with in accordance with the Site Waste Management Plan.
 - vi) Surface Water Quality: A Pollution Prevention Plan describing the measures to be adopted to reduce the potential for adverse water quality impacts during the construction of the phase. The Pollution Prevention Plan shall include the construction related water quality mitigation measures contained in the submitted Environmental Statement (Chapter 10 - Surface Water and Flood Risk and Appendix 13.1 - Summary of Mitigation Measures).
 - vii) Land Stability: An Engineering/Construction Method Statement that shall include details of the engineering operations that will be undertaken to protect the stability of the site and surrounding third party property and land.
 - viii) Wheel cleaning facility: A scheme specifying the wheel cleaning facilities that shall be provided at the entrance/exit to each development phase such that no mud, debris or other deleterious material is carried by vehicles onto the adjacent internal access roads or public roads and footways. For the avoidance of doubt such facilities shall be retained and maintained for the duration of operations on that phase. The approved CEMP shall be implemented as approved and shall be adhered for the duration of construction works on that phase. Any subsequent amendments required to the CEMP following the commencement of works within that phase shall be agreed in writing with Fife Council as planning authority before the amendments are implemented.

6. PRIOR TO ANY WORK COMMENCING ON THIS SITE/PHASE, a Surface Water Drainage scheme shall be submitted to and approved in writing by Fife Council as planning authority. The scheme shall follow the principles set out in the submitted Drainage Impact Assessment dated September 2016 and shall provide that surface water from the phase shall be dealt with using Sustainable Urban Drainage System techniques as advocated in The SuDS Manual (CIRIA C753, 2015). It shall include full details of the methods to be employed, including where appropriate calculations, along with details of how these measures will be maintained.
7. Unless otherwise agreed in writing with Fife Council as planning authority, the normal working hours for restoration and construction activities within the site shall be restricted to Monday to Friday between 7.00am to 7.00pm, 7.00am to 4.00 pm on a Saturday and at no time on a Sunday or Scottish Public Holiday or during the annual Kinross Agricultural Show and Loch Leven Half Marathon. No commercial vehicles associated with the restoration or construction work shall enter or leave the site before 7.00am and after 7.00pm Monday to Friday; before 7.00am and after 4.00pm on a Saturday and at any time on a Sunday. Outside of these hours, restoration or construction activities at the site shall be limited to maintenance, emergency works, dust suppression and the testing of plant and equipment, or, work that is not audible from any noise sensitive property beyond the site boundary.
8. No tree works or scrub clearance shall occur on site from 1st March through to 31st August each year unless otherwise agreed in writing with Fife Council as planning authority prior to clearance works commencing. In the event that clearance is proposed between 1st March to 31st August, a suitable bird survey shall be carried out by a suitably qualified ecologist covering the proposed clearance area and shall be submitted to and approved in writing by Fife Council as planning authority before those clearance works commence. Once written approval has been given, the works themselves should be carried out within a specified and agreed timescale.
9. All temporary contractors' site compounds shall be removed and the land reinstated to its former profile and condition no later than 3 months following the final commissioning of each approved development phase, unless otherwise agreed in writing with Fife Council as planning authority.
10. Landscape design, specification, monitoring and aftercare shall be undertaken in line with the information provided in drawings 2836-01-20 Rev A, 2836-01-21 and 2836-01-22, all as hereby approved.

Reason(s):

1. To avoid unacceptable risks to human health and the environment, to ensure the land is remediated and made suitable for its proposed use.
2. To ensure potential risk arising from previous land uses has been investigated and any requirement for remedial actions is suitably addressed.
3. To provide satisfactory verification that remedial action has been completed to the planning authority's satisfaction.
4. To ensure there is no risk from any site contamination to both existing and proposed properties; and to ensure no threat to public health.
5. To minimise the environmental impact of construction activities resulting from the proposed development.
6. To ensure the site is drained in an acceptably sustainable manner and the drainage infrastructure is properly maintained.
7. In the interests of protecting residential amenity, and to minimise noise distribution, to protect the amenity of nearby residents.
8. In order to avoid disturbance during bird breeding seasons.
9. In the interests of visual amenity and protecting the natural heritage, to ensure temporary compounds do not leave a footprint on site.
10. In the interests of visual amenity and protecting the natural heritage, to ensure that proposed landscaping features become properly established and are maintained to a high standard once the development is operational.

79 **Application No:** 22/03834/TPN

Date Decision Issued: 07/12/2022

Ward: Glenrothes West And Kinglassie

Proposal: Prior Notification for installation of 20m telecommunications monopole and associated cabinets

Location: Telecommunications Mast Minto Place Glenrothes Fife

Agent: Dot Surveying Ltd Tom Gallivan 14 Inverleith Place Edinburgh EH3 PZ

Application Permitted - no conditions

Ward: Glenrothes West And Kinglassie

Proposal: Erection of 4 no. whisky maturation warehouses (Class 6) bottling and maintenance building (Class 5), ancillary office and temporary office/gatehouse (Class 4) and formation of internal roads, associated parking, boundary treatments and SUDS (Section 42 application to amend conditions 2 and 6 of planning permission reference 22/01031/FULL)

Location: Land South Of Rutherford Road And East Of Crompton Road Southfield Industrial Estate Glenrothes Fife

Applicant: Scotch Whisky Investments Ltd The Old Town House High Street High Street Falkland United Kingdom KY15 7BU

Agent: Neil Gray AYE House Admiralty Park Rosyth Dunfermline United Kingdom KY11 2YW

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. BEFORE ANY WORKS START ON SITE, visibility splays 2.4 metres x 90 metres shall be provided and maintained clear of all obstructions exceeding 600mm in height above the adjoining road channel level, at the junction of the site access and Crompton Road, in accordance with the current Fife Council Making Fife's Places Appendix G. The visibility splays shall be retained through the lifetime of the development.
3. PRIOR TO FIRST OCCUPATION OF THE ANCILLARY OFFICE AND TEMPORARY OFFICE/GATEHOUSE, the vehicular access, off-street car parking and ELV charging points shown on drawing PL-203 (document 03) shall be provided and made available for use by staff and visitors.
4. BEFORE ANY WORKS START ON SITE, a Construction Environmental Management Plan (CEMP), designed to ensure appropriate environmental management practices are applied, shall be submitted to Fife Council as Planning Authority for its written approval. The CEMP shall include proposed hours of deliveries and construction work, as well as details of how potential noise and dust nuisance during construction will be mitigated. The CEMP shall also detail how the mitigations recommended in the Extended Phase 1 Habitat Survey (Direct Ecology, 1st April 2022, Version 1, Chapter 4) shall be secured. Once agreed, operations shall adhere to the provisions of the CEMP throughout the construction period. WHERE ANY WORKS ARE TO BE CARRIED OUT BETWEEN THE MONTHS OF MARCH TO AUGUST INCLUSIVE, pre-start survey checks should be carried out by a suitably qualified ecologist to assess the presence of nesting birds, and recommend appropriate mitigation of works to protect potentially affected species.
5. BEFORE ANY WORKS START ON SITE, a Landscape Plan detailing: the numbers, species and heights (at time of planting) of all trees, shrubs and hedges to be planted; the extent and profile of any areas of earth-mounding; the phasing of the site; and the future management and aftercare of the proposed landscaping, planting and SuDS, shall be submitted for approval in writing by this Planning Authority. The Landscape Plan should incorporate, where appropriate, the mitigations recommended to increase biodiversity on site in the Extended Phase 1 Habitat Survey (Direct Ecology, 1st April 2022, Version 1, Chapter 4). Thereafter the management and aftercare of the landscaping, planting and SuDS shall be carried out in accordance with these approved details, unless otherwise agreed in writing by Fife Council as Planning Authority.
6. BEFORE ANY WORKS START ON SITE, a National Vegetation Classification (NVC) survey of the marshy grassland on the southern part of the site shall be undertaken during the appropriate survey season (May to September) to fully assess the potential of the habitat to be groundwater dependent. The NVC survey shall be submitted for the consideration of Fife Council as Planning Authority, in consultation with the Scottish Environment Protection Agency, and any mitigation measures recommended by the NVC survey shall be implemented as part of the planning permission hereby approved.
7. An Environmental DNA (eDNA) has been approved by this Planning Authority only for Pond 1. For the avoidance of doubt, only works can start on site shown within the red line boundary on the drawing found at Figure 2 of the Direct Ecology Update of 4th October 2022. The findings of the approved eDNA survey of 4th

October 2022, particularly the Recommendations on Page 4 of the Direct Ecology document, shall be adhered to in implementing the planning permission hereby approved. For any further works planned out with the red line boundary these shall be subject to further planning permission. Consequently, for any of these further works a new eDNA survey shall be submitted for the consideration of Fife Council as Planning Authority, in consultation with NatureScot, and the findings of the new eDNA survey shall be adhered to in implementing any further works relative to any further proposals.

8. BEFORE ANY WORK STARTS ON SITE, final details of the finishes (including colour) of all buildings and structures to be erected on site, as hereby approved, shall be submitted for the prior written approval of Fife Council as Planning Authority.
9. PRIOR TO THE COMMISSIONING OF THE DEVELOPMENT HEREBY APPROVED, an Operational Lighting Scheme, specifying the detail of any artificial lighting to be used on site during the life of the planning permission hereby approved, shall be submitted for the prior written approval of Fife Council as Planning Authority. The Lighting Scheme should take cognisance of measures to protect existing natural habitats, such as the guidance contained within the "Bats and Lighting Guidance" document (ILP, 2018) <https://theilp.org.uk/publication/guidance-note-8-bats-and-artificial-lighting/>

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. In the interest of road safety; to ensure the provision of adequate visibility at the junctions of the vehicular access with the public road.
3. In the interest of road and pedestrian safety; to ensure the provision of adequate access and parking provision.
4. In the interests of best environmental practice and to protect residential amenity; in the interests of protecting nesting birds from adverse effects of site development works.
5. In the interests of amenity and the environment; to ensure that adequate measures are put in place to protect the landscaping, planting and SuDS in the long term and secure the required mitigation for sensitive habitats and species present on and near the site.
6. In the interests of protecting GWDTEs (Groundwater Dependent Terrestrial Ecosystems).
7. To assess the presence, and secure the habitat, of any great crested newts on site.
8. In the interests of amenity, to minimise the visual impact of the development in the landscape.
9. In the interests of residential amenity and ecology.

Agent: Kay Kinninmonth Pine Lodge Cupar Road Ladybank Scotland KY15 7RB

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The construction of the vehicular crossing of the footway shall be carried out in accordance with the current Fife Council Transportation Development Guidelines.
2. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
3. Before it comes into use, notification of the completion of the temporary access, road, site compound and footpath shall be given to Fife Council as Planning Authority. Once the notification has been acknowledged, the use of the temporary elements hereby approved shall be restricted to period of 18 months from the date of which the completion has been acknowledged. After which, the land (including the low stone boundary wall along the northern boundary of the site and footway along the southern side of the A91) shall be fully restored to its pre-development condition within 6 weeks, all to the satisfaction of Fife Council as Planning Authority, unless otherwise agreed in writing.
4. Prior to the temporary vehicular access coming into use for the first time, visibility splays 2 metres x 60 metres shall be provided and maintained clear of all obstructions exceeding 600mm in height above the adjoining road channel level, at the junction of the temporary vehicular access with Low Road in accordance with the current Fife Council Transportation Development Guidelines. The visibility splays shall be retained through the lifetime of the development.
5. Prior to the commencement of any activity on site details of the measures to be employed to prevent mud, debris or other deleterious material being carried onto and accumulating on the public roads adjacent to the site shall be submitted for the written approval of this planning authority and shall thereafter be maintained throughout the construction period of the development.
6. Prior to being erected on site, full details of any fencing to be erected shall be submitted to Fife Council as Planning Authority for prior written approval.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. In order to define the terms of the consent; the proposal has not been assessed as a permanent operation.
3. In the interest of road safety; to ensure the provision of an adequate design layout and construction.
4. In the interest of road safety; to ensure the provision of adequate visibility at the junctions of the vehicular access with the public road.
5. In the interests of road safety.
6. In the interest of visual amenity; to ensure the fencing is appropriate in terms of both scale and design.

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.

Ward: Inverkeithing And Dalgety Bay

Proposal: Application for a 19.9MW gas-fired peaking plant and associated infrastructure (Section 42 application to amend condition 1 of planning permission 19/02662/FULL to extend the permission from 20 years to 25 years)

Location: Black Shed Site Belleknowes Industrial Estate Inverkeithing Fife

Applicant: Mr Jim Cleland Clydeview 22 Riverside Business Park Pottery Street Greenock Scotland PA15 2UZ

Agent: Stuart MacGarvie Littlehill littlehill, keir, Dunblane United Kingdom FK15 9NU

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. The permission hereby granted shall be for an operational period of twenty five years from the date of commissioning by which time, unless with the express prior approval of the Planning Authority, the gas-fired peaking plant and any buildings or ancillary equipment or features associated with the approved scheme shall be dismantled and removed from the site, and the ground fully reinstated to the satisfaction of Fife Council as Planning Authority.
3. BEFORE ANY WORK STARTS ON SITE, all dwelling houses or flatted properties within 500 metres of the site shall receive printed information relating to the proposals approved. The information shall include duration of work; a contact name and telephone number to deal with any complaints or emergencies arising; the operational hours of the site; lorry routing; and details of maintenance operations to be carried out. An example of the information to be provided to householders shall be submitted for the prior written approval of Fife Council as Planning Authority, along with details of the dwellinghouses planned to receive such information.
4. BEFORE ANY WORK STARTS ON SITE, details of the specification and colour of the proposed external finishes shall be submitted for approval in writing by this planning authority. For the avoidance of doubt, this includes all elements of the proposed development.
5. PRIOR to the commencement of any works on site, a detailed plan showing the parking area(s) for contractor's vehicles shall be submitted for approval Fife Council as Planning Authority. Thereafter, these parking facilities shall be provided and retained for the duration of the site clearance and construction phase.
6. BEFORE ANY WORKS START ON SITE, details including luminance levels, light spillage and coverage areas of floodlighting of the buildings and outside spaces, including specifications of CCTV units, shall be submitted for the written approval of Fife Council as planning authority. Thereafter the lighting and CCTV on site shall be implemented in accordance with the approved scheme.
7. PRIOR TO THE COMMENCEMENT OF DEVELOPMENT, details of a proposed Scheme of Works shall be submitted to and agreed by Fife Council as planning authority. For the avoidance of doubt the Scheme of Works shall be designed to mitigate the effects on sensitive properties (i.e. residential dwellings) of dust, noise and vibration from the proposed development. The use of British Standard BS 5228: Part 1:2009 'Noise and Vibration Control on Construction and Open Sites' and BRE Publication BR456 (February 2003) 'Control of Dust from Construction and Demolition Activities' or applicable updated versions shall be referred to and complied with, where applicable. Once approved the construction of the development on the site shall be undertaken entirely in accordance with the provision of the approved Scheme. Any amendment to such a Scheme will require the prior written approval of the planning authority following appropriate consultation. The developer should employ best practice measures defined under the Control of Pollution Act 1974 to minimise noise and vibration arising from operations, and all plant and machinery in use shall be properly silenced and maintained in accordance with manufacturing instruction.
8. Unless otherwise approved in writing by Fife Council as planning authority, the normal working hours for construction activities within the site shall be restricted to Monday to Friday between 07:00 to 18:00, 09:00 to 13:00 on a Saturday and at no time on a Sunday or a Bank or Public Holiday. No commercial vehicles associated with construction work shall enter or leave the site before 07:00 and after 18:00 Monday to Friday; before 09:00 and after 13:00 on a Saturday and at any time on a Sunday or a Bank or Public Holiday. Out

with these hours, development at the site shall be limited to maintenance, emergency works, or, construction work that is not audible from any noise sensitive property out with the site.

9. PRIOR TO THE PLANT BECOMING OPERATIONAL, the construction and delineation of the parking, manoeuvring, servicing, turning and access driveway areas shall all be completed to the satisfaction of Fife Council as planning authority, and thereafter retained for the lifetime of the development. Exact details of the surface material for these areas shall be submitted for the written approval of Fife Council as planning authority PRIOR TO THE CARRYING OUT OF THE SURFACING WORKS.
10. PRIOR TO THE PLANT BECOMING OPERATIONAL, all works which form part of the sound attenuation scheme as specified in the Noise Impact Assessment, dated September 2018, produced by Arcus, shall be completed. Thereafter, and within 3 months of the development becoming operational, an acoustic report shall be submitted by the developer to Fife Council as planning authority demonstrating that the noise generated by the operating plant has met or is within the noise parameters set out in the aforementioned assessment. If it cannot be demonstrated that the noise levels specified in the aforementioned Noise Impact Assessment have been achieved then the development hereby approved shall cease to operate until a further noise mitigation scheme has been submitted to, and approved in writing by, Fife Council as planning authority, incorporating further measures to achieve those noise levels. All works comprised within those further measures as approved by the planning authority shall be completed and written evidence to demonstrate that the aforementioned noise levels have been achieved shall be submitted and the operation of the development shall not recommence until this condition has been complied with in full. For the avoidance of doubt, the total noise from all plant, machinery or equipment shall be such that any associated noise complies with NR 25 in bedrooms, during the night; and NR 30 during the day in all habitable rooms, when measured within any noise sensitive property, with windows open for ventilation. For the avoidance of doubt, day time shall be 07:00-23:00hrs and night time shall be 23:00-07:00hrs.
11. The development hereby approved shall be installed as per the approved details, including (but not limited to) the specification of the engines and generators, thermal input, supporting infrastructure (including flue stack, intercooler equipment and building dimensions), emission abatement (where applicable), maintenance schedule and any other plant and machinery forming part of the air management system unless otherwise agreed in writing in advance with Fife Council as planning authority. Any request to vary the approved details shall be supported with the relevant supporting information to the proposed change including (but not limited to) an Air Quality Impact Assessment, full details of the changes to the specification of the items proposed to be amended. For the avoidance of doubt, Fife Council as planning authority reserve the right to require the submission of a detailed planning application in the event it deems the revision (or cumulative revisions) to be too significant to be approved via this condition. Furthermore, no additional engines and/or generators may be considered via this condition.
12. NO DEVELOPMENT SHALL COMMENCE ON SITE until the risk of actual or potential land contamination at the site has been investigated and a Preliminary Risk Assessment (Phase I Desk Study) has been submitted by the developer to and approved in writing by the planning authority. Where further investigation is recommended in the Preliminary Risk Assessment, no development shall commence until a suitable Intrusive Investigation (Phase II Investigation Report) has been submitted by the developer to and approved in writing by the planning authority. Where remedial action is recommended in the Phase II Intrusive Investigation Report, no development shall commence until a suitable Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures.

All land contamination reports shall be prepared in accordance with CLR11, PAN 33 and the Council's Advice for Developing Brownfield Sites in Fife documents or any subsequent revisions of those documents. Additional information can be found at www.fifedirect.org.uk/contaminatedland.

- 13.
14. IN THE EVENT THAT CONTAMINATION NOT PREVIOUSLY IDENTIFIED by the developer prior to the grant of this planning permission is encountered during the development, all development works on site (save for site investigation works) shall cease immediately and the planning authority shall be notified in writing within 2 working days.

Unless otherwise agreed in writing with the local planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority or (b) the planning authority has confirmed in writing that remedial measures are not required. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed in accordance with the approved Remedial Action Statement. Following completion of any measures identified

in the approved Remedial Action Statement, a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by the local planning authority.

15. BEFORE ANY WORKS (INCLUDING CONSTRUCTION) START ON SITE, a scheme of landscaping for the site shall be submitted for the prior written approval of Fife Council as planning authority. Thereafter, the approved scheme of landscaping shall be implemented within the first planting season following the completion or commissioning of the development, whichever is the sooner. For the avoidance of doubt, new native planting along the northern site boundary shall form part of the landscaping scheme.
16. All planting carried out on site shall be maintained by the developer in accordance with good horticultural practice for a period of 5 years from the date of planting. Within that period, any plants which are dead, damaged, missing, diseased or fail to establish shall be replaced annually.
17. PRIOR TO THE COMMENCEMENT OF DEVELOPMENT, the developer shall submit, details and specifications of the protective measures necessary to safeguard the trees and shrubs on or immediately adjacent to the site during the development phase. This planning authority shall be formally notified in writing, including photographs of these measures, of the completion of such measures and no work on site that affects identified trees shall commence until the planning authority has confirmed in writing that the measures as implemented are acceptable. The protective measures shall be retained in a sound and upright condition throughout the demolition and development operations and no building materials, soil or machinery shall be stored in or adjacent to the protected area, including the operation of machinery.
18. No tree works or scrub clearance shall occur on site from 1st March through to 31st August each year unless otherwise agreed in writing with this planning authority prior to clearance works commencing. In the event that clearance is proposed between 1st March to 31st August, a suitable bird survey shall be carried out by a suitably qualified ecologist covering the proposed clearance area and shall be submitted to and approved in writing by this planning authority before those clearance works commence. Once written approval has been given the works themselves should be carried out within a specified and agreed timescale as per the agreed methodology.
19. Surface water from the site shall be dealt with using Sustainable Urban Drainage System techniques as advocated in The SuDS Manual (CIRIA C753, 2015) or any subsequent revision. Full details of the methods to be employed, including where appropriate calculations, along with details of how these measures will be maintained shall be submitted for approval in writing by this planning authority PRIOR TO THE COMMENCEMENT OF WORKS ON SITE. These details shall be in full compliance with the information requirements set out in Fife Council's Design Criteria Guidance on Flooding and Surface Water Management Plan Requirements (2022) or any subsequent revision.
20. BEFORE the site becomes operational, a Simple Calculation of Atmospheric Impact Limits (SCAIL) modelling of potential air pollution impacts on ecological receptors/designated ecological sites shall be submitted for the prior written approval with Fife Council as planning authority in consultation with SNH and SEPA. For the avoidance of doubt, the modelling shall include the potential impacts of nitrogen oxides (NO_x: NO and NO₂) and sulphur dioxide (SO₂) emissions on sensitive habitat sites within a 15km radius of the application site.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. In the interests of ensuring this non-renewable energy generator is of a temporary nature and that this Planning Authority has the opportunity to review the circumstances pertaining to the consent.
3. To ensure neighbours are kept informed of operations.
4. In the interests of visual amenity; to ensure that the external finishing materials are appropriate to the character of the area.
5. In the interest of road safety; to ensure the provision of adequate parking facilities for vehicles.
6. To protect the amenity of neighbours and to ensure that there is no adverse effect on wildlife in the surrounding area.
7. In the interests of safeguarding the amenity of adjoining and nearby residents.
8. In the interests of safeguarding the amenity of adjoining and nearby residents; to ensure construction activities are not undertaken at times that are likely to result in significant noise and vibration disturbance or dust

generating nuisance to neighbouring occupiers.

9. In the interest of road safety; to ensure the provision of an adequate design layout and construction.
10. In the interests of safeguarding the amenity of nearby residents; to ensure the operational noise meets the agreed standards and is monitored.
11. In the interests of residential amenity and public safety; to protect air quality.
12. To ensure potential risk arising from previous land uses has been investigated and any requirement for remedial actions is suitably addressed.
13. To provide satisfactory verification that remedial action has been completed to the planning authority's satisfaction.
14. To ensure all contamination within the site is dealt with.
15. In the interests of visual amenity and to ensure a satisfactory standard of local environmental quality.
16. In the interests of visual amenity and effective landscape management.
17. In the interests of visual amenity and effective landscape management; to ensure that adequate measures are put in place to protect the landscaping and planting in the long term.
18. In order to avoid disturbance during bird breeding seasons.
19. To ensure the site is drained in an acceptably sustainable manner and the drainage infrastructure is properly maintained.
20. In the interests of protecting ecological assets.

Proposal: Installation of external ducts
Location: 51 High Street Kirkcaldy Fife KY1 1LL
Applicant: Mr Hasan Dogan 51 High Street Kirkcaldy Fife KY1 1LL
Agent: Ken Smith Kers House 7 Claremont Park Edinburgh Scotland EH6 7PJ

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. The development hereby approved shall be implemented in accordance with the plan(s) stamped as forming part of this permission including the recommendations made in the Noise Impact Assessment unless a variation is required by a condition of the permission, or a non-material change has been agreed in writing by the Planning Authority. The works shall be implemented within 3 months of the date of this consent.
3. Within 3 months of the date of this consent, the developer shall provide written evidence to the Planning Authority to demonstrate that predicted noise levels as calculated in the approved Noise Impact Assessment have been achieved at all adjoining and neighbouring residential premises. If levels predicted in the report are unacceptable, the applicant is to agree in writing with the Planning Authority any additional mitigation measures required to ensure amenity of all adjoining residential premises are protected.
4. Unless otherwise approved in writing by Fife Council as Planning Authority, the normal working hours for construction activities within the site shall be restricted to Monday to Friday between 8.00am to 6.00pm, 8.00am to 1.00pm on a Saturday and at no time on a Sunday or a Bank Holiday. No commercial vehicles associated with construction work shall enter or leave the site before 8.00am and after 6.00pm Monday to Friday; before 8.00am and after 1.00pm on a Saturday and at any time on a Sunday or a Bank Holiday. Out with these hours, development at the site shall be limited to maintenance, emergency works, or construction work that is not audible from any noise sensitive property out with the site.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. To ensure that the development is carried out in accordance with the approved plans unless otherwise agreed.
3. In the interests of safeguarding the amenity of adjoining and nearby residents
4. In the interests of safeguarding the amenity of adjoining and nearby residents; to ensure construction activities are not undertaken at times that are likely to result in significant noise and vibration disturbance or dust generating nuisance to neighbouring occupiers.

105 **Application No:** 22/02962/FULL

Date Decision Issued: 14/12/2022

Ward: Kirkcaldy Central

Proposal: Installation of solar panels to front elevation roof of dwellinghouse

Location: Scamadale 6 West Fergus Place Kirkcaldy Fife KY1 1UR

Applicant: Mrs Yvonne Ryan Scamadale 6 West Fergus Place Kirkcaldy KY1 1UR

Agent:

Application Refused

Reason(s):

1. In the interests of preserving the visual quality of this traditional building and the character and setting of the Abbotshall and Central Kirkcaldy Conservation Area; the solar panels would be visually harmful due to their modern appearance, prominent location and number of panels to a roof which forms an integral part of the traditional appearance of the building, all of which is visible from the surrounding area and the wider context of the Abbotshall and Central Kirkcaldy Conservation Area. This would be contrary to policies 1, 10 and 14 of the Adopted FifePlan (2017), and the wider national objectives of Section 64 of the Planning (Listed Buildings and Conservation Areas) (Scotland) Act 1997, Scottish Planning Policy (2014) (Valuing the Historic Environment), Historic Environment Scotland's Historic Environment Policy for Scotland (2019), Historic Environment Scotland's Managing Change in the Historic Environment - Micro-renewables (2016).

Agent: Iain Mitchell Quayside House Dock Road Methil Dock Business Park Methil Fife Scotland KY8 3SR

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. The total noise from all plant, machinery or equipment shall be such that any associated noise complies with NR 25 in bedrooms, during the night; and NR 30 during the day in all habitable rooms, when measured within any noise sensitive property, with windows open for ventilation.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. In the interests of safeguarding the residential amenity of the owners and the neighbouring properties.

Ward: Leven, Kennoway And Largo
Proposal: Planning Permission in Principle for erection of dwellinghouse and formation of access.
Location: Land 100M North Of Lundin View And West Of Cupar Road Leven Fife
Applicant: R. Todd And Co. Blacketyside Farm Leven Scotland KY8 5XP
Agent: Jane Wardrop Cupar Business Centre East Road Cupar Scotland KY15 4SX

Application Refused

Reason(s):

1. In the interests of safeguarding the countryside from unplanned, sporadic and unjustified residential development; the need in principle for a residential development in this location is not considered fully justified as the application would have a significant detrimental impact on the road safety in this location and would therefore be contrary to Scottish Planning Policy (2014); Policies 1, 3 and 10 of the Adopted FIFEplan - Fife Local Development Plan (2017); and, Appendix G (Transportation Development Guidelines) of Making Fife's Places Supplementary Guidance (2018).
2. In the interests of securing adequate road safety levels, the proposed private unadopted access is considered to be unsuitable for serving a development of this type as the proposed access would involve the the formation of new vehicular accesses on an unrestricted distributor roads that is outwith an established built up area. The type of accesses propsoed at that location would introduce, or increase, traffic turning manoeuvres that conflict with through traffic movements and so increase the probability of crashes occurring, to the detriment of road safety. Adequate sightlines required for this proposed access cannot therefore be provided in this location. As a result, this would be detrimental to the safety and convenience of pedestrians and road users and would have a significant detrimental impact on road safety and would therefore be contrary to Scottish Planning Policy ~(2014); Policies 1, 3 and 10 of the Adopted FIFEplan - Fife Local Development Plan (2017); and, Appendix G (Transportation Development Guidelines) of Making Fife's Places Supplementary Guidance (2018).

Agent: Euan Miller Suite 2 Abtel Building Pitreavie Business Park Pitreavie Drive
Dunfermline KY11 8US

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. Prior to the outbuilding coming into use, the extended access driveway shall be constructed at a gradient not exceeding 1 in 10 (10%) and shall have appropriate vertical curves to ensure adequate ground clearance for vehicles. The first two metre length of the driveway to the rear of the public footway shall be constructed in a paved material (not concrete slabs).
3. Prior to the outbuilding coming into use, there shall be provided within the curtilage of the site a turning area for a car. The turning area shall be formed as per the layout shown on Drawing No 22-03119 (1) - 1 and shall be retained through the lifetime of the development.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. In the interest of road safety; to ensure the provision of an adequate design layout and construction.
3. In the interest of road safety; to ensure that all vehicles taking access to and egress from the site can do so in a forward gear.

Applicant: Devonshaw Ltd St Andrews Holiday Estate Knockhill of Nydie Strathkinness St Andrews Scotland KY16 9SL
Agent: David Queripel Eden Park House Eden Park Cupar Scotland KY15 4HS

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. Prior to any works starting on site, visibility splays of 4.5m x 210m shall be provided to the East and to the West of the vehicular access onto the adopted public classified road and maintained in perpetuity, clear of all obstructions exceeding 1.05 metres above the adjoining carriageway level, in accordance with the current Fife Council Transportation Development Guidelines. For the avoidance of any doubt, the Whin bushes and vegetation growth within the roadside verge on the opposite side to the development site to the West, will require to be removed or cut back.
3. Prior to the occupation of the first unit, the first 6 metres of the access at the exit of the caravan site behind the adjoining public road shall be paved to prevent deleterious material (e.g. loose chippings) being carried onto the public road.
4. Prior to the occupation of each unit there shall be 1 No. off street parking spaces provided for that unit in accordance with the current Fife Council Transportation Development Guidelines.
5. Prior to the occupation of the first unit, there shall be provided within the curtilage of the site a turning area for vehicles suitable for use by the largest size of vehicle expected to visit or be used by occupants of the premises to allow a vehicle to enter and exit the driveway in a forward gear. The turning area shall be formed outwith the parking areas and shall be retained throughout the lifetime of the development.
6. PRIOR TO ANY DEVELOPMENT COMMENCING the ecological mitigation measures as specified within the submitted ecological impact assessment report (Plan Reference -12) shall be carried out in full unless otherwise agreed in writing with Fife Council as Planning Authority.
7. PRIOR TO ANY DEVELOPMENT COMMENCING, a scheme of landscaping indicating the siting, numbers, species and heights (at time of planting) of all trees and hedges to be planted shall be submitted for approval in writing by Fife Council as Planning Authority. The landscaping shall be designed to mitigate the visual impact of the site from public views. The scheme as approved shall be implemented within 3 months of the first planting season following the occupation of the first dwellinghouse unless otherwise agreed in writing with Fife Council as Planning Authority. All planting carried out on site shall be maintained by the developer in accordance with good horticultural practice for a period of 5 years from the date of planting. Within that period any plants which are dead, damaged, missing, diseased or fail to establish shall be replaced annually.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. In the interest of road safety; to ensure the provision of adequate visibility at the junctions of the vehicular access and the public road.
3. In the interest of road safety; to eliminate the deposit of deleterious material on public roads.
4. In the interest of road safety; to ensure the provision of adequate off-street parking facilities.
5. In the interest of road safety; to ensure that all vehicles taking access to and egress from the site can do so in a forward gear.

6. In the interests of protecting and safeguarding the natural environment.
7. In the interest of visual amenity and biodiversity enhancement; to ensure the development has no significant visual impact on its countryside setting and that a biodiversity enhancement programme is provided.

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. IN THE EVENT THAT CONTAMINATION NOT PREVIOUSLY IDENTIFIED by the developer prior to the grant of this planning permission is encountered during the development, all development works on site (save for site investigation works) shall cease immediately and the planning authority shall be notified in writing within 2 working days.

Unless otherwise agreed in writing with the local planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority or (b) the planning authority has confirmed in writing that remedial measures are not required. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed in accordance with the approved Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement, a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by the local planning authority.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. To ensure all contamination within the site is dealt with.

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. All new replacement masonry stone shall match the stone type and colour of the existing stone wall masonry.
3. FOR THE AVOIDANCE OF DOUBT, and notwithstanding what is shown on approved drawing 02, the pattress plates as detailed on approved drawing 08 shall be used on the wall and shall be painted a non-gloss heritage colour to match the colour of the existing stone masonry upon installation and thereafter be maintained in perpetuity.
4. FOR THE AVOIDANCE OF DOUBT, should underpinning works or other structural works to the leaning column as identified on approved drawing 03 be required to stabilise this column, these proposed works shall be fully specified and submitted to this Planning Authority for the written approval in writing of this Planning Authority.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. In the interest of visual amenity; to ensure that any new replacement stone does not detract from the character and appearance of this Category B Listed Boundary Wall.
3. In the interest of visual amenity; to ensure that any new fixtures to the boundary wall do not detract from the character and appearance of this Category B Listed Boundary Wall.
4. In the interest of visual amenity; to ensure that any structural works to this column do not detract from the character and appearance of this Category B Listed Boundary Wall.

Proposal: Installation of shutter (retrospective)

Location: Aero Cafe 10 Main Street Leuchars St Andrews Fife KY16 0HN

Applicant: Mr P Borrello Aero Cafe 10 Main Street Leuchars St Andrews Fife KY16 0HN

Agent: David Dow Weavers Cottage High Street Ceres UK KY15 5NF

Refusal/Enforcement Action

Reason(s):

1. In the interests of protecting the character and visual amenity of the area, the proposed roller shutters and the box storage units by virtue of their overall scale, inappropriate design, external finish and closed/non-public visual appearance outwith the premises operating hours; are considered too large, overbearing, industrial looking in an open mixed use setting and therefore impact negatively upon the building's historic character and the wider Leuchars streetscape character. As such the development is considered contrary to Scottish Planning Policy (2014); Policies 1, 10 and 14 of the Adopted FIFEplan (2017); Fife Council's Making Fife's Places - Supplementary Guidance (2018), and Fife Council's Planning Customer Guidelines on Shop Front Design Guidelines (2016).

Ward: Tay Bridgehead**Proposal:** Change of use from lock up garages to dwellinghouse**Location:** Garage Nos 1-3 Site 1 Dougall Street Tayport Fife**Applicant:** Mr T John-Pierre 3/R 134 Albert Street Dundee Scotland DD4 6QN**Agent:** JON FRULLANI 140 Perth Road Dundee United Kingdom DD1 4JW**Application Permitted with Conditions****Approve** subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. IN THE EVENT THAT CONTAMINATION NOT PREVIOUSLY IDENTIFIED by the developer prior to the grant of this planning permission is encountered during the development, all development works on site (save for site investigation works) shall cease immediately and the planning authority shall be notified in writing within 2 working days.

Unless otherwise agreed in writing with the local planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority or (b) the planning authority has confirmed in writing that remedial measures are not required. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed in accordance with the approved Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement, a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by the local planning authority.

3. Prior to the occupation of the proposed dwellinghouse, the first 2 metres of the vehicular access behind the adjoining public footway shall be constructed in a paved material (not concrete slabs).
4. Prior to the occupation of the proposed dwellinghouse there shall be 2 No. off street parking spaces provided for that dwellinghouse as shown on Drawing No. 6646 - 303 (04A - Proposed Floor Plans and Elevations) in accordance with the current Appendix G (Transportation Development Guidelines) of Making Fife's Places. The parking spaces shall be retained throughout the lifetime of the development for the purposes of off street parking.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. To ensure all contamination within the site is dealt with.
3. In the interest of road safety; to ensure that no deleterious material is dragged on to the public road.
4. In the interest of road safety; to ensure the provision of adequate off-street parking facilities.

Applicant: Mr Lee Chisholm 25 Priory Road Gauldry Newport On Tay Fife DD6 8RT
Agent: JON FRULLANI 140 Perth Road Dundee United Kingdom DD1 4JW

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. The studio shall only be used for purposes, which are incidental to the enjoyment of the dwellinghouse and no trade or business shall be carried out therefrom.
3. BEFORE THE NEW PARKING LAYOUT AND ACCESS IS BROUGHT INTO USE, the existing vehicular access shall be permanently closed off as shown on approved drawing 03A - PROPOSED SITE PLAN, and FOR THE AVOIDANCE OF DOUBT, the new revised parking area shall provide 3 off-street parking spaces in accordance with the current Fife Council Transportation Development Guidelines and be thereafter maintained and kept available as such.
4. BEFORE THE REAR SUNROOM EXTENSION AND ASSOCIATED RAISED PATIO ARE BROUGHT INTO USE, a 1.6 metre high privacy screen shall be installed as shown on approved drawings 07A and 08B and thereafter be permanently maintained.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. The location of the studio renders it unsuitable for commercial use.
3. In the interests of road safety and to ensure adequate provision of off-street car parking.
4. In the interests of safeguarding the privacy and amenity of the neighbouring property.

Location: Redcraigs Nursery Redcraigs Toll Dunfermline Fife KY12 9LS
Applicant: Ms Gillian Heyes Redcraigs Nursery Redcraigs Toll Dunfermline Fife KY12 9LS

Agent:**Application Permitted with Conditions****Approve** subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. BEFORE ANY WORKS BEGIN ON SITE, the following details shall be submitted for the approval in writing of the Planning Authority:-
 - Full details and specification of all surface finishing materials to be used on the house including roof finish, wall finish, window details, base courses, rainwater goods and doors.
 - A further plan at a 1:1250 scale delineating a garden curtilage to the dwelling house and showing details of any boundary treatments to be used therein
 - A further plan at a 1:1250 scale detailing all trees that will require to be removed as a consequence of the development. The plan shall also indicate where compensatory trees will be planted in the vicinity of the house with details given as to the species and heights of said replacements.
3. FOR THE AVOIDANCE OF DOUBT, the existing temporary static caravan currently serving as the residential accommodation to the site, shall be wholly removed and the site restored to open ground by the date of OCCUPATION OF THE DWELLINGHOUSE PERMITTED BY THIS CONSENT.
4. Prior to the occupation of the dwelling, the existing vehicular crossing of the verge shall be upgraded so that it has a minimum width of 5 metres with 6 metre radii and shall have appropriate measures to intercept surface water run-off, prior to it reaching the public road. These works shall be constructed in accordance with the current Fife Council Making Fifes Places Appendix G
5. Prior to the occupation of the dwelling, the access driveway shall be reconstructed to have a minimum throat width of 5 metres for a 10 metre length measured from the B914 road channel line and the first 5 metre length of the access to the rear of the public road channel line shall be formed level with the public road channel.
6. Prior to the occupation of the dwelling, there shall be provided within the curtilage of the site a turning area for a car. The turning area shall be formed outwith the parking areas and shall be retained through the lifetime of the development.
7. Prior to the occupation of the dwelling, visibility splays 3m x 180m shall be provided and maintained clear of all obstructions exceeding 1 metre in height above the adjoining road channel level, at the junction of the vehicular access and the public road, in accordance with the current Fife Council Making Fifes Places Appendix G. The visibility splays shall be retained through the lifetime of the development
8. Prior to the occupation of the dwelling, there shall be provided within the curtilage of the site 3 parking spaces for vehicles in accordance with the current Fife Council Making Fifes Places Appendix G. The parking spaces shall be retained through the lifetime of the development.
9. The residential unit provided on the site shall be used solely as a residence for (a) a single person or by people living together as a family; or, (b) not more than 5 unrelated residents living together in a dwellinghouse; or, (c) not more than 2 unrelated residents living together in a flat. For the avoidance of doubt none of the residential units hereby approved shall be used for Housing in Multiple Occupation.
10. Before any development starts on site, a Low Carbon Checklist and full details of the proposed renewable energy generating technology (including manufacturer's details) shall be submitted to, and approved in writing by, Fife Council as Planning Authority. Thereafter, the development shall be carried out in the accordance with

the approved details and retained and maintained for the lifetime of the development.

The checklist can be downloaded directly from https://fifedirect.org.uk/uploadfiles/publications/c64_LowCarbonChecklist.docx

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. To ensure that the detail of the design is appropriate to the character of the area.
3. To ensure that the site is served by one only residential unit as defined by Class 9 of the current Use Class Order, Scotland.
4. In the interest of road safety; to ensure the provision of an adequate design layout and construction.
5. In the interest of road safety; to ensure the provision of an adequate design layout and construction.
6. In the interest of road safety; to ensure that all vehicles taking access to and egress from the site can do so in a forward gear.
7. In the interest of road safety; to ensure the provision of adequate visibility at the junctions of the vehicular access with the public road.
8. In the interest of road safety; to ensure the provision of adequate off-street parking facilities.
9. In the interests of maintaining a mixed and balanced housing stock as required by Policy H3 of the Adopted Dunfermline and West Fife Local Plan 2012.
10. In the interests of sustainable development; to ensure the development complies with FIFEplan Policy 11: Low Carbon Fife.
