Elie & Earlsferry Local Place Plan + Community Action Plan

Information Notice

A Local Place Plan (LPP) + Community Action Plan has been created by Elie and Earlsferry Community Council (TCC) which reflects the thoughts, ideas and aspirations of the people of Elie and Earlsferry, for the future of their villages.

Key Proposals included in the LPP + Community Action Plan relate to:

- Recognising and preserving our built history and heritage.
- Recognising a need for housing while ensuring appropriate and adequate services and an upgrade of sewage and surface water management systems are in place in advance of any building activity taking place.
- Protecting our green spaces, parks, paths, and ensuring and facilitating access to nature and the outdoors.
- Ensuring roads and pavements are accessible and fit for purpose, making it easy for everyone to move around our village in a connected way and traffic calming measure are put in place.
- The creation of community hubs promoting community development, regeneration, education, recreation and tackling social isolation.

These proposals are mapped, detailed and set out in the LPP + Community Action Plan.

The purpose of this LPP is to provide our community with information on the proposals for the village which are seeking to

preserve the built history and heritage and green spaces of the villages whilst also recognising a need for some additional housing.

Once registered by the planning authority, they are intended to be taken into account in the preparation of the Fife Local Development plan.

Any representations on the content of the Local Place Plan + Community Action Plan should be made to:
