

Fife Council – 23rd September, 2021

Conservative Amendment to Motion 8

“Add a paragraph before the section beginning council agrees, as follows:-

Fife council Notes with grave concern the proposal to discontinue trains travelling around the full length of the Fife Circle. Fife council strongly believes that forcing people to change trains at stations which are unmanned for long periods of the day Will discourage those with disabilities and additional access needs from travelling independently.

Proposed by Councillor David J Ross

Seconded by Councillor Dave Dempsey
