176. SUSPENSION OF TAXI/PRIVATE HIRE CAR DRIVER AND TAXI OPERATOR'S LICENCES

The Council's Lead Officer, Miscellaneous Licensing, reported to the Committee that a decision was taken by the Executive Director, Finance & Corporate Services using the powers given to her under Section 2 of the Council's List of Officer Powers 'Emergencies and Cases of Urgency' to suspend a taxi/private hire car driver and taxi operator's licences with immediate effect under paragraph 12 of Schedule 1 to the above Act having advised the Convener and Depute Convener of the Committee of this decision. The decision was taken as information had been received from Police Scotland (Fife Division) which had to be considered prior to this meeting of the Committee.

Decision

The Committee noted that a taxi/private hire car driver and taxi operator's licences had been suspended with immediate effect.

177. MISCELLANEOUS LICENSING – REVIEW OF FEES

The Committee considered a report by Executive Director, Finance and Corporate Services on proposals for an increase in the miscellaneous licensing fees.

Decision

The Committee, having heard the Council's Lead Officer, Miscellaneous Licensing on the report and following discussion:

- (i) approved the proposed increases to miscellaneous licensing fees from 1st April, 2025; and;
- (ii) noted the proposal to increase the fees for all miscellaneous licensing applications on an annual basis in line with the Council's policy on increases in fees.

Following on from the discussion on the fees, the Council's Lead Officer, Miscellaneous Licensing informed the Committee of an investigation carried out by the Miscellaneous Licensing Team into the low number of wheelchair accessible vehicles licensed as taxis and private hire vehicles in East Fife and suggested that the miscellaneous licensing team in conjunction with Fleet Services undertakes a six-month pilot project which would allow:

- Applicants applying for new private hire licences; or
- Currently licensed taxi or private hire operators wishing to replace existing licensed vehicles

the opportunity to have wheelchair accessible vehicles, up to a maximum of 7 years old from date of 1st registration, licensed as taxis or private hire vehicles. It is hoped that this pilot would assist in encouraging taxi and private hire operators to consider operating more wheelchair accessible vehicles in East Fife.

Decision

The Committee instructed the miscellaneous licensing team in conjunction with Fleet Services to undertake a six-month pilot project on the above from 1st April to 30th September 2025.

To advise the Committee of the outcome of the Annual Taxi and Private Hire Car Inspection Tests for the East Fife Area.

Recommendation:

It is recommended that the Committee takes any steps it deems appropriate.

Resource Implication:

Arrangements may have to be made for attendance at open days.

1.0 Background

- 1.1 This report gives details of the results of the inspections carried out on vehicles operating in East Fife between February and April 2025.
- 1.2 Of the 206 vehicles licensed in East Fife, 161 vehicles passed first time which equates to 78%, 45 failed with 43 passing on retest & two still have to be retested equating to 22%. In 2024, 222 vehicles were tested and 187 vehicles passed first time which equated to 85%. 35 vehicles failed but passed on re-test which equated to 15%.
- 1.3 Summaries of the results are attached in Appendix 1 to this report.

2.0 Issues and Options

- 2.1 The Committee, may deem it appropriate to:
 - subject those vehicles failing the test to a random test;
 - invite those operators whose vehicles failed the test to a meeting with the Convener and Vice-Convener of the Committee to discuss their maintenance procedures;
 - request that those operators failing the test attend an open day at Fleet Operations; or
 - consider whether or not to hold Hearings under paragraph 11 of Schedule 1 to the Civic Government (Scotland) Act 1982 which relates to suspension of the licences.

3.0 Conclusions

- 3.1 It is extremely disappointing that the first-time pass rate has decreased substantially with so many vehicles failing the test first time around. Those operators whose vehicles passed the test first time should be congratulated for maintaining their vehicles to the high standards expected and those operators whose vehicles failed the test should be reminded that their vehicles should be maintained to a very high standard, at all times.
