Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. NO BUILDING SHALL BE OCCUPIED UNTIL remedial action at the site has been completed in accordance with the approved Remedial Action Statement (Document 11 - McGregor McMahon Geo-Environmental Remediation Strategy April 2021). In the event that remedial action is unable to proceed in accordance with the approved Remedial Action Statement - or contamination not previously considered in either the Preliminary Risk Assessment or the Intrusive Investigation Report is identified or encountered on site - all development work on site (save for site investigation work) shall cease immediately and the planning authority shall be notified in writing within 2 working days. Unless otherwise agreed in writing with the local planning authority, development works shall not recommence until proposed revisions to the Remedial Action Statement have been submitted by the developer to and approved in writing by the planning authority. Remedial action at the site shall thereafter be completed in accordance with the approved revised Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement - or any approved revised Remedial Action Statement - a Verification Report shall be submitted by the developer to the local planning authority.

Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement - or the approved revised Remedial Action Statement - and a Verification Report in respect of those remedial measures has been submitted to and approved in writing by the local planning authority.

3. Before any dwellinghouse is occupied, full details of all biodiversity enhancement measures shall be submitted to Fife Council as Planning Authority for prior written approval. The approved measures shall then be installed on site in full, before each respective house is occupied. For avoidance of doubt, the biodiversity enhancement measures can include but may not be limited to native species-rich hedgerows, integrated bat roost boxes and integrated bird nesting boxes.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. To provide satisfactory verification that remedial action has been completed to the planning authority's satisfaction.
3. In the interest of securing biodiversity enhancement measures.

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. PRIOR TO THE OCCUPATION OF EACH DWELLINGHOUSE HEREBY APPROVED, the respective access driveways shall be constructed at a gradient not exceeding 1 in 10 (10%) and shall have appropriate vertical curves to ensure adequate ground clearance for vehicles.
3. PRIOR TO THE OCCUPATION OF EACH DWELLINGHOUSE HEREBY APPROVED, there shall be provided within the curtilage of Plot 2A two parking spaces for vehicles and 3 parking spaces shall be provided within the curtilage of Plot 2B, all in accordance with the current Fife Council Making Fife's Places Appendix G and as per the layout shown on Approved Drawing No (--)001C (Fife Council Reference 02). The parking spaces shall thereafter be retained for the lifetime of the development.
4. Prior to the occupation of the first dwellinghouse, confirmation that the approved SUDS has been constructed in line with current best practice shall be submitted to Fife Council. The required confirmation shall comprise the submission of a completed and signed Appendix 6 of Fife Council's Design Criteria Guidance on Flooding and Surface Water Management Plan Requirements.
5. BEFORE ANY DEVELOPMENT STARTS ON SITE, an Arboricultural Method Statement (AMS) shall be submitted for the written approval of Fife Council as Planning Authority. This shall provide the following:
 - A scheme of tree protection measures to protect the trees surrounding the site during construction;
 - A no dig solution specification, methodology and locations for use; shall be submitted and approved in writing by Fife Council as Planning Authority;
 - Special precaution measures.

The development shall be implemented in accordance with the details approved through this condition. FOR THE AVOIDANCE OF DOUBT, no works shall commence on site until the AMS has been agreed in writing by Fife Council as Planning Authority.

6. Vegetation removal shall not take place at any time between March and August (inclusive) in any calendar year unless otherwise agreed in writing with the Planning Authority.
7. The dwellinghouses hereby approved shall be used solely as a residence for (a) a single person or by people living together as a family; or, (b) not more than 5 unrelated residents living together in the dwellinghouse. For the avoidance of doubt neither of the dwellinghouses hereby approved shall be used for Housing in Multiple Occupation.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. In the interest of road safety; to ensure the provision of an adequate design layout and construction.
3. In the interest of road safety; to ensure the provision of adequate off-street parking facilities.
4. To ensure the approved SUDS infrastructure has been constructed in accordance with the approved plans and in accordance with current best practice.

5. In the interests of protecting the trees surrounding the site.
6. In the interests of ecology, to minimise potential disruption within the bird nesting season.
7. In the interests of maintaining a mixed and balanced housing stock as required by Policies 1 and 2 of the Adopted FIFEplan 2017.

Proposal: Erection of 5 dwellinghouses with associated access, parking and infrastructure

Location: Land At Former Mourn House Fife

Applicant: Davidson-Baxter-partnership-Ltd 108 St Clair Street Kirckaldy United Kingdom KY1 2BD

Agent: Stewart Davidson 108 St Clair Street Kirkcaldy United Kingdom KY1 2BD

Application Refused

Reason(s):

1. In the interest of safeguarding the countryside from unjustified sporadic residential development; the site relates to naturalised land and the need for new dwellinghouses at this location is not considered to be justified as the application site lies outwith any defined settlement boundary and does not meet the policy intent of the Development Plan. The proposal is therefore contrary to Policies 9, 16, 17 and 29 of National Planning Framework 4 (2023) and Policies 1, 2, 7 and 8 of the Adopted FIFEplan (2017).
2. In the interests of visual amenity and safeguarding the rural character of the Local Landscape Area; the proposed dwellinghouses would be in an isolated position and would visually encroach on the rural nature of the site and its context, to the detriment of visual quality of Cullaloe Hills and Coast Local Landscape Area and its countryside setting. The proposal is therefore contrary to Policies 4, 14, 17 and 29 of National Planning Framework 4 (2023), Policies 1, 7, 8, 10, 11 and 13 of the Adopted FIFEplan (2017) and Making Fife's Places Supplementary Guidance (2018).
3. In the interests of road safety; it is considered that there is insufficient information submitted to enable a full assessment to be carried out to fully assess the road safety implications of the proposed residential development. The proposal is therefore contrary to Policies 13 and 14 of NPF4, Policies 1, 3 and 10 of the Adopted Local Plan and Making Fife's Places Supplementary Guidance - (Appendix G - Fife Council's Transportation Development Guidelines).
4. In the interests of safeguarding natural heritage assets; it is considered that there is insufficient information, by way of the lack of ecological studies to allow a full assessment of the proposal to be carried out with regards to natural heritage assets. The proposal is therefore contrary to Policies 3 and 4 of National Planning Framework 4 (2023), Policies 1 and 13 of the Adopted FIFEplan (2017) and Making Fife's Places Supplementary Guidance (2018).

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. A further application(s) for certain matters (Approval of Matters Required by Condition) shall be submitted for the requisite approval of this Planning Authority, together with the detailed plans which shall include:-
 - (a) A location plan of all the site to be developed to a scale of not less than 1:2500, showing generally the site, any existing trees, hedges, walls (or other boundary markers) layout of the roads and sewers, and the position of all buildings;
 - (b) A detailed plan to a scale of not less than 1:500 showing the site contours, the position and width of all proposed roads and footpaths including public access provision, the siting of the proposed buildings, finished floor levels, new walls and fences and details of proposed boundary treatments;
 - (c) Detailed plans, sections and elevations of all buildings proposed to be erected on the site, together with details of the proposed method of drainage and the colour and type of materials to be used externally on walls and roofs;
 - (d) A tree survey to be carried out by a qualified arboriculturist of all trees existing on the site and all trees adjacent to or overhanging the site and details of those trees proposed to be felled or lopped and those to be retained. The survey shall contain details of the position, canopy spread, bole diameters, health, size and species of all trees within the curtilage of the site;

No work shall be started on site until the written permission of this Planning Authority has been granted for these proposals, or such other details as may be acceptable.
2. The detailed plans required by condition 1 of the consent shall clearly illustrate, in cross-section form, the existing ground level, the extent of any underbuilding, the finalised floor level of the proposed development in relation to the levels of adjacent land and buildings (including windows of buildings within 18 metres) and any intervening existing or proposed screening (walls or fences). The floor levels shall clearly relate to a Fixed Datum Point on or nearby the site such as a road or pavement, which shall be identified on the submitted plans.
3. BEFORE ANY WORKS START ON SITE, the developer shall submit, details and specifications of the protective measures necessary to safeguard the trees on the site during (demolition) (development) operations. This Planning Authority shall be formally notified in writing of the completion of such measures and no work on site shall commence until the Planning Authority has confirmed in writing that the measures as implemented are acceptable. The protective measures shall be retained in a sound and upright condition throughout the demolition/development operations and no building materials, soil or machinery shall be stored in or adjacent to the protected area, including the operation of machinery.
4. Prior to the first occupation of the proposed dwellinghouse, there shall be off street parking spaces provided within the curtilage of the site to accommodate the new dwellinghouse in accordance with the current Fife Council Parking Standards and thereafter the parking spaces shall be maintained and kept available throughout the lifetime of the development.
5. Prior to the first occupation of the proposed dwellinghouse, there shall be provided within the curtilage of the development site, a turning area for vehicles suitable for use by the largest size of vehicle expected to visit or be used by the occupants of the premises to allow a vehicle to enter and exit the driveway in a forward gear. The turning area shall be formed outwith the parking areas.
6. Prior to the first occupation of the proposed dwellinghouse, the access driveway shall be constructed at a gradient not exceeding 1 in 10 (10%) and shall have appropriate vertical curves to ensure adequate ground clearance for vehicles. For the avoidance of doubt, the first two metre length of the driveway to the rear of the

public footway/road/verge shall be constructed in a paved material (not concrete slabs).

Reason(s):

1. To be in compliance with Section 59 of The Town and Country Planning (Scotland) Act 1997.
2. In the interests of residential and visual amenity; (a) to ensure that there is no significant detrimental impact on adjacent properties and (b) to avoid excessive underbuilding.
3. In order to ensure that no damage is caused to the existing trees during (demolition and) development operations.
4. In the interest of road safety: to ensure adequate provision of off-street car parking.
5. In the interest of road safety: to ensure that vehicles can enter and exit the site in a forward gear.
6. In the interest of road safety; to ensure the provision of an adequate design layout and construction and to avoid severe gradients which would render the driveways unsuitable for vehicular use and to ensure that no deleterious material is dragged on to the public road.

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. IN THE EVENT THAT CONTAMINATION NOT PREVIOUSLY IDENTIFIED by the developer prior to the grant of this planning permission is encountered during the development, all development works on site (save for site investigation works) shall cease immediately and the planning authority shall be notified in writing within 2 working days.

Unless otherwise agreed in writing with the local planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority or (b) the planning authority has confirmed in writing that remedial measures are not required. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed in accordance with the approved Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement, a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by the local planning authority.

Application Refused

Reason(s):

1. In the interests of design and visual amenity; the proposed fencing by virtue of its form, height and prominent position are considered to be out of character with the low level boundary treatments and open nature of the neighbouring front gardens, which defines the area. The proposal is therefore considered to create an adverse impact on the visual amenity of the property as well as the streetscene in general and would set an unacceptable precedent for similar developments. The proposal is therefore contrary to the terms of Policy 16 of NPF4 (2023) and Policies 1 and 10 of the Adopted FIFEplan (2017).

Reason(s):

1. In the interests of visual and residential amenity; the proposal is contrary to policies 1 and 10 of the Adopted FIFEplan 2017, policy 14 and 16 of National Planning Framework 4 and Fife Council's Approved Planning Customer Guidelines on Home Extensions. The proposed extension in terms of its size, scale, form, massing and siting, would have an inappropriate and overdominant, overbearing impact, resulting in an adverse visual and residential amenity impact on the immediate neighbouring residential property to the east of the site.

Applicant: CK Hutchinson Networks (UK) Ltd. 450 Longwater Avenue Green Park Reading RG2 6GF

Agent: Robert Poulter 1A Station Court Station Road Guiseley LS20 8EY

Application Refused

Reason(s):

1. In the interests of preserving visual amenity; the monopole and ground based equipment would be positioned within a highly regarded and visible established recreational, residential, commercial and community use area, on an established and well used public footpath and the mast if approved would be clearly visible within the heart of the village of Thornton. The position and scale of the monopole and associated ground based cabinets would fail to address adequately the design recommendations laid down by PAN 62 - Radio Communications to ensure equipment is sensitively installed. It is for those reasons that prior approval under the terms of Class 67 of the Town and Country Planning (General Permitted Development) (Scotland) Order 1992 as amended by Amendment Order 2017 (23)(b) should be refused.

Application Refused

Reason(s):

1. In the interests of preserving the character and historical integrity of this Category C(S) Listed Building; the proposed installation of fourteen solar panels to the front elevation of this small semi-detached slate roof would be of a scale and modern appearance that would harm the overall character and have a detrimental visual impact on the appearance of this listed building and the setting of neighbouring listed properties. The installation of the solar panels could also cause harm to the fabric of the listed building and not enough information has been provided to show how damage would be mitigated and the listed building safeguarded. As such the proposals are contrary to policies 1, 10 and 14 of the Adopted FIFEplan (2017) and policy 7 of the National Planning Framework 4 (2023).

Applicant: Ms Alyson Anderson 57 Hill Street Ladybank Fife KY15 7RN

Agent: Gordon Morton Pine Lodge Cupar Road Ladybank Fife KY15 7RB

Application Refused

Reason(s):

1. In the interests of visual amenity; the four very similar house designs proposed, in overdevelopment of their respective plots, would impart an anomalous cramped appearance to the development, reading as incongruous within the rural landscape setting, to the detriment of landscape character and views, failing to safeguard the character and qualities of the landscape, and having a very significant detrimental impact on the visual amenity and quality of the area; all contrary to adopted National Planning Framework 4 (2023) policies 14 Design, Quality and Place, 17 Rural Homes and 29 Rural Development; and Policies 1: Development Principles, 10: Amenity and 13: Natural Environment and Access of the adopted FIFEplan Fife Local Development Plan (2017).
2. In the interests of residential amenity; the proposals failing to meet the plot ratio targets set out in Fife Council Planning Services' Garden Ground customer guidelines to a significant degree, such as would give rise to a significant detrimental impact on residential amenity, contrary to adopted National Planning Framework 4 (2023) policy 14: Design, Quality and Place; and Policies 1: Development Principles and 10: Amenity of the adopted FIFEplan Fife Local Development Plan (2017).
3. In the interests of safeguarding the development and the environment from flooding and flood risk and the ecological quality of the water environment; it has not been demonstrated that the development would not increase flooding or flood risk on site or elsewhere or detrimentally impact on the ecological quality of the water environment, contrary to adopted National Planning Framework 4 (2023) policies 1: Tackling the Climate and Nature Crises, 14: Design, Quality and Place and 22: Flood Risk and Water Management; and Policies 1: Development Principles, 10: Amenity and 12: Flooding and the Water Environment of the adopted FIFEplan Fife Local Development Plan (2017).

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. BEFORE ANY WORK STARTS ON SITE, final details of the finishes (including colour) of all buildings and structures to be erected on site, as hereby approved, shall be submitted for the prior written approval of Fife Council as Planning Authority.
3. PRIOR TO THE COMMISSIONING OF THE DEVELOPMENT HEREBY APPROVED, an Operational Lighting Scheme, specifying the detail of any artificial lighting to be used on site during the life of the planning permission hereby approved, shall be submitted for the prior written approval of Fife Council as Planning Authority. The Lighting Scheme should take cognisance of measures to protect existing natural habitats, such as the guidance contained within the "Bats and Lighting Guidance" document (ILP, 2018) <https://theilp.org.uk/publication/guidance-note-8-bats-and-artificial-lighting/>
4. Any trees that require to be planted, or transplanted, by virtue of the planning permission hereby granted shall be maintained over a period not less than 5 years from the date of approval of this planning permission to ensure that they remain in a healthy condition. Any trees which die or fail to properly establish within that period must be replaced by healthy specimens of similar size and species.
5. No development shall commence on site until Scottish Water has given their agreement for the site to connect to the public drinking water/foul water infrastructure. Written proof shall be submitted to Fife Council as Planning Authority for prior written approval, before any works commence on site.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. In the interests of amenity, to minimise the visual impact of the development in the landscape.
3. In the interests of residential amenity and ecology.
4. To ensure that any trees required to be planted, or transplanted, by virtue of this planning permission remain healthy and contribute to the agreed landscaping and ecological value of the development site in the long term.
5. In the interest of preserving existing infrastructure capacity; to ensure that the development does not have a negative impact on existing water infrastructure capacity.

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. IN THE EVENT THAT CONTAMINATION NOT PREVIOUSLY IDENTIFIED by the developer prior to the grant of this planning permission is encountered during the development, all development works on site (save for site investigation works) shall cease immediately and the planning authority shall be notified in writing within 2 working days.

Unless otherwise agreed in writing with the local planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority or (b) the planning authority has confirmed in writing that remedial measures are not required. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed in accordance with the approved Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement, a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by the local planning authority.

3. The total combined noise from all plant, machinery and equipment associated with the anaerobic digestion plant and CO2 recovery plant hereby approved shall be such that any associated noise complies with International Organization for Standardization (ISO) Noise Rating curve (NR) 25 in bedrooms, during the night; and NR 30 during the day in all habitable rooms, when measured within any noise sensitive property, with windows open for ventilation. If there is a discernible tone contained within the noise source, further noise reduction measures shall be employed and the maximum permissible NR curves shall be reduced to NR 20 and NR 25 respectively.

For the avoidance of doubt, day time shall be 0700-2300hrs and night time shall be 2300-0700hrs.

4. Prior to the first use of the approved CO2 recovery plant, the approved 4m x 25m acoustic timber barrier shall be erected along the northern site boundary as detailed on the approved block plan (Planning Authority ref. 03 - PROPOSED BLOCK PLAN) and thereafter retained in place for the lifetime of the development unless otherwise agreed in writing by the Planning Authority.

For the avoidance of doubt, the acoustic timber barrier shall have a minimum density of 10kg/m2.

5. For the avoidance of doubt, the CO2 recovery plant, acoustic timber barrier and modular buildings shall be finished with a green colour which is consistent with the colours of the anaerobic digestion plant and its associated infrastructure.
6. This planning permission is granted for a limited period of 20 years and all equipment and fixings shall be removed from site and the ground reinstated on expiry of 20 years from the date of this permission and/or in the event that equipment is no longer required or operational. Details of the proposed reinstatement shall be submitted for approval in writing by this Planning Authority WITHIN 5 MONTHS of the date of expiry or equipment ceasing to operate, after which the reinstatement works shall be completed in full in accordance with the approved reinstatement scheme.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. To ensure all contamination within the site is dealt with.
3. In the interests of safeguarding the amenity of adjoining and nearby noise sensitive receptors from the effects of significant noise.
4. In the interests of safeguarding the amenity of adjoining and nearby noise sensitive receptors from the effects of significant noise.
5. In the interests of visual amenity; to ensure that the external appearance is visually compatible with the existing farm steading, anaerobic digestion plant and countryside location.
6. In the interests of visual amenity; to allow the planning authority to review the consent at the end of the temporary period and to ensure the reinstatement of the site to a satisfactory standard.

4. Prior to the first use of the proposed new builds, there shall be 3 No. off street parking spaces provided within the curtilage of the site in accordance with the current Appendix G (Transportation Development Guidelines) of Making Fife's Places. The parking spaces shall be retained throughout the lifetime of the development for the purposes of off street parking.
5. Prior to the first use of the proposed new builds, there shall be provided within the curtilage of the site, a turning area for a car to allow all cars making use of the access driveway to enter and exit the driveway in a forward gear. The turning area shall be formed outwith the parking area and shall be retained throughout the lifetime of the development. The proposed parking bays and aisle width will require to be of appropriate dimensions to allow for both the off street parking and turning manoeuvres to take place.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. In the interest of road safety; to ensure that only access remains in place for access and egress of the property.
3. In the interest of road and pedestrian safety; to ensure the provision of an adequate design layout and construction.
4. In the interest of road safety; to ensure the provision of adequate off-street parking facilities.
5. In the interest of road safety; to ensure that all vehicles taking access to and egress from the site can do so in a forward gear.

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. The dwellinghouses provided on the site shall be used solely as a residence for (a) a single person or by people living together as a family; or, (b) not more than 5 unrelated residents living together in a dwellinghouse. For the avoidance of doubt, the dwellinghouses hereby approved shall not be used for Housing in Multiple Occupation.
3. Prior to the occupation of the proposed 3-bedroom dwellinghouse to the Northwest of the overall development, the new access driveway shall be constructed at a gradient not exceeding 1 in 10 (10%) and shall have appropriate vertical curves to ensure adequate ground clearance for vehicles. For the avoidance of doubt, the first two metre length of the driveway to the rear of the public footway shall be constructed in a paved material (not concrete slabs).
4. Prior to the occupation of each of the proposed dwellinghouses, there shall be off-street parking spaces provided for that dwellinghouse as shown on Drawing No. 7152_P_310 (03 - PROPOSED SITE PLAN) in accordance with the current Appendix G (Transportation Development Guidelines) of Making Fife's Places. The parking spaces shall be retained throughout the lifetime of the development for the purposes of off-street parking.
5. Prior to the first occupation of the proposed 3-bedroom dwellinghouse, there shall be provided within the curtilage of the site, a turning area for a car to allow all cars making use of the access driveway to enter and exit the driveway in a forward gear. The turning area shall be formed outwith the parking area and shall be retained throughout the lifetime of the development.
6. Prior to the first use of the proposed new vehicular access onto Melville Road, visibility splays of 2m x 25m shall be provided to the Southeast and to the Northwest at the proposed access junction of the vehicular crossing and the B9129 public road and thereafter maintained in perpetuity, clear of all obstructions exceeding 0.6 metres above the adjoining carriageway level, in accordance with the current Appendix G (Transportation Development Guidelines) of Making Fife's Places. For the avoidance of doubt, the existing boundary wall shall require to be lowered in height to accommodate the required visibility splay.
7. IN THE EVENT THAT CONTAMINATION NOT PREVIOUSLY IDENTIFIED by the developer prior to the grant of this planning permission is encountered during the development, all development works on site (save for site investigation works) shall cease immediately and the planning authority shall be notified in writing within 2 working days.

Unless otherwise agreed in writing with the local planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority or (b) the planning authority has confirmed in writing that remedial measures are not required. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed in accordance with the approved Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement, a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought

into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by the local planning authority.

8. BEFORE ANY BUILDING STARTS ON SITE, details and samples of the specification and colour of the proposed external finishes shall be submitted for prior approval in writing by this Planning Authority. Thereafter the agreed external finishing materials shall be installed/applied as agreed unless otherwise agreed in writing.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. In order to ensure that no damage is caused to the existing trees during (demolition and) development operations.
3. In the interest of road safety; to ensure the provision of an adequate design layout and construction and to avoid severe gradients which would render the driveways unsuitable for vehicular use and to ensure that no deleterious material is dragged on to the public road.
4. In the interest of road safety; to ensure the provision of adequate off-street parking facilities.
5. In the interest of road safety; to ensure that all vehicles taking access to and egress from the site can do so in a forward gear.
6. In the interest of road safety; to ensure the provision of adequate visibility splays at the junctions of the vehicular access and the public road.
7. To ensure all contamination within the site is dealt with.
8. In the interests of visual amenity and built heritage protection; to ensure that the proposed development does not detract from the character and appearance of the 'B' Listed Building and its setting.

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. BEFORE THE COMMENCEMENT OF CONSTRUCTION WORKS ON SITE, adequate wheel-cleaning facilities approved by Fife Council as planning authority shall have been provided and maintained in an operational manner throughout the construction works so that no mud, debris or other deleterious material is carried by vehicles onto the public roads.
3. BEFORE THE FIRST OCCUPATION OF THE FIRST UNIT IN EACH COURTYARD, the respective parking and courtyard areas shall have been laid out as per Drawing No 01 Rev F and this layout shall be retained for the lifetime of the development.
4. BEFORE THE FIRST OCCUPATION OF THE FIRST UNIT HEREBY APPROVED, all works to or adjacent to existing public roads shall have been constructed in accordance with the current Fife Council Making Fife's Places Appendix G and as per the layout shown in Drawing No 01 Rev F. This shall include the provision of flush heel kerbing to delineate the extents of the rear of the public road boundary (2 metres back from the adjoining road channel kerb line) at the new access junction.
5. BEFORE THE FIRST OCCUPATION OF THE FIRST UNIT HEREBY APPROVED, visibility splays 2.4m x 43m shall have been provided and thereafter maintained clear of all obstructions exceeding 600mm in height above the adjoining road channel level, at the junctions of the vehicular accesses and the public road, in accordance with the current Fife Council Making Fife's Places Appendix G. The visibility splays shall thereafter be retained for the lifetime of the development.
6. BEFORE THE FIRST OCCUPATION OF THE FIRST UNIT HEREBY APPROVED, there shall have been provided within the curtilage of the site 48 COMMUNAL parking spaces, including one electric vehicle charging space for vehicles, in accordance with the current Fife Council Making Fife's Places Appendix G and as per the layout shown in Drawing No 1 Rev F. The parking spaces shall each have a minimum width of 2.5 metres and shall be retained in perpetuity.
7. BEFORE THE FIRST OCCUPATION OF THE FIRST UNIT HEREBY APPROVED, there shall have been provided within the curtilage of the site six covered, safe and secure cycle parking spaces in accordance with the current Fife Council Making Fife's Places Appendix G. These cycle parking spaces shall thereafter be retained throughout the lifetime of the development.
8. NO DEVELOPMENT SHALL COMMENCE ON SITE until the risk of actual or potential land contamination at the site has been investigated and a Preliminary Risk Assessment (Phase I Desk Study) has been submitted by the developer to and approved in writing by the planning authority. Where further investigation is recommended in the Preliminary Risk Assessment, no development shall commence until a suitable Intrusive Investigation (Phase II Investigation Report) has been submitted by the developer to and approved in writing by the planning authority. Where remedial action is recommended in the Phase II Intrusive Investigation Report, no development shall commence until a suitable Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures.

All land contamination reports shall be prepared in accordance with CLR11, PAN 33 and the Council's Advice for Developing Brownfield Sites in Fife documents or any subsequent revisions of those documents. Additional information can be found at www.fifedirect.org.uk/contaminatedland.

9. IN THE EVENT THAT CONTAMINATION NOT PREVIOUSLY IDENTIFIED by the developer prior to the grant of this planning permission is encountered during the development, all development works on site (save for site investigation works) shall cease immediately and the planning authority shall be notified in writing within 2 working days.

Unless otherwise agreed in writing with the local planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority or (b) the planning authority has confirmed in writing that remedial measures are not required. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed in accordance with the approved Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement, a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by the local planning authority.

10. NO BUILDING SHALL BE OCCUPIED UNTIL remedial action at the site has been completed in accordance with the Remedial Action Statement approved pursuant to condition 8. In the event that remedial action is unable to proceed in accordance with the approved Remedial Action Statement - or contamination not previously considered in either the Preliminary Risk Assessment or the Intrusive Investigation Report is identified or encountered on site - all development work on site (save for site investigation work) shall cease immediately and the planning authority shall be notified in writing within 2 working days. Unless otherwise agreed in writing with the local planning authority, development works shall not recommence until proposed revisions to the Remedial Action Statement have been submitted by the developer to and approved in writing by the planning authority. Remedial action at the site shall thereafter be completed in accordance with the approved revised Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement - or any approved revised Remedial Action Statement - a Verification Report shall be submitted by the developer to the local planning authority.

Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement - or the approved revised Remedial Action Statement - and a Verification Report in respect of those remedial measures has been submitted to and approved in writing by the local planning authority.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.

3. The retail unit shall be restricted to Class 1 (retail) of the Schedule to the Town and Country Planning (Use Classes) (Scotland) Order, 1997 or in any statutory instrument revoking and re-enacting that Order. No more than 85% of the net retail sales area of the unit shall be used for the sale of convenience goods and no more than 15% for the sale of comparison goods. The unit shall not be subdivided without the prior written consent of Fife Council as planning authority.
4. BEFORE ANY WORKS START ON SITE;, a Remediation Statement shall be submitted to and approved in writing by Fife Council. The Remediation Statement shall include a timetable for the implementation and completion of the approved remediation measures.
5. Remediation of the site shall be carried out and completed in accordance with the Remediation Statement approved pursuant to condition 4. In the event that remediation is unable to proceed in accordance with the approved Remediation Statement or contamination not previously considered in either the Preliminary Risk Assessment or the Phase II Intrusive Site Investigation Report is identified or encountered on site, all works on site (save for site investigation works) shall cease immediately and the local planning authority shall be notified in writing within 2 working days. Unless otherwise agreed in writing with the local planning authority, works shall not recommence until proposed revisions to the Remediation Statement have been submitted to and approved in writing by the local planning authority. Remediation of the site shall thereafter be carried out in accordance with the approved revised Remediation Statement.
6. Following completion of any measures identified in the approved Remediation Statement or any approved revised Remediation Statement a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the local planning authority, no part of the site shall be brought into use until such time as the remediation measures for the whole site have been completed in accordance with the approved Remediation Statement or the approved revised Remediation Statement and a Verification Report in respect of those remediation measures has been approved in writing by the local planning authority.
7. BEFORE ANY WORKS START ON SITE; full details (height, materials, colouring, etc) of all boundary treatments including the species and planting specification for all hedging shall be submitted for prior written approval by Fife Council as planning authority. All boundary treatments shall thereafter be carried out in accordance with the approved details.
8. BEFORE ANY WORKS START ON SITE; details of the future management and aftercare of the proposed landscaping and planting shall be submitted for approval in writing by this Planning Authority. Thereafter the management and aftercare of the landscaping and planting shall be carried out in accordance with these approved details.
9. All planting carried out on site shall be maintained by the developer in accordance with good horticultural practice for a period of at least 5 years from the date of planting. Within that period any plants which are dead,

damaged, missing, diseased or fail to establish shall be replaced annually.

10. PRIOR TO THE OPENING OF THE RETAIL UNIT; the construction and delineation of the footpath link from the existing footpath on the west side of the site adjacent to Castle Road, parking, manoeuvring, servicing, turning and access driveway areas shall be completed to the satisfaction of the planning authority.
11. PRIOR TO THE OPENING OF THE RETAIL UNIT; there shall be provided within the curtilage of the site 104 parking spaces for vehicles in accordance with the current Fife Council Parking Standards with 15 parking spaces being provided for the adjacent taxi business. A minimum of 2 electric car charging points shall be provided within the 104 car parking spaces. The parking spaces and electric car charging points shall be retained through the lifetime of the development.
12. PRIOR TO THE OPENING OF THE RETAIL UNIT; there shall be provided within the curtilage of the site 10 covered and secure cycle parking spaces in accordance with the current Fife Council Parking Standards. The parking spaces shall be retained through the lifetime of the development.
13. BEFORE ANY WORKS COMMENCE ON SITE; full details of adequate wheel cleaning facilities to be provided and maintained throughout the construction works so that no mud, debris or other deleterious material is carried by vehicles on to the public roads shall be submitted and approved in writing by Fife Council, as planning authority. The approved facilities shall be provided, retained and maintained for the duration of operations on the site.
14. FOR THE AVOIDANCE OF DOUBT, there shall be no drainage connections to the trunk road drainage system.
15. Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. Prior to the occupation of the proposed development, there shall be 1 No. off-street parking space provided within the curtilage of the site as shown on Drawing No. H.1558 AL (0)12A (Planning Authority reference 03D), submitted under Planning Application No. 18/03337/FULL, for the 6 bedroom student accommodation. The single off-street parking space shall remain available for the lifetime of the development and shall remain communal to 6 bedroom student accommodation.
3. Prior to the of the first use of the vehicular access to the proposed off-street parking area, as shown on Drawing No. H.1558 AL (0) 12A (Planning Authority reference 03D), submitted under Planning Application No. 18/03337/FULL, in addition to the off street parking space being provided for the student accommodation, there shall be 1 No. off-street parking space provided for the existing flatted dwelling at 2 Queens Terrace. The off-street parking space shall remain available for the purposes of providing off-street parking for the property at 2 Queens Terrace for the lifetime of the development.
4. The proposed development shall be used as a student residence facility only and the occupiers of the student residence accommodation shall be limited to persons enrolled in full time, part time, post-graduate or summer period study at a school, college or University within the settlement boundary of St Andrews.
5. Prior to the occupation of the proposed development, a vehicular turning facility shall be made available within the curtilage of the site via the installation of a 5.7m turntable as stated within the accompanying Design Statement and as shown on Drawing No. H.1558 AL (0) 12A (Planning Authority reference 03D), submitted under Planning Application No. 18/03337/FULL. The vehicular turning facility shall be retained for the lifetime of the development.
6. BEFORE ANY WORK STARTS ON SITE, details of the specification and colour of the proposed external stone finishes, including details of block size and coursing, shall be submitted for approval in writing by this Planning Authority. For the avoidance of doubt, the proposed development shall incorporate natural stone which matches that of the neighbouring property to the west.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. In the interest of road safety; to ensure that adequate off street parking is provided to accommodate the proposed development.
3. In the interest of road safety, to ensure that an off street parking space is provided for the property at 2 Queens Terrace to alleviate the loss of any on street parking caused by the formation of the vehicular access to the proposed off street parking area.
4. In the interests of road safety; the car parking provision associated with the student accommodation building is insufficient to accommodate the parking demand for any other land uses.
5. In the interest of road and pedestrian safety; to ensure that all vehicles taking access to and egress from the site can do so in a forward gear.

6. In the interests of visual amenity; to ensure that the external finishing materials are appropriate to the character of the area.

8. PRIOR TO THE OCCUPATION OF THE DEVELOPMENT, OR IT BEING TAKEN INTO BENEFICIAL USE, a signed statement or declaration prepared by a suitably competent person confirming that the site is, or has been made, safe and stable for the approved development shall be submitted for the prior written approval of Fife Council as Planning Authority. This document shall confirm the methods and findings of the intrusive site investigations and the completion of any remedial works and/or mitigation necessary to address the risks posed by past coal mining activity.

9. PRIOR TO THE COMMISSIONING OF THE DEVELOPMENT HEREBY APPROVED, an Operational Lighting Scheme, specifying the detail of any artificial lighting to be used on site during the life of the planning permission hereby approved, shall be submitted for the prior written approval of Fife Council as Planning Authority. The Lighting Scheme should take cognisance of measures to protect existing natural habitats, such as the guidance contained within the "Bats and Lighting Guidance" document (ILP, 2018) <https://theilp.org.uk/publication/guidance-note-8-bats-and-artificial-lighting/>
10. WHERE ANY WORKS ARE TO BE CARRIED OUT BETWEEN THE MONTHS OF MARCH TO AUGUST INCLUSIVE, pre-start survey checks should be carried out by a suitably qualified ecologist to assess the presence of nesting birds, and recommend appropriate mitigation of works to protect potentially affected species.
11. Works on site for both the construction and decommissioning phases shall be carried on in accordance with best practice to avoid disturbance of nesting birds, pollution and contamination of the ground, and such that there shall be no adverse impact on established tree or hedge roots, and all excavations, such as cable trenching or drainage, shall be carried out with appropriate precautions taken to avoid inadvertent entrapment of wildlife.
12. IN THE EVENT THAT CONTAMINATION IS ENCOUNTERED not identified by the developer prior to the grant of this planning permission, all development works on site (save for site investigation works) shall cease immediately and the local planning authority shall be notified in writing within 2 working days. Unless otherwise agreed in writing with the local planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by the local planning authority or (b) the local planning authority has confirmed in writing that remedial measures are not required. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed in accordance with the approved Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement, a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the local planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by the local planning authority.
13. The permission hereby granted shall be for a period of 35 (thirty-five) years from the date of energisation of the project (such date to be notified in writing in advance to Fife Council as Planning Authority) and, on expiry of that period, the solar farm, battery storage and all ancillary equipment shall be dismantled and removed from the site within the following six months and the ground fully reinstated to the satisfaction of Fife Council as Planning Authority, taking into account the provisions of conditions 15 and 16 of the planning permission hereby granted, all unless retained with the express prior planning application approval of Fife Council as Planning Authority.
14. 12 months prior to the decommissioning of the solar farm and battery storage facility, an ecological survey, carried out by a suitably qualified ecologist, shall be submitted for the prior written approval of Fife Council as Planning Authority, identifying any ecological constraints arising from decommissioning activities, any areas where new habitats that may have established need to be retained, and where any unavoidable loss of new habitat occasioned by decommissioning activities may need to be compensated for (on or off-site).
15. 6 months prior to the decommissioning of the solar farm and battery storage facility, a decommissioning and site restoration scheme shall be submitted for the prior written approval of Fife Council as Planning Authority, detailing how plant and equipment located within the site of the development hereby approved would be decommissioned and removed, informed by the ecological survey required by condition 15 of the planning permission hereby approved.
16. During construction, public paths in the vicinity of the site must be kept open and free from obstruction, and any temporary closures that may be required for safety reasons should be notified to Fife Council in advance and kept to the minimum duration possible.
17. UNLESS OTHERWISE AGREED IN WRITING WITH FIFE COUNCIL AS PLANNING AUTHORITY, if the solar farm and battery storage facility fails to export electricity to the grid for a continuous period of 12 months, the Company shall; (i) by no later than the date of expiration of the 12 month period, submit a scheme to Fife Council as Planning Authority setting out how the solar farm and battery energy storage facility and its ancillary equipment and associated infrastructure shall be removed from the site and the ground fully restored; and (ii) following written approval of the scheme by Fife Council as Planning Authority, implement the approved scheme within six months of the date of its approval, all to the satisfaction of Fife Council as Planning Authority.

Reason(s):

1. In the interest of road safety; to ensure the provision of adequate visibility at the junctions of the vehicular access with the public road.
2. In the interest of road safety; to ensure the provision of an adequate design layout and construction.
