Refusal/Enforcement Action

Reason(s):

1. In the interest of flood prevention and the water environment; no evidence has been submitted to demonstrate that the proposed development would not increase the risk of flooding from all sources (including surface water drainage measures) on the site or elsewhere, thereby failing to demonstrate that there would be no significant detrimental impact with regard to flooding/drainage, contrary to Policy 1: Development Principles and Policy 12: Flooding and the Water Environment of the Adopted FIFEplan 2017.
2. In the interest of safeguarding the countryside from unplanned, sporadic and unjustified development; the need in principle for the development in this location is not considered fully justified and would therefore be contrary to Policies 1 and 7 of the Adopted FIFEplan (2017).
3. In the interest of amenity; a Coal Mining Risk Assessment has not been submitted, thereby failing to demonstrate that there would not be a significant detrimental impact on the amenity of the site and surrounding area in relation to land stability, contrary to Policy 1: Development Principles and Policy 10: Amenity of the adopted FIFEplan Fife Local Development Plan (2017).

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. NO DEVELOPMENT SHALL COMMENCE ON SITE until the risk of actual or potential land contamination at the site has been investigated and a suitable Intrusive Investigation (Phase II Investigation Report) has been submitted by the developer to and approved in writing by the planning authority. Where remedial action is recommended in the Phase II Intrusive Investigation Report, no development shall commence until a suitable Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures.

All land contamination reports shall be prepared in accordance with CLR11, PAN 33 and the Council's Advice for Developing Brownfield Sites in Fife documents or any subsequent revisions of those documents. Additional information can be found at www.fife.gov.uk/contaminatedland

3. NO BUILDING SHALL BE OCCUPIED UNTIL remedial action at the site has been completed in accordance with the Remedial Action Statement approved pursuant to condition 2. In the event that remedial action is unable to proceed in accordance with the approved Remedial Action Statement - or contamination not previously considered in either the Preliminary Risk Assessment or the Intrusive Investigation Report is identified or encountered on site - all development work on site (save for site investigation work) shall cease immediately and the planning authority shall be notified in writing within 2 working days. Unless otherwise agreed in writing with the local planning authority, development works shall not recommence until proposed revisions to the Remedial Action Statement have been submitted by the developer to and approved in writing by the planning authority. Remedial action at the site shall thereafter be completed in accordance with the approved revised Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement - or any approved revised Remedial Action Statement - a Verification Report shall be submitted by the developer to the local planning authority.

Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement - or the approved revised Remedial Action Statement - and a Verification Report in respect of those remedial measures has been submitted to and approved in writing by the local planning authority.

4. IN THE EVENT THAT CONTAMINATION NOT PREVIOUSLY IDENTIFIED by the developer prior to the grant of this planning permission is encountered during the development, all development works on site (save for site investigation works) shall cease immediately and the planning authority shall be notified in writing within 2 working days.

Unless otherwise agreed in writing with the local planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority or (b) the planning authority has confirmed in writing that remedial measures are not required. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed

in accordance with the approved Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement, a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by the local planning authority.

5. All works done on or adjacent to existing public roads shall be constructed in accordance with the current Fife Council Transportation Development Guidelines.
6. Prior to occupation of the first dwelling, the junction with the A911 as shown on document 11 (Drawing no. 5669/02A) shall be constructed in accordance with Making Fife's Places Supplementary Guidance August 2018 and the current Fife Council Transportation Development Guidelines (Appendix G) to a standard suitable for adoption.
7. Prior to the occupation of the first dwelling, the private access shall be upgraded as shown on documents 03B, 10, 12 and 13 to the satisfaction of Fife Council.
8. Prior to occupation of the first dwelling within the site, visibility splays 4.5 metres x 140 metres shall be provided and maintained clear of all obstructions exceeding 600mm in height above the adjoining road channel level, at the junction of the vehicular access with the A917, as shown on document 03B, in accordance with the Fife Council Transportation Development Guidelines. The visibility splays shall be retained through the lifetime of the development.
9. Prior to occupation of each dwelling, the off-street car parking for each plot hereby approved shall be provided as shown on document 03B. Prior to occupation of the first dwelling the two visitor car parking spaces shall be provided. The parking spaces shall be retained through the lifetime of the development.
10. Prior to occupation of the first dwellinghouse, a bat activity survey shall be conducted during the active bat season (May to September) as per the recommendations of the Preliminary Roost Assessment conducted by BNTW- Scotland. Should any roosting bats be recorded at least one more activity survey will be required for licensing purposes unless otherwise agreed in writing by the Planning Authority.
11. BEFORE THE LANDSCAPING SCHEME IS IMPLEMENTED ON SITE, a scheme of landscaping shall be submitted to and approved in writing by the Planning Authority. The scheme shall include hard and soft landscaping works, boundary treatment(s), details of trees and other features which are proposed/to be retained, and a programme for the implementation/phasing of the landscaping in relation to the construction of the development. All landscaping, including planting, seeding and hard landscaping shall be carried out only in full accordance with such approved details unless otherwise agreed in writing with this Planning Authority. For the avoidance of doubt, all landscaping planting of trees and shrubs shall use only species of native origin.
12. All planting carried out on site shall be maintained by the developer to the satisfaction of this Planning Authority for a period of 5-years from the date of planting. Within that period any plants, which are dead, damaged, missing diseased or fail to establish shall be replaced annually.
13. No works shall be undertaken which in any way impinge or obstruct alleged or vindicated rights of way on or adjacent to the application site, unless otherwise agreed in writing with Fife Council as Planning Authority. For the avoidance of doubt the recorded routes include R246 Anstruther-Milton Muir (P246/02) and R261 Anstruther golf course to Milton (P261/03).
14. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (Scotland) Order, 1992 (or any Order revoking and re-enacting that Order) no development within Classes 1, 2 and 3 shall be undertaken without the express prior consent of this Planning Authority.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. To ensure potential risk arising from previous land uses has been investigated and any requirement for remedial actions is suitably addressed.
3. To provide satisfactory verification that remedial action has been completed to the planning authority's satisfaction.
4. To ensure all contamination within the site is dealt with.
5. In the interest of road safety; to ensure the provision of an adequate design layout and construction.
6. In the interest of road safety; to ensure the provision of an adequate design layout and construction. Work

shall include the following -

The formation of a raised table on the vehicular access with the bottom of the ramp located 1 metre to the north of the A917 channel line. The ramps shall be 1 metre length with the raised table being 3 metres wide and 75mm in height.

The provision of one pair of bus stops, boarders, flags, and road markings located on the A917 either side of the vehicular access.

The provision of a 2 metres wide footway on the east side of the vehicular access to provide a safe walking route to the eastbound bus stop and a dropped kerb pedestrian crossing point on the A917 to provide a crossing point to the westbound bus stop.

7. In the interest of road and pedestrian safety; to ensure the provision of an adequate design layout and construction.
8. In the interest of road safety; to ensure the provision of adequate visibility at the junction of the vehicular access with the public road.
9. In the interest of road safety; to ensure the provision of adequate off-street parking facilities
10. In the interests of preserving natural heritage; to ensure the proposal would not have a detrimental impact on protected species, in particular bats.
11. In the opinion of this Planning Authority the additional degree of planning control is necessary due to the special character of the layout and the need to prevent uncontrolled site coverage.
12. In the interests of visual amenity and to ensure a satisfactory standard of local environmental quality.
13. In the interests of visual amenity and effective landscape management; to ensure that adequate measures are put in place to protect the landscaping and planting in the long term.
14. To ensure that all existing rights of way are protected and not adversely affected as a result of the development.

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. NO WORKS SHALL COMMENCE ON SITE IN CONNECTION WITH THE DEVELOPMENT HEREBY APPROVED (including demolition works, tree works, fires, soil moving, temporary access construction and/or widening or any works involving the use of motorised vehicles or construction machinery) until a scheme of landscaping (indicating the siting, numbers, species and heights (at time of planting) of all planting, and the extent and profile of any areas of earthmounding; and including for biodiversity enhancement consistent with National Planning Framework 4, FIFEplan Fife Local Development Plan, and Making Fife's Places Supplementary Guidance; and with details of timing and phasing of landscaping in relation to the development hereby approved, and subsequent maintenance); and related tree survey, tree protection and compensatory tree planting plans, and arboricultural method statement (AMS) (all in accordance with BS5837:2012 Trees in Relation to Design, Demolition and Construction - Recommendations); have all been submitted to and approved, in writing, by the planning authority, and protective fencing erected as required by the AMS.

The AMS shall include full details of the following:

- a) Timing and phasing of arboricultural works in relation to the approved development;
 - b) Detailed tree felling and pruning specification in accordance with BS3998:2010 Recommendations for Tree Works;
 - c) Details of a tree protection scheme in accordance with BS5837:2012 which provides for the retention and protection of trees, shrubs and hedges growing on or adjacent to the site which are shown to be retained in the approved plans and trees which are the subject of any Tree Preservation Order;
 - d) Details of any construction works required within the root protection area as defined by BS5837:2012 or otherwise protected in the approved tree protection scheme;
 - e) Details of the location of any underground services and methods of installation which make provision for protection and the long-term retention of the trees. Notwithstanding the provisions of The Town and Country Planning (General Permitted Development) (Scotland) Order 1992 (as amended) or any subsequent legislation amending revoking or re-enacting that Order; no services shall be dug or laid into the ground other than in accordance with the approved details;
 - f) Details of any changes in ground level, including existing and proposed spot levels required within the root protection area as defined by BS5837:2012 or otherwise protected in the approved tree protection scheme;
 - g) Details of the arrangements for the implementation, supervision and monitoring of works required to comply with the AMS.
3. All planting carried out on site pursuant to Condition 2 above shall be maintained in accordance with good horticultural practice for a period of five years from the date of planting. Within that period, any plants which are dead, damaged, missing, diseased or fail to establish shall be replaced annually.
 4. THE USE HEREBY APPROVED SHALL NOT COMMENCE IN ADVANCE OF A NOISE MANAGEMENT PLAN (NMP) HAVING FIRST BEEN SUBMITTED TO AND APPROVED, in writing, by the planning authority. The NMP shall include (but not necessarily be restricted to) details of the following:
 - (i) Appropriate details of all noisy tools and equipment, processes, plant, machinery and vehicles, consistent with the noise report hereby approved;
 - (ii) Restrictions governing the use of audible warning systems (including reversing warning systems for

vehicles), the roller door hereby approved, and other equipment. Use of broadband reversing warning systems, visual warning systems or other alternatives shall be employed wherever necessary and/or practicable;

(iii) Appropriate details of any noise attenuation equipment, measures or procedures;

(iv) A noise compliance and monitoring strategy to determine whether criteria levels referred to in the noise report hereby approved are being achieved. The strategy shall:

-determine suitable reference target noise level(s) at accessible position(s) within the site boundary, for the purpose of routine, periodic noise monitoring compliance checks;

-establish an agreed procedure for routine noise compliance checks, to be undertaken by the operator on a scheduled basis;

-establish an agreed procedure for detailed noise compliance checks, to be undertaken by a suitably qualified independent professional on behalf of the operator, in the event that substantiated noise nuisance complaints are received by the local authority.

In the event of noise complaints being received by the local authority, details of the outcome of recent scheduled noise testing undertaken by the operator shall, upon request, be made available to the planning authority within a period of five working days. In the event that any detailed noise compliance checks indicate criteria levels referred to in the noise report hereby approved have been typically exceeded and the cause of justified noise nuisance complaints, the operator shall, within a timeframe to be agreed with the planning authority, be required to further enhance and refine the NMP and/or operations, equipment or abatement techniques, so as to achieve compliance with the noise rating level limits referred to in the noise report hereby approved.

5. BEFORE THE BUILDING IS FIRST BROUGHT INTO USE FOR THE MANUFACTURING USE HEREBY APPROVED, vehicular accesses and turning for larger vehicles shall have been provided as shown in Drawing No. 848- PL(90)001D (10C - Proposed Site Plan), in accordance with the current Fife Council Transportation Development Guidelines.
6. BEFORE THE BUILDING IS FIRST BROUGHT INTO USE FOR THE MANUFACTURING USE HEREBY APPROVED, the construction of the vehicular crossing onto the adopted public road shall have been carried out in accordance with the current Fife Council Specification for Roadworks and to the satisfaction of the planning authority.
7. BEFORE THE BUILDING IS FIRST BROUGHT INTO USE FOR THE MANUFACTURING USE HEREBY APPROVED, off-street parking spaces shall have been provided as shown in Drawing No. 848- PL(90)001D (10C - Proposed Site Plan) in accordance with the current Fife Council Transportation Development Guidelines. The parking spaces shall thereafter be retained throughout the lifetime of the development for the purposes of off-street parking.
8. Notwithstanding the provisions of the Town and Country Planning (Scotland) Act 1997 (as amended), the Town and Country Planning (Use Classes) (Scotland) Order 1997 (as amended) and the Town and Country Planning (General Permitted Development) (Scotland) Order 1992 (as amended); or any subsequent legislation revoking, amending or re-enacting these with or without modification; the use hereby approved shall be limited to the manufacture of kit-house internal partitions using hand tools, nail guns and the single specific automatic push fed crosscut saw referred to in the approved details, serviced by the dust collection system shown in the approved details; unless otherwise agreed in advance, in writing, by the planning authority.
9. Notwithstanding the provisions of the Town and Country Planning (Scotland) Act 1997 (as amended), the Town and Country Planning (Use Classes) (Scotland) Order 1997 (as amended) and the Town and Country Planning (General Permitted Development) (Scotland) Order 1992 (as amended); or any subsequent legislation revoking, amending or re-enacting these with or without modification; use in the manufacturing process hereby approved of hand tools, nail guns, electrically-powered saws and any other tools, plant and machinery shall be limited to the large ground floor open plan area of the manufacturing building, as shown in the approved drawings; and, for the avoidance of doubt, not elsewhere within the manufacturing building/application site; unless otherwise approved in advance, in writing, by the planning authority.
10. Notwithstanding the provisions of the Town and Country Planning (Scotland) Act 1997 (as amended) and the Town and Country Planning (General Permitted Development) (Scotland) Order 1992 (as amended); or any subsequent legislation revoking, amending or re-enacting these with or without modification; the external walls and roof structure of the teaching/manufacturing building shall not be altered (other than for maintenance and repair on a 'like for like' basis or as shown in the approved drawings) without the alteration having been agreed in advance, in writing, by the planning authority.
11. Notwithstanding the provisions of the Town and Country Planning (Scotland) Act 1997 (as amended), the Town and Country Planning (Use Classes) (Scotland) Order 1997 (as amended) and the Town and Country Planning (General Permitted Development) (Scotland) Order 1992 (as amended); or any subsequent legislation revoking, amending or re-enacting these with or without modification; the hours of operation shall be limited to (other

than provided by Condition 12 below) between 0700 and 1800 Mondays to Fridays, 0700 and 1200 Saturdays, and such extensions to these specific times (no later than 2200 hrs) as may be agreed in advance, in writing, by the planning authority.

12. Notwithstanding the provisions of the Town and Country Planning (Scotland) Act 1997 (as amended), the Town and Country Planning (Use Classes) (Scotland) Order 1997 (as amended) and the Town and Country Planning (General Permitted Development) (Scotland) Order 1992 (as amended); or any subsequent legislation revoking, amending or re-enacting these with or without modification; the loading and unloading of heavy goods vehicles shall be restricted to between 0700 - 1800 Mondays to Fridays, 0800 - 1300 Saturdays, and 0900 - 1300 Sundays.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. In the interests of safeguarding trees, visual amenity and enhancing biodiversity.
3. In the interests of visual amenity and effective landscape management; to ensure that adequate measures are put in place to protect the landscaping and planting in the long term.
4. In the interests of residential amenity.
5. In the interests of road safety; to ensure an adequate vehicular access and turning area is designed and constructed.
6. In the interests of road safety; to ensure the provision of an adequate design layout and construction.
7. In the interests of road safety; to ensure the provision of adequate off-street parking facilities.

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 5 years from the date of this permission.
2. BEFORE THE COMMENCEMENT OF THE DEVELOPMENT HEREBY APPROVED, a further application(s) for the matters specified below ("approval of matters specified in conditions") shall have been submitted to and approved by the planning authority, together with such plans and drawings and other particulars as necessary to deal with those matters:-
 - a) the siting and layout of the development;
 - b) the design and external appearance of and finishing materials for the development;
 - c) hard surfacing;
 - d) means of access to and from the site;
 - e) the landscaping of the site as described in Regulation 12(3) of The Town and Country Planning (Development Management Procedure) (Scotland) Regulations 2013;
 - f) treatment and disposal of foul and surface water from the development, including such information as required in terms of Fife Council's Design Criteria Guidance on Flooding and Surface Water Management Plan Requirements v 2.1, updated from that submitted with this application for planning permission in principle;
 - g) the approach to sustainability across the site, including in relation to energy conservation and minimisation of lifecycle greenhouse gas emissions (to include the incorporation of low and zero carbon generating technology), adaptation to current and future risks from climate change, enhancement of biodiversity, use of construction materials from local or sustainable sources, SuDS and water conservation measures; all to be set out in a written statement; and
 - h) the approach to ensuring development is consistent with the surrounding pattern of development, to be set out in a written statement.
3. BEFORE THE COMMENCEMENT OF THE DEVELOPMENT HEREBY APPROVED, details of such off-site foul and surface-water drainage infrastructure as required in connection with the development hereby approved shall have been submitted to and approved by the planning authority through application for express planning permission; except where this infrastructure is limited to within the adjacent adopted public road.
4. NO BUILDING SHALL BE OCCUPIED UNTIL remedial action at the site has been completed in accordance with the Remedial Action Statement approved pursuant to condition 5. In the event that remedial action is unable to proceed in accordance with the approved Remedial Action Statement - or contamination not previously considered in either the Preliminary Risk Assessment or the Intrusive Investigation Report is identified or encountered on site - all development work on site (save for site investigation work) shall cease immediately and the planning authority shall be notified in writing within 2 working days. Unless otherwise agreed in writing with the local planning authority, development works shall not recommence until proposed revisions to the Remedial Action Statement have been submitted by the developer to and approved in writing by the planning authority. Remedial action at the site shall thereafter be completed in accordance with the approved revised Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement - or any approved revised Remedial Action Statement - a Verification Report shall

be submitted by the developer to the local planning authority.

Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement - or the approved revised Remedial Action Statement - and a Verification Report in respect of those remedial measures has been submitted to and approved in writing by the local planning authority.

5. IN THE EVENT THAT CONTAMINATION NOT PREVIOUSLY IDENTIFIED by the developer prior to the grant of this planning permission is encountered during the development, all development works on site (save for site investigation works) shall cease immediately and the planning authority shall be notified in writing within 2 working days.

Unless otherwise agreed in writing with the local planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority or (b) the planning authority has confirmed in writing that remedial measures are not required. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed in accordance with the approved Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement, a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by the local planning authority.

6. BEFORE THE FIRST OCCUPATION OF THE DEVELOPMENT HEREBY APPROVED, the construction of the vehicular crossings of the footway shall have been carried out in accordance with the current Making Fife's Places Supplementary Guidance.
7. The SuDS and drainage infrastructure approved pursuant to Conditions 1 and 2 above shall have been constructed/installed contemporaneously with the build out of the development hereby approved and shall be fully operational BEFORE ANY OF THE DWELLINGHOUSES HEREBY APPROVED IS FIRST BROUGHT INTO USE and shall thereafter be retained and maintained for the lifetime of the development hereby approved.
8. BEFORE THE FIRST OCCUPATION OF ANY OF THE DWELLINGHOUSES HEREBY APPROVED, confirmation that the approved SuDS has been constructed in line with current best practice shall have been submitted to and approved by the planning authority. The required confirmation shall comprise the submission of a completed and signed Appendix 6 of Fife Council's Design Criteria Guidance on Flooding and Surface Water Management Plan Requirements.
9. NO DEVELOPMENT SHALL COMMENCE IN CONNECTION WITH THE DEVELOPMENT HEREBY APPROVED until the risk of actual or potential land contamination at the site has been investigated and a Preliminary Risk Assessment (Phase I Desk Study) has been submitted by the developer to and approved in writing by the planning authority. Where further investigation is recommended in the Preliminary Risk Assessment, no development shall commence until a suitable Intrusive Investigation (Phase II Investigation Report) has been submitted by the developer to and approved in writing by the planning authority. Where remedial action is recommended in the Phase II Intrusive Investigation Report, no development shall commence until a suitable Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures.

All land contamination reports shall be prepared in accordance with CLR11, PAN 33 and the Council's Advice for Developing Brownfield Sites in Fife documents or any subsequent revisions of those documents. Additional information can be found at www.fife.gov.uk/contaminatedland

10. NO DEVELOPMENT SHALL COMMENCE IN CONNECTION WITH THE DEVELOPMENT HEREBY APPROVED (EXCLUDING DEMOLITION WORKS) UNTIL:
 - a) a scheme of intrusive site investigations has been carried out on site to establish the risks posed to the development by past coal mining activity, and;
 - b) any remediation works and/or mitigation measures to address land instability arising from coal mining legacy, as may be necessary, have been implemented on site in full in order to ensure that the site is made safe and stable for the development proposed.

The intrusive site investigations and remedial works shall be carried out in accordance with authoritative UK guidance.

11. BEFORE THE FIRST OCCUPATION OF THE DEVELOPMENT HEREBY APPROVED, or it being taken into beneficial use, a signed statement or declaration prepared by a suitably competent person confirming that the site is, or has been made, safe and stable for the approved development shall be submitted to the planning authority for approval in writing. This document shall confirm the methods and findings of the intrusive site investigations and the completion of any remedial works and/or mitigation necessary to address the risks posed by past coal mining activity.
12. BEFORE THE COMMENCEMENT OF THE DEVELOPMENT HEREBY APPROVED, street lighting column no. 6 and the street nameplate shall have been relocated in accordance with a street lighting design drawing which shall have been submitted to and approved, in writing, by the planning authority. Once approved, the new street lighting column shall have been made fully operational before the first occupation of the first dwellinghouse.
13. BEFORE THE FIRST OCCUPATION OF EACH RESPECTIVE DWELLINGHOUSE, all access driveways shall have been constructed at a gradient not exceeding 1 in 10 (10%) and shall have appropriate vertical curves to ensure adequate ground clearance for vehicles. The access driveways/parking spaces must be a minimum length of 5.5 metres (measured from the rear of the public footway).
14. BEFORE THE FIRST OCCUPATION OF EACH RESPECTIVE DWELLINGHOUSE HEREBY APPROVED, visibility splays 2m x 25m shall have been provided and maintained clear of all obstructions exceeding 600mm in height above the adjoining road channel level, at the junction of the vehicular accesses and the public road, in accordance with the current Making Fife's Places Supplementary Guidance, Appendix G. The visibility splays shall thereafter be retained for the lifetime of the development.
15. BEFORE THE FIRST OCCUPATION OF EACH RESPECTIVE DWELLINGHOUSE HEREBY APPROVED, off-street parking shall have been provided in accordance with the current Fife Council Parking Standards contained within the current Fife Council Making Fife's Places Supplementary Guidance, Appendix G. The parking spaces shall thereafter be retained for the lifetime of the development.

Reason(s):

1. In order to comply with the provisions of Section 59 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. To comply with Section 59 of The Town and Country Planning (Scotland) Act 1997 (as amended) and Regulations 10 and 12 of The Town and Country Planning (Development Management Procedure) (Scotland) Regulations 2013.
3. In the interests of the effective management of foul and surface water
4. To ensure the effective management of foul and surface water and to ensure that the required drainage works are carried out and operational at the required stage of the development.
5. To ensure the approved SuDS infrastructure has been constructed in accordance with the approved plans and in accordance with current best practice.
6. To ensure potential risk arising from previous land uses has been investigated and any requirement for remedial actions is suitably addressed.
7. To provide satisfactory verification that remedial action has been completed to the planning authority's satisfaction.
8. To ensure all contamination within the site is dealt with.
9. To ensure potential risk arising from past coal mining activity has been investigated and any requirement for remedial actions is suitably addressed.
10. To ensure site is safe and stable in the context of past coal mining activity.
11. In the interests of road safety; to ensure the provision of an adequate design layout and construction.
12. In the interests of road safety; to ensure the provision of an adequate design layout and construction.
13. In the interests of road safety; to ensure the provision of an adequate design layout and construction.
14. In the interests of road safety; to ensure the provision of adequate visibility at road junctions, etc.
15. In the interests of road safety; to ensure the provision of adequate off-street parking facilities.
