Agent: Craig Spence 19 Groves Place Balbirnie Green Markinch Fife KY7 6QT

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.

Ward: Buckhaven, Methil And Wemyss Villages

Proposal: Planning permission in principle for erection of two dwellinghouses

Location: Land At Junction Of Herriot Crescent And Kirkland Road Methil Fife

Applicant: Sinclair Watt Architects Ltd Quayside House Dock Road Methil Fife KY8 3SR

Agent: Iain Mitchell Quayside House Dock Road Methil Dock Business Park Methil Fife Scotland KY8 3SR

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 5 years from the date of this permission.
2. A further application(s) for certain matters (Approval of Matters Required by Condition) shall be submitted for the requisite approval of this Planning Authority, together with the detailed plans which shall include:-
 - (a) A location plan of all the site to be developed to a scale of not less than 1:2500, showing generally the site, any existing trees, hedges, walls (or other boundary markers) layout of the roads and sewers, and the position of all buildings;
 - (b) A detailed plan to a scale of not less than 1:500 showing the site contours, the position and width of all proposed roads and footpaths including public access provision, the siting of the proposed buildings, finished floor levels, new walls and hedges, details of proposed landscape treatment and the phasing of development;
 - (c) Detailed plans, sections and elevations of all buildings proposed to be erected on the site, and their relationship to adjacent land and/or buildings, together with details of the proposed method of drainage and the colour and type of materials to be used externally on walls, roofs and boundary treatment. For the avoidance of doubt, modern architectural forms can be supported throughout the development. Should the development be of a more traditional architectural form, then the proposed materials should reflect this. Acceptable materials in this case would be a local vernacular: natural stone, traditional render, natural slate and clay pantiles (or an equivalent replica product). The use of standard house types across the site will not be accepted. The use of timber fencing as a boundary treatment (including rear boundaries) on publicly visible locations will not be acceptable;
 - (d) Details of the existing and proposed ground levels as well as the finished floor levels all related to a fixed datum point. The details shall specify the extent and height of any areas of mounding;
 - (e) A supporting statement illustrating the developments' compliance with National Planning Framework 4 (2023) and Fife Council's Planning Policy - Making Fife's Places Supplementary Guidance Document (2018) - including reference and proposals relating to the design, layout, green network infrastructure and biodiversity enhancement;
 - (f) A sustainability statement illustrating the developments' compliance with Fife Council's Planning Policy - Low Carbon Fife Supplementary Guidance Document (2019). The sustainability statement shall address all of the matters set out in Appendix B of Fife Council's Low Carbon Fife Supplementary Guidance (January 2019);
 - (g) A surface water management plan as set out within Fife Council's Design Criteria Guidance on Flooding and Surface Water Management Plan Requirements (2020). The applicant should also provide a Stage 1 Flood Risk Assessment.

No work shall be started on site until the written permission of this Planning Authority has been granted for these proposals, or such other details as may be acceptable.

3. The dwellinghouses provided on the site shall be used solely as a residence for (a) a single person or by people living together as a family; or, (b) not more than 5 unrelated residents living together in a dwellinghouse. For the avoidance of doubt, the dwellinghouses hereby approved shall not be used for Housing in Multiple Occupation.
4. Prior to occupation of each of the proposed dwellinghouses, a minimum of 2 off-street parking spaces per 3 bedroom house and 3 off-street parking spaces for a 4 and above bedroom house shall be provided within the curtilage of each site in accordance with the current Fife Council Parking Standards. The parking spaces shall thereafter, be retained throughout the lifetime of the development for the purposes of off street parking.

5. IN THE EVENT THAT CONTAMINATION NOT PREVIOUSLY IDENTIFIED by the developer prior to the grant of this planning permission is encountered during the development, all development works on site (save for site investigation works) shall cease immediately and the planning authority shall be notified in writing within 2 working days.

Unless otherwise agreed in writing with the local planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority or (b) the planning authority has confirmed in writing that remedial measures are not required. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed in accordance with the approved Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement, a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by the local planning authority.

6. Prior to the occupation of each of the proposed dwellinghouses, visibility splays of 2m x 25m shall be provided to the left and to the right at the junctions of each the proposed vehicular crossings and the public road and thereafter maintained in perpetuity, clear of all obstructions exceeding 0.6 metres above the adjoining carriageway level, in accordance with the current Appendix G (Transportation Development Guidelines) of Making Fife's Places.
7. Prior to the occupation of each of the proposed dwellinghouses, all access driveways shall be constructed at a gradient not exceeding 1 in 10 (10%) and shall have appropriate vertical curves to ensure adequate ground clearance for vehicles. For the avoidance of doubt, the first two metre length of the driveway to the rear of the public footway shall be constructed in a paved material (not concrete slabs).
8. The total noise from all plant, machinery or equipment such as air source pumps shall be such that any associated noise complies with NR 25 in bedrooms, during the night; and NR 35 during the day in all habitable rooms, when measured within any relevant noise sensitive property, with windows open for ventilation.

For the avoidance of doubt, day time shall be 0700-2300hrs and night time shall be 2300-0700hrs.

Reason(s):

1. In order to comply with the provisions of Section 59 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. To be in compliance with Section 59 of The Town and Country Planning (Scotland) Act 1997, as amended by the Planning etc (Scotland) Act 2006.
3. In order to ensure that no damage is caused to the existing trees during (demolition and) development operations.
4. To ensure all contamination within the site is dealt with.
5. In the interest of road safety; to ensure the provision of adequate visibility at the junctions of the vehicular access and the public road.
6. In the interest of road safety; to ensure the provision of an adequate design layout and construction and to avoid severe gradients which would render the driveways unsuitable for vehicular use and to ensure that no deleterious material is dragged on to the public road.
7. In the interests of road safety. To ensure the provision of an adequate off street parking facilities.
8. In the interests of protecting residential amenity.

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. Prior to the first occupation of the proposed dwellinghouse, visibility splays of 2.4m x 25m shall be provided to the North and to the South at the junction of the vehicular crossing and the C61 classified public road and thereafter maintained in perpetuity, clear of all obstructions exceeding 1.05m above the adjoining carriageway level, all in accordance with the current Fife Council Transportation Development Guidelines. The boundary hedge to the North may require to be removed or cut back to allow for the visibility splay to be implemented.
3. Prior to the first occupation of the proposed dwellinghouse, there shall be provided within the curtilage of the site suitable turning areas for vehicles suitable for use by the largest size of vehicle expected to visit or be used by occupants of the premises to allow a vehicle to enter and exit the driveway in a forward gear. The turning area shall be formed outwith the parking areas and shall be retained throughout the lifetime of the development.
4. Prior to the first occupation of the proposed dwellinghouse, the first two metre length of the access driveway to the rear of the public road shall require to be upgraded and constructed in a paved material (not concrete slabs).
5. Prior to the first occupation of the proposed dwellinghouse, all works carried out on or adjacent to the public roads and footways shall be constructed and completed in accordance with the current Fife Council Transportation Development Guidelines.
6. Prior to the first occupation of the proposed dwellinghouse, a minimum of 3 No off street parking spaces shall be provided within the curtilage of the site in accordance with the current Fife Council Parking Standards. The parking spaces shall be retained throughout the lifetime of the development for the purposes of off street parking.
7. IN THE EVENT THAT CONTAMINATION NOT PREVIOUSLY IDENTIFIED by the developer prior to the grant of this planning permission is encountered during the development, all development works on site (save for site investigation works) shall cease immediately and the planning authority shall be notified in writing within 2 working days.

Unless otherwise agreed in writing with the local planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority or (b) the planning authority has confirmed in writing that remedial measures are not required. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed in accordance with the approved Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement, a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by the local planning authority.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.

2. In the interest of road safety; to ensure the provision of adequate visibility at the junctions of the vehicular access and the public road.
3. In the interest of road safety; to ensure that no deleterious material is dragged on to the public road.
4. In the interest of road and pedestrian safety; to ensure the provision of an adequate design layout and construction.
5. In the interests of road safety; to ensure the provision of an adequate off street parking facilities.
6. In the interest of road safety; to ensure that all vehicles taking access to and egress from the site can do so in a forward gear.
7. To ensure all contamination within the site is dealt with.

1. IN THE EVENT THAT CONTAMINATION NOT PREVIOUSLY IDENTIFIED by the developer prior to the grant of this planning permission is encountered during the development, all development works on site (save for site investigation works) shall cease immediately and the planning authority shall be notified in writing within 2 working days.

Unless otherwise agreed in writing with the local planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority or (b) the planning authority has confirmed in writing that remedial measures are not required. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed in accordance with the approved Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement, a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by the local planning authority.

2. Prior to the first occupation of the proposed dwellinghouse, there shall be 2 No. off street parking spaces provided as shown on Drawing No. 22-0126/SP1 in accordance with the current Appendix G (Transportation Development Guidelines) of Making Fife's Places. The parking spaces shall be retained throughout the lifetime of the development for the purposes of off street parking.
3. Any demolition works should take place outwith the bird breeding season of March-August.
4. Houses in Multiple Occupation: The dwellinghouse proposed on the site shall be used solely as a residence for (a) a single person or by people living together as a family; or, (b) not more than 5 unrelated residents living together in a dwellinghouse. For the avoidance of doubt none of the residential units hereby approved shall be used for Housing in Multiple Occupation.
5. No development shall commence until;
 - a) a scheme of intrusive investigations has been carried out on site to establish the risks posed to the development by past shallow coal mining activity; and
 - b) any remediation works and/or mitigation measures to address land instability arising from coal mining legacy, as may be necessary, have been implemented on site in full in order to ensure that the site is made safe and stable for the development proposed.

The intrusive site investigations and remedial works shall be carried out in accordance with authoritative UK guidance.

6. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
7. Prior to the occupation of the development, or it being taken into beneficial use, a signed statement or declaration prepared by a suitably competent person confirming that the site is, or has been made, safe and stable for the approved development shall be submitted to the Local Planning Authority for approval in writing. This document shall confirm the methods and findings of the intrusive site investigations and the completion of any remedial works and/or mitigation necessary to address the risks posed by past coal mining activity.

Reason(s):

1. To ensure all contamination within the site is dealt with.
2. In the interest of road safety; to ensure the provision of adequate off-street parking facilities.
3. To protect breeding birds.
4. In the interests of maintaining a mixed and balanced housing stock as required by Policy 2 of the Adopted FIFEPlan (2017)
5. To ensure the safety and stability of the completed development.
6. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
7. To ensure the safety and stability of the completed development.

Ward: East Neuk And Landward**Proposal:** Change of use from public house (Sui Generis), bistro/coffee shop (Class 3), hotel (Class 7) and owners accommodation (Sui Generis) to two restaurants (Class 3) and two flatted dwellings (Sui Generis) and installation of door (part retrospect)**Location:** The Boat House 28 Shore Street Anstruther Fife KY10 3AQ**Applicant:** TLT Properties Ltd 165 Brook Street Broughty Ferry Dundee Scotland DD5 1DJ**Agent:** Jon Frullani 140 Perth Road Dundee United Kingdom DD1 4JW**Application Permitted with Conditions****Approve** subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. BEFORE ANY FURTHER WORKS COMMENCE ON SITE, an extract ventilation scheme, including details of the methods of treatments of emissions and filters to remove fumes, smoke, odours and control noise emissions from such a scheme(s) shall be submitted for the prior written approval of Fife Council as Planning Authority. The approved scheme(s) shall be operational prior to each of the commercial units coming in to use and shall thereafter be retained and maintained for the lifetime of the development of each unit.
3. Unless otherwise agreed in writing with the planning authority, the total noise from all plant, machinery or equipment shall be such that any associated noise complies with NR 25 in bedrooms, during the night; and NR 30 during the day in all habitable rooms, when measured within any noise sensitive property, with windows open for ventilation. For the avoidance of doubt, daytime shall be 07:00-23:00hrs and night-time shall be 23:00-07:00hrs.
4. Notwithstanding the terms of Class 3 of The Town and Country Planning (Use Classes) (Scotland) Order 1997, Unit 2 shall only be used as a coffee shop for the preparation and sale of coffee, teas, soft drinks, paninis, toasties, sandwiches, soup, rolls and bakery products and similar goods where their preparation does not give rise to unacceptable cooking levels e.g. frying/deep fat frying which would be detrimental to the amenity of the adjoining properties. FOR THE AVOIDANCE OF DOUBT, frying/deep fat frying is hereby NOT PERMITTED.
5. BEFORE ANY FURTHER WORKS COMMENCE ON SITE, a scheme designed to mitigate the effects on sensitive premises/areas (i.e neighbouring properties and road) of dust, noise and vibration from the construction of the proposed development shall be submitted to the Planning Authority for approval. The use of British Standard BS 5228: Part 1: 2009 "Noise and Vibration Control on Construction and Open Sites" and BRE Publication BR456 - February 2003 "Control of Dust from Construction and Demolition Activities" should be consulted. Upon approval all matters detailed in the scheme shall be carried out in accordance with the scheme unless otherwise agreed in writing by the Planning Authority.
6. Unless otherwise approved in writing by Fife Council as Planning Authority, activities relating to the erection, construction, alteration, repair or maintenance of buildings, structures or roads shall not take place outwith the following hours:

08.00am-18.00pm Mondays to Fridays, and
08.00am- 13.00pm on Saturdays.

For the avoidance of doubt, there shall be no construction works taking place on Sundays or Public Holidays.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. In order to protect the amenity of neighbouring sensitive receptors.
3. In the interests of safeguarding the amenity of adjoining and nearby noise sensitive receptors from the effects of significant noise.

4. In order to protect the amenity of neighbouring sensitive receptors.
5. In the interests of safeguarding the amenity of neighbouring sensitive receptors.
6. In the interests of residential amenity, to minimise noise disturbance to the neighbouring noise sensitive receptors during the construction phase of development.

Ward: East Neuk And Landward

Proposal: Change of use for outdoor seating with the siting of post and rope barrier (removed in the evening) (Section 42 application to vary conditions 1 and 3 of 22/00442/FULL)

Location: Ground Floor 61 High Street Crail Anstruther Fife KY10 3RA

Applicant: Mr Salvatore Amitrano Easter Hainings 1 Strathkinness High Road St Andrews Scotland KY16 9UA

Agent: Kenneth Wallace Swilken House 35 Largo Road St Andrews Scotland KY16 8NJ

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. The outdoor area hereby approved shall be cordoned off by a total of 9 permanent planters and removable rope and post barriers.
3. When the outdoor seating area is in use there shall be a consistent gap of at least 2m between the whole of the boundary frontage and the roadside kerbing thus maintaining a 2m wide footway. The boundary enclosure must be maintained at all times at this set back distance.
4. For the lifetime of the development, the hours of operation of the outdoor seating area hereby approved, shall be restricted to between 09:00 and 22:00 Monday to Sunday. For the avoidance of doubt the outdoor seating area tables, chairs and moveable boundary enclosure shall be dismantled/removed from the site by 22:00 each day and shall not be set up and used again until 09:00 the following day unless otherwise agreed in writing with this Planning Authority.
5. For the lifetime of the development, no amplified music shall be permitted to be played or produced in the outdoor seating area.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. In the interest of pedestrian safety; to ensure that all tables and chairs are contained within the allocated space.
3. In the interest of pedestrian safety; to ensure the ease of passage and safety of pedestrians.
4. In the interests of residential amenity; to ensure neighbouring properties are not exposed to adverse noise levels during the evening and through the night.
5. In the interests of residential amenity; to ensure adjacent residential dwellings are not subjected to adverse noise from music.

Conditional Approval/Legal Agreement

Approve subject to the following condition(s):-

1. A further application(s) for certain matters of the development (Approval of Matters Required by Condition) shall be submitted for the requisite approval of this Planning Authority as set out below:-
 - (a) the construction of all residential development and associated infrastructure for each phase or combined phases of development.
 - (b) the roundabout at the junction of the A911 and Sappi Road including the details of the closure of the existing junction and the realignment of the public roads;
 - (c) the development of the road, cycleway and footpath network within the site including the public realm strategy for each phase or combined phases of development;
 - (d) the layout and planting schemes for all formal and informal open space and play areas for each phase or combined phases of development;
 - (e) the strategic landscape planting and any associated engineering operations, the detailed layout and planting schedules, and a biodiversity plan informing the design of the planting for each phase or combined phases of development;
 - (f) the construction of all engineering works associated with the provision of SUDS facilities and flood protection measures including appropriate technical reports and a Stage 2 Flood Assessment for the SUDS associated for each phase or combined phases of development;
 - (g) a Phase II Intrusive Site Investigation Report and any Remediation Strategy arising from the Phase II Report and the details of all mitigation measures necessary to address contaminated land issues for each phase or combined phases of development;
 - (h) A scheme of intrusive site investigations for the mine entries and the shallow coal workings for each phase or combined phases of development;
 - (i) a Phasing Plan for the development
 - (j) a public art strategy for the whole development site;
 - (k) A stage 1 Roads Safety Audit for each phase of development;
 - (l) the details of the maintenance arrangements for all areas of landscaping open space, including equipped and non-equipped play areas for each phase or combined phases of development;
 - (m) a full site specific environmental management plan (EMP) for each phase or combined phases of development.

No work shall be started on the development until the written permission of this Planning Authority has been granted for the proposals.

2. Every application submitted under the terms of condition 1 shall include the following information where relevant:-
 - (a) a location plan of all the site to be developed to a scale of not less than 1:2500, showing generally the site, any existing trees, hedges, walls (or other boundary markers) layout of the roads and sewers, and the position of all buildings;
 - (b) a detailed plan to a scale of not less than 1:500 showing the site contours, the position and width of all proposed roads and footpaths including public access provision, the siting of the proposed buildings, finished floor levels, new walls and fences, a survey of all existing trees including those to be retained and those to be felled and details of the proposed landscape and public realm treatment (including materials);
 - (c) detailed plans, sections and elevations of all buildings proposed to be erected on the site, together with details of the proposed method of drainage and the colour and type of materials to be used externally on walls

and roofs;

(d) a Design and Access Statement for the proposed development;

(e) details of the energy efficiency or sustainability credentials of the designs chosen for the buildings and other parts of the development;

(f) full details of the method for the delivery of any affordable housing incorporated within that application;

(g) a statement explaining in full how the details of the application comply with the Masterplan, the affordable housing requirement, the Flood protection/SUDS facilities and the public art strategy as approved under the terms of condition 1;

(h) a Traffic Management Plan relating to the construction phase of the development applied for including details of construction timescales, details of any impacts on the road network in terms of road closures the contractors' site facilities including storage, parking provision and areas for the storage of top soil and sub soil.

(i) an acoustic report relevant to that phase of development and the noise attenuation measures including window design and ventilation details associated with the recommendations of that report;

(j) details of top soil storage and construction compounds;

(k) a dust suppression scheme;

(l) the details of the contaminated land remediation works associated with that particular application;

(m) the report of any findings arising from the intrusive investigations relating to the coal risk assessment including gas monitoring, the layout plan identifying appropriate zones of influence for mine entries and the definition of suitable no-build zones, the treatment for recorded mine entries and the remedial works for the shallow coal workings for the part of the site applied for;

(n) confirmation that capacity exists within the public sewer to accept the development proposed and details of any off site works that are required to be carried out before such connections can be made;

(o) details of the tree protection measures that enclose the riverside area where the existing trees are to be retained.

3. The development shall be carried out in accordance with the terms of the Masterplan, the Strategic Development Framework and the Phasing Plan as approved under the terms of condition 1 above and further applications submitted under conditions 1 & 2 above shall reflect the design and development guidance set out in those documents, unless the provisions of the Masterplan are expressly superseded by the terms of this planning permission in principle.
4. The development shall be designed and laid out in a form that reflects the conclusions of the Acoustic Report with regard to the acoustic measures within the strategic landscaping and the design of windows and ventilation requirements and taking into account the additional matters set out in condition 21.
5. The residential development shall include Class 9 dwellinghouses and flatted dwellings and the number of residential units developed across the whole site including any affordable housing units shall not exceed 300.
6. Phases 2, 3 and 4 of the site shall be developed with a minimum of 10% Affordable Housing units as defined by the Councils Supplementary Guidance on Affordable Housing 2012 or any Fife Council document amending or replacing this guidance. The affordable residential units shall be distributed across Phases 2, 3 and 4 of the development site in accordance with the phasing plan to be submitted under condition 1 above and the 10% calculation shall be based on the residential element arising from Phases 2, 3 and 4 of the development site.
7. BEFORE THE FIRST APPLICATION IS SUBMITTED FOR ANY BUILDINGS IN EACH PHASE UNDER THE TERMS OF CONDITION 1 AND 2 above the following matters shall have been submitted to and approved under the terms of conditions 1 and 2:- the phasing plan; a public art strategy; the environmental management plan (EMP) and the scheme of intrusive site investigations for the mine entries and the shallow coal workings. Thereafter the further applications under conditions 1 and 2 shall reflect the above approved details where directly relevant to that further application.
8. BEFORE ANY PERMISSION IS GRANTED FOR ANY BUILDING IN EACH PHASE the full details of all the SUDS and flood protection measures, shall be submitted to and approved for that phase unless all those same matters are incorporated within the detailed application accompanying the application that includes the first building. Thereafter all elements of that scheme necessary to facilitate any part of the development shall be fully completed prior to the commencement of the use of any part of the development applied for under condition 1.
9. The design of the flood protection measures shall take in account the terms of the Flood Risk assessment and shall make provision for compensatory storage for any land raising within the floodplain as shown on Drawing no 1141-202-002A and all compensatory storage required for each phase shall be provided for within that Phase of development. No development shall take place above the drainage network from the small wetland which could flow beneath Phase 2 in the Flood Risk assessment (Phase 1 in the Phasing Plan)
10. The additional flood risk assessment required by Condition 1 above shall take into account any flood risk associated with the small watercourse which runs through the eastern part of the site (Phase 6 in the Flood Risk Assessment and Phase 4 in the Phasing plan). It shall also assess whether there is a risk of water

entering the site if the outlet from the pond became blocked and overtopped Sappi Road and if such a risk exists create a flow path for this water through the site.

11. BEFORE ANY PERMISSION IS GRANTED FOR ANY BUILDING IN EACH PHASE the full details of all footpath links, road improvements and open space or play areas shall be submitted to and approved for that phase unless all those same matters are incorporated within the detailed application accompanying the application that includes the first building. Thereafter all elements of that scheme necessary to facilitate any part of the development shall be fully completed prior to the commencement of the use of the 20th residential unit within that phase applied for under condition 1.
12. The strategic landscape works, associated with each phase of development required by condition 1 shall be implemented and completed in accordance with the requisite approval within the first planting season following commencement of work on that Phase.
13. Vegetation clearance shall not take place at any time between the beginning of March and the end of August (inclusive) in any calendar year unless otherwise agreed in writing with the Planning Authority.
14. The remediation works associated with the mine entry points or shallow coal workings affecting the site shall be completed prior to the commencement of work on any other part of the development.
15. The layout of open space for any form of play or recreational use required by condition 1 above shall demonstrate a minimum 60 sqm per each dwelling created on the site. Any areas of fenced off SUDS ponds, inaccessible landscape planting or road verges shall not be included in this measured area.
16. BEFORE ANY WORKS START on each Phase of development that part of the site shall be re-surveyed within the appropriate season prior to commencement of work for bats within any of the trees to be felled. Details of the survey shall be included with the first application relevant to that part of the site and any new mitigation measures incorporated into the design of that part of the development.
17. The design of the development submitted under condition 1 & 2 above shall ensure that the watercourse and riparian woodland is retained, protected and enhanced. The river walk shall not encroach into the riparian woodland area.
18. The detailed plans required by condition 1 above shall clearly illustrate, in cross-section form, the existing ground level, the extent of any underbuilding, the finalised floor level of the proposed development in relation to the levels of adjacent land and buildings (including windows of buildings within 18 metres, the proposed ground levels and any intervening existing or proposed screening (walls or fences). The floor levels shall clearly relate to a Fixed Datum Point on or nearby the site such as a road or pavement, which shall be identified on the submitted plans.
19. The existing core path passing through the site shall be retained on its existing alignment as far as practicable (allowing for potential new connections and a varied route through to the pedestrian bridge on the A911 once the upgrading of Sappi Road has taken place) and details of its inclusion within the open space area shall be set out in the details to be submitted under Conditions 1 and 2 above. The core path shall remain open during the construction works unless agreed otherwise in writing with Fife Council as Planning Authority.
20. The details design of Phase 4 shall include a new connection to the Core Path lying to the north of the site on the disused railway line and this connection shall be in place prior to the occupation of the 20th residential unit on this site.
21. The acoustic report required by conditions 1 and 2 above shall be prepared by a suitably competent person and shall set out as a minimum requirement the following detail:-
 - a) determine the existing noise climate
 - b) predict the noise climate in gardens (daytime), bedrooms (night-time) and other habitable rooms of the development
 - c) detail the proposed attenuation/design (including ventilation if required) necessary to protect the amenity of the occupants of the new residences to the following maximum levels:-
 - i) 35dB16hr LAeq between 0700 and 2300 hours in any noise sensitive rooms in the development.
 - ii) 30dB8hr LAeq between 2300 and 0700 hours inside any bedroom in the development.
 - iii) 45LAMax dB between 2300 and 0700hrs inside any bedroom in the development.
 - iv) A target level of between 50-55dB LAeq between 0700 and 2300 hours in any external amenity space.Thereafter the development shall be constructed in accordance with those details and the measures employed retained for the lifetime of the development
22. The construction activities associated with this development likely to give rise to noise at the site boundaries including the erection of buildings, land engineering operations and roads construction shall not take place outwith the hours of 08.00 and 18.00 hours on Mondays to Fridays and 08:00 and 13.00 hours on Saturdays; unless specific matters necessitate alternative hours and those hours are approved in writing with Fife Council as Planning Authority.

23. Before any work starts on the construction of buildings on each Phase of development the remediation of that part of the site shall be carried out and completed in accordance with the Remediation Strategy approved for that Phase (where required). In the event that remediation is unable to proceed in accordance with the approved Remediation strategy or contamination not previously considered by the earlier Risk Assessment of Phase II Intrusive Site investigation report is identified or encountered on site, all works on site save for the investigation works themselves shall cease immediately and the Planning Authority shall be notified in writing within 2 working days. Unless otherwise approved in writing with the Planning Authority, works shall not recommence until proposed revisions to the Remediation Strategy have been submitted to and approved by the Planning Authority. Remediation of the site shall thereafter be carried out in accordance with the approved revised Remediation Strategy.
24. Prior to the occupation of any dwelling the developer shall provide grit bins within the vicinity of the completed development and these shall be maintained (including regular filling) by the developer until the road system is adopted by Fife Council. The permanent locations and specification of the grit bins shall be indicated on the layout plans for each phase as required under condition 1 above.
25. Following completion of any measures identified in the approved Remediation Strategy or any revised Strategy for each Phase of combined phases of the site a Validation report shall be submitted to the Planning Authority, no part of the site shall be brought into use until such time as the remediation measures for the part of the site covered by the Remediation Strategy have been completed in accordance with the approved Remediation Strategy and a validation Report in respect of those remediation measures has been approved in writing by the Planning Authority.
26. All roads and associated works serving the proposed development shall be constructed in accordance with the current Fife Council transportation development guidelines which consist of the SCOTS National Roads Development Guide and Fife Council's Making Fife's Places appendix G.
27. Prior to the occupation of each property off street parking shall be provided for that property in accordance with the current Fife Council Transportation Development Guidelines. The parking shall thereafter remain available for the lifetime of the development.
28. There shall be provided within the site parking spaces for visitors in accordance with the current Parking Standards contained within the Fife Council Transportation Development Guidelines.
29. Prior to commencement of works on site adequate wheel cleaning facilities shall be provided and maintained throughout the construction of the development so that no mud, debris or other deleterious material is carried by vehicles onto the public roads. Details of the proposed wheel cleaning facilities for each phase shall be submitted for the written approval of this planning authority prior to their installation on site.
30. No dwelling shall be occupied prior to the installation of operating street lighting and footways (where required) to serve that dwelling in accordance with the details to be approved under the terms of condition 1 and 2 of this development.
31. The development shall include a new roundabout formed at the junction of the A911 and the B9130, broadly in line with the Preliminary Roundabout Plan whereby the A911 is realigned to accommodate the roundabout. The details of this junction shall be submitted under the terms of condition 1 above and no more than 55 residential units within Phases 2,3, or 4 cumulatively shall be occupied until the roundabout as approved is completed. For the avoidance of doubt, no direct vehicular access into the site shall be taken from any other point on the A911 site frontage.
32. The Traffic Management plan(s) required by condition 2 above shall contain details on routing and timing of deliveries to site, site operatives parking area, traffic management required to allow off site operations such as public utility installation, etc. The approved traffic management plan shall thereafter be implemented for the duration of the construction works.
33. The existing junction of Sappi Road (B9130) with the A911 shall cease at the point in time that the new roundabout is open for public use. Thereafter the redundant junction and the slipways onto the A911 shall be closed off and restored to verge or other purposes within 4 weeks of the completion of the new roundabout, all in accordance with details to be submitted under the terms of conditions 1 and 2 above.
34. The development of Phase 1 shall include the upgrading of Sappi Road (B9130) along the whole site frontage of this phase from the end of the completed development at West Mill Road (05/00555/CFULL) to the Balbirnie Railway bridge abutments. The improvement shall include appropriate carriageway widening, footpaths, traffic calming and any other improvements required in accordance with conditions 25 and 26 above. This improvement shall be completed before the occupation of the 20th residential unit with this phase.
35. The development of Phases 2, 3 and 4 shall include the upgrading of Sappi Road (B9130) from the Balbirnie Railway abutments (the end point of the Phase 1 improvements) to its new junction with the A911 required by

condition 32 above. The improvement shall include appropriate carriageway widening, footpaths, traffic calming and any other improvements required in accordance with condition 25 and 26 above. No more than 55 residential units within Phases 2, 3 or 4 cumulatively shall be occupied until this improvement is completed.

36. The area marked "Potential Park and Ride " on the Strategic Development Framework shall not be developed for residential purposes nor included within the open space or landscaping areas as part of this development hereby approved and shall therefore be retained as a potential site for another form of development in the future.
37. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.

Reason(s):

1. To be in compliance with Section 59 of The Town and Country Planning (Scotland) Act 1997 as amended by the Planning etc. (Scotland) Act 2006.
2. To be in compliance with Section 59 of The Town and Country Planning (Scotland) Act 1997 as amended by the Planning etc. (Scotland) Act 2006.
3. To ensure the development progresses in accordance with the terms of the Development Framework which forms part of the application proposals.
4. In the interests of residential amenity; to ensure the noise requirements are incorporated into the design of the development.
5. To clearly define the maximum number of residential units approved under this permission.
6. To clearly set out the requirements for the phased delivery of affordable housing throughout the lifetime of the development.
7. To ensure the key strategic matters reserved by condition 1 are considered and approved before any of the detailed development proposals are approved.
8. To ensure the key strategic matters reserved by condition 1 are considered and approved before any of the detailed development proposals are approved.
9. To ensure the final Flood Risk design has taken into account the appropriate information and risks.
10. To ensure the final Flood Risk design has taken into account the appropriate information and risks.
11. To ensure the key strategic matters reserved by condition 1 are considered and approved before any of the detailed development proposals are approved.
12. In the interests of visual amenity; to ensure that the key strategic landscape works have been implemented before the development of each phase commences.
13. To ensure any land stabilisation works are completed before any further activity takes place on site.
14. To ensure a minimum level of open space is maintained as the development is implemented over the lifetime of the permission.
15. To ensure that the most up to date data is known regarding any protected species on the site before any further applications are determined due to the long term nature of this development and the likelihood that the natural habitat at the site could change over time.
16. In the interest of protecting nesting birds within the site.
17. In the interests of protecting the important riverside habitat within the site boundary and to improve the biodiversity associated with this development.
18. In the interests of residential and visual amenity; (a) to ensure that there is no significant detrimental impact on adjacent properties and (b) to avoid excessive underbuilding.
19. To ensure the core path is protected through the course of the development and on completion
20. To ensure the eastern part of the site is connected to the existing core path leading to Markinch and the associated public transport facilities.
21. In the interest of residential amenity; to ensure the noise requirements are incorporated into the design of the development.
22. In the interest of residential amenity. To minimise the risk of the construction noise impacting on nearby residential buildings.

23. To ensure remedial works are carried out to the agreed protocol.
24. To provide verification that remediation has been carried out in accordance with the approved Strategy.
25. In the interest of road safety - to ensure the provision of adequate design.
26. To ensure the provision of adequate off street parking.
27. To ensure the provision of adequate parking provision.
28. In the interest of road safety - to ensure that public roads are kept free of mud, debris, etc.
29. In the interest of road safety - to ensure the provision of adequate winter maintenance facilities
30. In the interest of road safety - to ensure the provision of adequate pedestrian facilities
31. In the interests of road safety to ensure the development is served by a new roundabout suitable for a location on an A class road where the existing junction is unsuitable for any increase in development traffic.
32. In the interest of road safety to ensure the existing substandard access is closed off.
33. In the interests of road safety to ensure the development is served by a public road suitable for the scale of development anticipated.
34. In the interests of road safety to ensure the development is served by a public road suitable for the scale of development anticipated.
35. In the interests of road safety to ensure the construction phase causes the minimal disruption to the surrounding road network.
36. To clearly define the extent of the development granted permission.
37. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.

Application Permitted with Conditions**Approve** subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. PRIOR TO WORKS COMMENCING ON THE RECOVERING OF THE ROOF with the approved new slate and following removal of the existing slate to the roof areas of the building, further details of the completed Timber Condition Report with sectional drawings and photographs shall be submitted for the written approval by Fife Council as Planning Authority. For the avoidance of doubt the report shall detail the condition of any existing timbers, any new construction, and materials and whether the existing timbers will be reused to "rebuild" the roof where appropriate. In addition to this, the report shall include an assessment of all existing slate and whether this can be reused to other areas than that already approved and noted under drawing number: 276 D PD11 Proposed Elevations which shows the front and rear main central stable block to be recovered with existing slate. If they cannot be reused, please provide justification within the report.
3. A traditional mortar mix shall be used consisting of lime and aggregate (no cement), a specification for which shall be submitted to this Planning Authority for approval in writing BEFORE ANY WORKS START ON SITE.
4. Following the installation of the approved surface water management system, all groundworks required to install this system shall be reinstated to its former condition and material, unless otherwise agreed in writing with Fife Council as Planning Authority.
5. PRIOR TO WORKS COMMENCING ON SITE further details and scaled sectional drawings to show the proposed groundworks and levelling required to form the new car parking spaces, access, and footpath to service the residential use as detailed on approved drawing number: 276 D SPO2 Proposed Site Plan shall be submitted for approval in writing by this Planning Authority. These details shall include the proposed construction method (including any building protection measures), materials and colour finish to be used. Once agreed, the development shall be carried out in accordance with these approved details.
6. All stone details shall be constructed in natural stone of a colour and coursing to match the existing stonework.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. In the interests of protecting the character of a Listed Building; to ensure that construction methods and materials are appropriate.
3. In the interests of visual amenity; to ensure that the external finishing materials are appropriate to the character of the area.
4. In the interests protecting the character and appearance of the surrounding historic environment
5. In the interests protecting the character and appearance of the surrounding historic environment.
6. In the interests protecting the character and appearance of the surrounding historic environment.

Proposal: Conversion and refurbishment of coach house to form a single dwellinghouse (Class 9) including external alterations and ancillary drainage works

Location: Coach House And Stables Adjacent To Lochieheads House Rossie Auchtermuchty Fife

Applicant: Lochieheads Farm Lochieheads House Rossie Auchtermuchty United Kingdom KY14 7EH

Agent: Garry Adam 2A Orange Lane Montrose United Kingdom DD10 8ND

Application Permitted with Conditions**Approve** subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. In the event that construction works are proposed to be carried out within the bird breeding period (i.e. March to September inclusive), a pre-works bird survey will be carried out and submitted for the prior written approval of Fife Council. No works shall commence until written approval has been issued by Fife Council.
3. BEFORE ANY WORKS START ON SITE, the developer shall institute an accurate survey to be carried out by a qualified arboriculturist of all trees existing on the site and all trees adjacent to or overhanging the site that may be impacted due to the proposed groundworks required by the proposed surface water management arrangements. The survey shall include any details of those trees proposed to be felled or lopped and those to be retained as a consequence of these works. The survey shall contain details of the position, canopy spread, bole diameters, health, size and species of all trees within the curtilage of the site. No trees shall be felled, topped, lopped or have roots cut or damaged without the prior written approval of this Planning Authority.
4. PRIOR TO ANY WORKS ON SITE, further details of the proposed recommendations and mitigation measures set out within the Preliminary Ecological Appraisal (Barn Owl Bird Survey Report 11.07.2022) shall be submitted for the prior written approval of Fife Council. No works shall commence until written approval has been issued by Fife Council and following approval the work shall be implemented in full, prior to, during and on completion of the development.
5. PRIOR TO ANY WORKS ON SITE, further details of the proposed recommendations and mitigation measures set out within the Preliminary Ecological Appraisal (Bat Survey Report 11.07.2022) shall be submitted for the prior written approval of Fife Council. No works shall commence until written approval has been issued by Fife Council and following approval the work shall be implemented in full, prior to, during and on completion of the development.
6. The dwellinghouse provided on the site shall be used solely as a residence for (a) a single person or by people living together as a family; or, (b) not more than 5 unrelated residents living together in a dwellinghouse. For the avoidance of doubt, the dwellinghouse hereby approved shall not be used for Housing in Multiple Occupation.
7. BEFORE THE DEVELOPMENT IS OCCUPIED 3 off-street parking spaces shall be provided in accordance with the current Fife Council Transportation Development Guidelines and thereafter maintained and kept available as such.
8. Following the installation of the approved surface water management system, all groundworks required to install this system shall be reinstated to its former condition and material, unless otherwise agreed in writing with Fife Council as Planning Authority.
9. PRIOR TO WORKS COMMENCING ON SITE further details and scaled sectional drawings to show the proposed groundworks and levelling required to form the new car parking spaces, access, and footpath to service the residential use as detailed on approved drawing number: 276 D SPO2 Proposed Site Plan shall be submitted for approval in writing by this Planning Authority. These details should include the proposed construction method (including any building protection measures), materials and colour finish to be used. Once agreed, the development shall be carried out in accordance with these approved details.
10. PRIOR TO WORKS COMMENCING ON THE RECOVERING OF THE ROOF with the approved new slate and following removal of the existing slate to the roof areas of the building, further details of the completed Timber

Condition Report with sectional drawings and photographs shall be submitted for the written approval by Fife Council as Planning Authority. For the avoidance of doubt the report shall detail the condition of any existing timbers, any new construction, and materials and whether the existing timbers will be reused to "rebuild" the roof where appropriate. In addition to this, the report shall include an assessment of all existing slate and whether this can be reused to other areas than that already approved and noted under drawing number: 276 D PD11 Proposed Elevations which shows the front and rear main central stable block to be recovered with existing slate. If they cannot be reused, please provide justification within the report.

11. A traditional mortar mix shall be used consisting of lime and aggregate (no cement), a specification for which shall be submitted to this Planning Authority for approval in writing BEFORE ANY WORKS START ON SITE.
12. All stone details shall be constructed in natural stone of a colour and coursing to match the existing stonework.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. In the interests of biodiversity and habitat protection; to ensure the development does not have an unacceptable impact on natural heritage assets.
3. In the interests of visual amenity, biodiversity and habitat protection; to ensure the development does not have an unacceptable impact on natural heritage assets and to ensure that all trees worthy of retention are satisfactorily protected before and during construction works.
4. In the interests of biodiversity and habitat protection; to ensure the development does not have an unacceptable impact on natural heritage assets.
5. In the interests of biodiversity and habitat protection; to ensure the development does not have an unacceptable impact on natural heritage assets.
6. In the interests of maintaining a mixed and balanced housing stock as required by Policy 2 of the Adopted FIFEplan (2017).
7. To ensure adequate provision of off-street car parking.
8. In the interests protecting the character and appearance of the surrounding visual amenity of the area.
9. In the interests protecting the character and appearance of the surrounding visual environment.
10. In the interests of protecting the visual character of the building; to ensure that construction methods and materials are appropriate.
11. In the interests of visual amenity; to ensure that the external finishing materials are appropriate to the character of the area.
12. In the interests protecting the character and appearance of the surrounding historic environment

Application Permitted - no conditions

Ward: Inverkeithing And Dalgety Bay

Proposal: Planning Permission in Principle for erection of 7 dwellinghouses and associated garages, access and parking and landscaping works

Location: Couston Farm Burntisland Fife KY3 0RX

Applicant: Mr Craig Mitchell Newbigging Farmhouse Newbigging Farm Newbigging Farm Burntisland United Kingdom KY3 0AQ

Agent: Joe Fitzpatrick 35 Aytoun Crescent Burntisland United Kingdom KY3 9HS

Application Refused**Reason(s):**

1. In the interests of protecting and enhancing visual amenity; the development of 7 detached dwellings with a significant combined increase in built footprint area would fail to be in keeping with the traditional well proportioned and scaled 'U' shaped agricultural / steading building in this countryside / rural area. The proposal therefore is considered to be incongruous and inappropriate for its rural countryside setting and would also undermine the qualities of the defined Local Landscape Area. The proposal would as a whole fail to be in keeping with the character or scale of traditional buildings of the area nor would it protect the overall landscape and environmental quality of the site and countryside area within which it is located. The proposal is therefore considered to be contrary to Policy 14: Design, Quality and Places and Policy 29: Rural Development of National Planning Framework 4 (2023) and Policy 1: Development Principles, Policy 7 Development in the Countryside, Policy 8: Houses in the Countryside, Policy 10: Amenity and Policy 13: Natural Environment and Assets of the adopted FIFEplan Fife Local Development Plan (2017) and Making Fife's Places Supplementary Guidance (2018).
2. In the interests of residential amenity; the proposed development would have a significant detrimental impact on the amenity of the occupants of the proposed development in terms of noise, contrary to Policy 23: Health and Safety of NPF4 and Policy 1: Development Principles and Policy 10: Amenity of the adopted FIFEplan Fife Local Development Plan (2017).
3. In the interests of biodiversity and natural heritage; the development has failed to demonstrate that it would conserve, restore and enhance the biodiversity of the site, contrary to Policy 3: Biodiversity of National Planning Framework 4. Furthermore the proposal has failed to demonstrate that it would achieve significant environmental benefits or be located and designed to protect the overall landscape and environmental quality of the area, contrary to Policy 1: Development Principles and Policy 13: Natural Environment and Assets of the adopted FIFEplan Fife Local Development Plan (2017).
4. In the interests of road safety and sustainability; the development is unsustainable in terms of location, being remote from public transport and other services and thereby car dependant. As such, the development is contrary to Policy 13: Sustainable Transport of NPF4 and Policy 1: Development Principles, Policy 3: Infrastructure and Services and Policy 11: Low Carbon of the adopted FIFEplan Fife Local Development Plan (2017) and there are no relevant material considerations of such weight as to justify allowing a relaxation of Fife Council's standards with regard to sustainable transport.

92 **Application No:** 21/02216/FULL

Date Decision Issued: 07/04/2023

Ward: Inverkeithing And Dalgety Bay

Proposal: Formation of raised deck (retrospective)

Proposal: Extensions to front, side and rear of house, installation of solar panels and air source heat pump, alterations to existing boundary wall

Location: 19 Seaside Place Aberdour Burntisland Fife KY3 0TX

Applicant: Ms Kate Trouw 19 Seaside Place Aberdour Burntisland Fife KY3 0TX

Agent: Chris Matson 26 Mitchell Street Dalkeith Scotland EH22 1JQ

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.

Ward: Inverkeithing And Dalgety Bay**Proposal:** Erection of dwellinghouse with associated access and hardstanding**Location:** Goathill Quarry Easter Bucklyvie Crossgates Cowdenbeath Fife KY4 8ES**Applicant:** Mr Duncan Collier Collier Quarrying and Recycling Ltd Goathill EASTER BUCKLYVIE FARM Crossgates United Kingdom KY4 8ES**Agent:** Neil Gray AYE House Admiralty Park Rosyth Dunfermline UK KY11 2YW**Application Refused****Reason(s):**

1. In the interest of safeguarding the countryside from unjustified sporadic residential development. The proposal does not meet the policy intent or criteria of NPF4 Policy 17 (Rural Homes), 19 (Rural Development) and FIFEplan Policy 1 (Development Principles) and 8 (Houses in the Countryside). The proposed dwelling would not be supporting a permanent and sustainable business and insufficient evidence has been submitted to outline that the dwelling would support an agricultural business. Therefore, the site of the proposed rural dwelling would not be in an acceptable location.
2. In the interests of visual amenity and safeguarding the rural character of the surrounding area. The site is located in an isolated location, FIFEplan policy 8 of is clear in stating that planning permission will not be granted to housing in isolated positions, NPF4 policy 17 (Rural Homes) concurs by stating that proposals must be suitably sited. The proposal is therefore contrary to these policy considerations.
3. In the interest of safeguarding the qualities and views of the Local Landscape Area. The application site is in the Cullaloe Hills and Coast Local Landscape Area which are characterised by mostly rounded interlocking hills and lower rolling farmland. The proposal is isolated in its location and so would disrupt the distinctiveness of the area and would therefore cause a significant detrimental impact to the Local Landscape Area and so is not compliant with NPF4 policy 4 (Natural places) and FIFEplan policy 13 (Natural Environment and Access) and 29 (Rural Development).

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.

Ward: Kirkcaldy Central

Proposal: Change of use of public footpath to form outside enclosed seating area (in part retrospect)

Location: 6 Kirk Wynd Kirkcaldy Fife KY1 1EH

Applicant: Mr Dan Warner The Robert Nairn 6 Kirk Wynd Kirkcaldy Scotland KY1 1EH

Agent: James Lynch 46 Manchester Road Chorlton Manchester England M219PH

Refusal/Enforcement Action

Reason(s):

1. In the interests of pedestrian and road safety; the position and siting of the outside seating area with barriers results in the public footpath being too narrow to the detriment of pedestrian and road safety. The development is therefore unacceptable and is considered contrary to Policies 13 and 14 of the Adopted National Planning Framework 4 (2023), Adopted FIFEplan (2017) Policies 1, 3, and 10 and Making Fife's Places Supplementary Planning Guidance (2018).

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. IN THE EVENT THAT CONTAMINATION NOT PREVIOUSLY IDENTIFIED by the developer prior to the grant of this planning permission is encountered during the development, all development works on site (save for site investigation works) shall cease immediately and the planning authority shall be notified in writing within 2 working days.

Unless otherwise agreed in writing with the local planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority or (b) the planning authority has confirmed in writing that remedial measures are not required. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed in accordance with the approved Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement, a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by the local planning authority.

3. Prior to the occupation of the proposed dwellinghouse, off street parking spaces provided as shown on Drawing No. 366.02 Rev C in accordance with the current Appendix G (Transportation Development Guidelines) of Making Fife's Places. The parking spaces shall be retained throughout the lifetime of the development for the purposes of off street parking.
4. Prior to the occupation of the proposed dwellinghouse, visibility splays of 2m x 25m shall be provided to the left and to the right at the junction where the vehicular crossing meets with the public road and thereafter maintained in perpetuity, clear of all obstructions exceeding 0.6 metres above the adjoining carriageway level, in accordance with the current Appendix G (Transportation Development Guidelines) of Making Fife's Places.
5. The residential units provided on site shall be used solely as residences for (a) a single person or by people living together as a family; or, (b) not more than 5 unrelated residents living together in a dwellinghouse; or, (c) not more than 2 unrelated residents living together in a flat. For the avoidance of doubt, none of the residential units hereby approved shall be used for Housing in Multiple Occupation.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. To ensure all contamination within the site is dealt with.
3. In the interest of road safety; to ensure the provision of adequate off-street parking facilities.
4. In the interest of road safety; to ensure the provision of adequate visibility splays at the junctions of the vehicular access and the public road.
5. In the interests of maintaining a mixed and balanced housing stock as required by Adopted FIFEplan - Fife Local Development Plan Policy 2 (Homes) or any subsequent revision or amendment of this document.

Agent:

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. BEFORE ANY WORKS COMMENCE ON SITE; a scheme of intrusive site investigation works to identify any coal mining legacy issues shall be undertaken. The results of these investigations along with details of any required remedial works and/or mitigation measures to address land instability shall be submitted in a report for the prior written approval by Fife Council as Planning Authority in consultation with The Coal Authority. Thereafter any identified and agreed remedial works and/or mitigation measures shall be undertaken in full BEFORE ANY DEVELOPMENT WORKS COMMENCE ON SITE. The intrusive site investigations and remedial works shall be carried out in accordance with the relevant authoritative UK guidance.
3. Prior to, and during the construction period, the ecological mitigation measures as detailed in the approved 'Windygates ecological survey and constraint summary' shall be implemented and complied with in full.
4. A signed statement or declaration prepared by a suitably competent person confirming that the site is, or has been made, safe and stable for the approved development shall then be submitted to and approved in writing by Fife Council as Planning Authority BEFORE THE DEVELOPMENT IS BROUGHT INTO USE. This document shall confirm the methods and findings of the intrusive site investigations and the completion of any remedial works and/or mitigation necessary to address the risks posed by past coal mining activity.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. BEFORE ANY EXTERNAL FINISHING MATERIALS ARE APPLIED, full details of the external finishing materials (including make, type and colour scheme etc.) shall be submitted for the prior written approval of this planning authority.
3. Prior to the occupation of the proposed dwellinghouse, there shall be 2 No. off street parking spaces provided for that dwellinghouse within the curtilage of the site in accordance with the current Appendix G (Transportation Development Guidelines) of Making Fife's Places. The parking spaces shall be retained throughout the lifetime of the development for the purposes of off street parking.
4. Prior to the occupation of the proposed dwellinghouse, details of the proposed renewable energy technologies shall be submitted and approved in writing by the Local Planning Authority.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. In the interests of visual amenity; to ensure that the external finishing materials are appropriate to the character of the area.
3. In the interest of road safety; to ensure the provision of adequate off-street parking facilities.
4. In the interests of reducing greenhouse gas emissions; to ensure the proposal complies with Policies 1 and 11 of the Adopted FIFEplan (2017).

Applicant: 4th Fife Cardenden Scout Group Easter Bowhill Farm Easter Bowhill Farm Cardenden United Kingdom KY5 0HB
Agent: Iva Kovacheva 7 7 Wellington Square Ayr Scotland KA7 1EN

Application Permitted with Conditions**Approve** subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. The hours of operation of the development hereby approved shall be restricted to between 8 am and 10 pm. No operations or activity shall take place outwith these hours unless otherwise agreed in writing with Fife Council as Planning Authority.
3. Prior to the occupation of the new Scout Hall, a new footpath link shall be provided between the building entrance and the existing public footpath at the frontage of 76 Orebank Road, in accordance with the current Fife Council Making Fife's Places Appendix G and as shown on Drawing No AL(00)01 Rev 01. The first 22 metre length of the footpath measured from its western extents must be constructed to an adoptable standard.
4. Prior to the occupation of the new Scout Hall, there shall be provided within the curtilage of the site 15 parking spaces for vehicles in accordance with the current Fife Council Making Fife's Places Appendix G and as per the layout shown on Drawing No AL(00)01 Rev 01. 2 safe, covered and secure cycle parking spaces shall also be provided within the curtilage of the site. The parking spaces shall be retained for the lifetime of the development.
5. Prior to the proposed hall coming into use, details of the proposed low/zero carbon generating technologies shall be submitted and approved in writing by the Local Planning Authority.
6. Prior to the scout hall coming into use confirmation that the approved SUDS has been constructed in line with current best practice shall be submitted to Fife Council. The required confirmation shall comprise the submission of a completed and signed Appendix 6 of Fife Council's Design Criteria Guidance on Flooding and Surface Water Management Plan Requirements.
7. BEFORE ANY WORKS START ON SITE, a scheme of landscaping indicating the siting, numbers, species and heights (at time of planting) of all trees, shrubs and hedges to be planted, and the extent and profile of any areas of earthmounding, shall be submitted for approval in writing by this Planning Authority. For the avoidance of doubt, this should include the wild flower meadow and vegetable garden. The scheme as approved shall be implemented within the first planting season following the Scout Hall coming into use.
8. All planting carried out on site shall be maintained by the developer in accordance with good horticultural practice for a period of 5 years from the date of planting. Within that period any plants which are dead, damaged, missing, diseased or fail to establish shall be replaced annually.
9. The SUDS and drainage infrastructure hereby approved shall be constructed/installed contemporaneously with the build out of the development hereby approved and shall be fully operational prior to the scout hall coming into use unless otherwise agreed in writing. Thereafter shall be retained and maintained for the lifetime of the development.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. In the interests of residential amenity; to protect the amenity of the neighbouring residents with regard to noise.
3. In the interest of road safety; to ensure the provision of an adequate design layout and construction.

4. In the interest of road safety; to ensure the provision of adequate off-street parking facilities.
5. In the interests of reducing greenhouse gas emissions; to ensure the proposal complies with Policies 1 and 11 of the Adopted FIFEplan (2017).
6. To ensure the approved SUDS infrastructure has been constructed in accordance with the approved plans and in accordance with current best practice.
7. To ensure the effective management of surface water and to ensure that the required drainage works are carried out and operational at the required stage of the development.
8. In the interests of visual amenity and to ensure a satisfactory standard of local environmental quality.
9. In the interests of visual amenity and effective landscape management; to ensure that adequate measures are put in place to protect the landscaping and planting in the long term.

Application Permitted with Conditions**Approve** subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. IN THE EVENT THAT CONTAMINATION NOT PREVIOUSLY IDENTIFIED by the developer prior to the grant of this planning permission is encountered during the development, all development works on site (save for site investigation works) shall cease immediately and the planning authority shall be notified in writing within 2 working days.

Unless otherwise agreed in writing with the local planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by the planning authority or (b) the planning authority has confirmed in writing that remedial measures are not required. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed in accordance with the approved Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement, a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by the local planning authority.

Agent: David Wardrop Cupar Business Centre East Road Cupar Scotland KY15 4SX

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. NO DEVELOPMENT SHALL COMMENCE ON SITE until a suitable Intrusive Investigation (Phase II Investigation Report) has been submitted by the developer to and approved in writing by the local planning authority. Where remedial action is recommended in the Phase II Intrusive Investigation Report, no development shall commence until a suitable Remedial Action Statement has been submitted by the developer to and approved in writing by the local planning authority. The Remedial Action Statement shall include a timetable for the implementation and completion of the approved remedial measures and a Verification Plan specifying how, when and by whom the installation will be inspected.

All land contamination reports shall be prepared in accordance with CLR 11, PAN 33 and the Council's Advice for Developing Brownfield Sites in Fife documents or any subsequent revisions of those documents. Additional information can be found at www.fife.gov.uk/contaminatedland.

3. NO BUILDING SHALL BE OCCUPIED UNTIL remedial action at the site has been completed in accordance with the Remedial Action Statement approved pursuant to condition 2. In the event that remedial action is unable to proceed in accordance with the approved Remedial Action Statement — or contamination not previously considered in either the Preliminary Risk Assessment or the Intrusive Investigation Report is identified or encountered on site — all work on site (save for site investigation work) shall cease immediately and the local planning authority shall be notified in writing within 2 working days. Unless otherwise agreed in writing with the local planning authority, development works shall not recommence until proposed revisions to the Remedial Action Statement have been submitted by the developer to and approved in writing by the local planning authority. Remedial action at the site shall thereafter be completed in accordance with the approved revised Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement — or any approved revised Remedial Action Statement — a Verification Report shall be submitted by the developer to the local planning authority.

Unless otherwise agreed in writing with the local planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement — or the approved revised Remedial Action Statement — and a Verification Report in respect of those remedial measures has been submitted to and approved in writing by the local planning authority.

4. IN THE EVENT THAT CONTAMINATION IS ENCOUNTERED that was not identified by the developer prior to the grant of this planning permission, all development works on site (save for site investigation works) shall cease immediately and the local planning authority shall be notified in writing within 2 working days.

Unless otherwise agreed in writing with the local planning authority, development work on site shall not recommence until either (a) a Remedial Action Statement has been submitted by the developer to and approved in writing by the local planning authority or (b) the local planning authority has confirmed in writing that remedial measures are not required. The Remedial Action Statement shall include a timetable for the

implementation and completion of the approved remedial measures. Thereafter remedial action at the site shall be completed in accordance with the approved Remedial Action Statement. Following completion of any measures identified in the approved Remedial Action Statement, a Verification Report shall be submitted to the local planning authority. Unless otherwise agreed in writing with the local planning authority, no part of the site shall be brought into use until such time as the remedial measures for the whole site have been completed in accordance with the approved Remedial Action Statement and a Verification Report in respect of those remedial measures has been submitted by the developer to and approved in writing by the local planning authority.

5. Prior to the occupation of the first student flat, all works done on or adjacent to existing public roads shall be constructed in accordance with the current Fife Council Transportation Development Guidelines. Work shall include the existing school bus layby being reduced to 2.5 metres wide to provide visitor car parking with the existing bus stop being relocated to the Kilrymont Road north channel line (no bus layby). A footway 2 metres wide being provided to the rear of the layby. The works shall be completed prior to occupation of the 1st unit within the converted school building.
6. Prior to the occupation of the first student flat, the construction of the vehicular crossing of the footway on Kilrymont Road shall be carried out in accordance with the current Fife Council Transportation Development Guidelines.
7. Prior to occupation of the first student flat, visibility splays 2.4 metres x 25 metres shall be provided and maintained clear of all obstructions exceeding 600mm in height above the adjoining road channel level, at the junction of the vehicular access with Kirmont Road and all internal junctions in accordance with the current Fife Council Transportation Development Guidelines. The visibility splays shall be retained through the lifetime of the development.
8. Prior to occupation of the first student flat the off-street car parking and cycle parking spaces shall be provided as shown on documents 24 and 35A. The parking spaces shall be retained through the lifetime of the development.
9. Prior to the commencement of any activity on site details of the measures to be employed to prevent mud, debris or other deleterious material being carried onto and accumulating on the public roads adjacent to the site shall be submitted for the written approval of this planning authority and shall thereafter be maintained throughout the construction period of the development.
10. Prior to the cafe coming into use, details of the installation and/or erection of any extract ventilation system, including details of the methods of treatments of emissions and filters to remove odours and control noise emissions must be submitted and approved in writing. Any proposed system must be operated at all times when the cafe is in use and maintained in accordance with the manufacturer's instructions unless otherwise agreed in writing by the planning authority.
11. The total noise from all plant, machinery or equipment shall be such that any associated noise complies with NR 25 in bedrooms, during the night; and NR 30 during the day in all habitable rooms, when measured within any noise sensitive property, with windows open for ventilation.

For the avoidance of doubt, day time shall be 0700-2300hrs and night time shall be 2300-0700hrs.

12. BEFORE WORKS COMMENCE ON SITE, a scheme designed to mitigate the effects on sensitive premises/areas (i.e neighbouring properties and highway) of dust, noise and vibration from the construction of the proposed development shall be submitted to the Planning Authority for approval. Upon approval all matters detailed in the scheme shall be carried out in accordance with the scheme unless otherwise agreed in writing by the Planning Authority.
13. Activities relating to the erection, construction, alteration, repair or maintenance of buildings, structures or roads shall not take place outside the hours of:

08.00- and 18.00-hours Mondays to Fridays
08.00 and 13.00hours Saturdays
With no working Sundays or Public Holidays

Unless otherwise agreed in writing by this Planning Authority.

14. PRIOR TO THE COMMENCEMENT OF WORKS ON SITE, a scheme of landscaping is to be submitted to and approved in writing by the Planning Authority. The scheme shall include hard and soft landscaping works, boundary treatment(s), details of trees and other features which are to be retained, and a programme for the implementation/phasing of the landscaping in relation to the construction of the development. All landscaping, including planting, seeding and hard landscaping shall be carried out only in full accordance with such approved details unless otherwise agreed in writing with this Planning Authority.

15. No works shall be undertaken which in any way impinge or obstruct alleged or vindicated rights of way on or adjacent to the application site, unless otherwise agreed in writing with Fife Council as Planning Authority
16. The recommendations within the Ecology and Biodiversity Assessment Report, shall be implemented in full before, during and after development (as applicable), unless otherwise agreed in writing by this Planning Authority.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. To ensure potential risk arising from previous land uses has been investigated and any requirement for remedial actions is suitably addressed.
3. To provide satisfactory verification that remedial action has been completed to the planning authority's satisfaction.
4. To ensure all contamination within the site is dealt with.
5. In the interest of road safety; to ensure the provision of an adequate design layout and construction.
6. In the interest of road safety; to ensure the provision of an adequate design layout and construction.
7. In the interest of road safety; to ensure the provision of adequate visibility at the junctions of the vehicular access with the public road.
8. In the interest of road safety; to ensure the provision of adequate off-street parking facilities.
9. In the interests of road safety.
10. In order to protect the amenity of neighbouring sensitive receptors.
11. In order to protect the amenity of neighbouring sensitive receptors.
12. In the interests of safeguarding the amenity of neighbouring sensitive receptors.
13. In the interests of safeguarding the amenity of neighbouring sensitive receptors.
14. In the interests of enhancing the landscape character, ecology and biodiversity of the site.
15. To ensure that all existing rights of way are protected and not adversely affected as a result of the development.
16. In the interest of ecology and biodiversity; to ensure enhancement measures are provided as part of the development.

Proposal: Erection of dwellinghouse
Location: 9 Shanwell Road Tayport Fife DD6 9DY
Applicant: Mr D Yule 9 Shanwell Road Tayport Fife DD6 9DY
Agent: Daryl Barr 3 Angus Gardens Monifieth Scotland DD5 4UE

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. Prior to the occupation of the proposed dwellinghouse, all access driveways shall be constructed at a gradient not exceeding 1 in 10 (10%) and shall have appropriate vertical curves to ensure adequate ground clearance for vehicles. For the avoidance of doubt, the first two metre length of the driveway to the rear of the public road shall be constructed in a paved material (not concrete slabs).
3. Prior to the occupation of the proposed dwellinghouse, there shall be 2 No. off street parking spaces provided for that dwellinghouse within the curtilage of the site in accordance with the current Appendix G (Transportation Development Guidelines) of Making Fife's Places. The parking spaces shall be retained throughout the lifetime of the development for the purposes of off street parking.
4. Prior to occupation of the proposed dwellinghouse, visibility splays of 2m x 25m shall be provided to the left and to the right at the junction of the vehicular crossing and the public road and thereafter maintained in perpetuity, clear of all obstructions exceeding 0.6 metres above the adjoining carriageway level, in accordance with the current Appendix G (Transportation Development Guidelines) of Making Fife's Places.
5. The hereby approved flatted dwellings shall be used solely as a residence for (a) a single person or by people living together as a family; or, (b) not more than two unrelated residents living together in a flat. For the avoidance of doubt the residential dwellings hereby approved shall not be used for Housing in Multiple Occupation.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. In the interest of road safety; to ensure the provision of an adequate design layout and construction and to avoid severe gradients which would render the driveways unsuitable for vehicular use and to ensure that no deleterious material is dragged on to the public road.
3. In the interest of road safety; to ensure the provision of adequate off-street parking facilities.
4. In the interest of road safety; to ensure the provision of adequate visibility splays at the junctions of the vehicular access and the public road.
5. In the interests of maintaining a mixed and balanced housing stock as required by Policy 2 of the Adopted Fife Plan (2017).

Applicant: Mrs Deborah Syme Camalar House Forgan Drive Drumoig St Andrews Fife KY16 0EQ

Agent: JON FRULLANI 140 Perth Road Dundee United Kingdom DD1 4JW

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 3 years from the date of this permission.
2. The ancillary self-contained living accommodation, hereby approved, shall only be used as domestic accommodation ancillary to Calmar House, Forgan Drive, Drumoig, St. Andrews KY16 0EQ, and not as a permanent separate dwellinghouse. Furthermore, should the care facility the ancillary accommodation provides for cease, the accommodation shall remain ancillary to Calmar House and shall not be sold, let, or rented or otherwise disposed of other than as part of the existing dwellinghouse on site.
3. The development hereby approved shall not in any way impinge or obstruct alleged or vindicated rights of way on or adjacent to the application site. Unless otherwise agreed in writing with Fife Council as Planning Authority.
4. FOR THE AVOIDANCE OF DOUBT, 3 off-street parking spaces shall be provided on the site at all times and shall be in accordance with the current Fife Council Transportation Development Guidelines and shall be maintained and kept available as such.
5. BEFORE DEVELOPMENT SHALL COMMENCE ON SITE, the 14/03933/FULL consented scheme of landscaping shall be updated to align with the proposed new garage layout, the garden pergola, and the garden room, and shall be submitted to the Planning Authority for approval in writing. The scheme shall include all revised landscape details walls, paving, pergola etc and existing and proposed areas of tree/shrub planting including, location, numbers, densities, species, and size at time of planting.
6. The planting for the landscape scheme under condition 5 above shall be carried out in the first planting season following the first occupation of the ancillary development. Any trees and plants which within a period of 5 years from the completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of a similar size and species, unless changes to the consented landscape scheme are otherwise agreed in writing with this Planning Authority.

Reason(s):

1. In order to comply with the provisions of Section 58 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. In order to retain full control over the development and to avoid the creation of an additional permanent dwellinghouse.
3. To ensure that all existing rights of way are protected and not adversely affected as a result of the development.
4. To ensure adequate provision of off-street car parking.
5. To ensure the visual quality of the area is maintained.
6. To ensure the visual quality of the area is maintained.

Ward: Tay Bridgehead
Proposal: Planning permission in principle for erection of dwellinghouse
Location: 4 Quality Street Gauldry Newport On Tay Fife DD6 8RS
Applicant: Mr C Stewart c/o 4 Quality Street Gauldry Scotland DD6 8RS
Agent: Iain Mitchell Quayside House Dock Road Methil Dock Business Park Methil, Fife Scotland KY8 3SR

Application Permitted with Conditions

Approve subject to the following condition(s):-

1. The development to which this permission relates must be commenced no later than 5 years from the date of this permission.
2. A further application(s) for certain matters (Approval of Matters Required by Condition) shall be submitted for the requisite approval of this Planning Authority, together with the detailed plans which shall include:-
 - (a) A location plan of all the site to be developed to a scale of not less than 1:2500, showing generally the site, any existing trees, hedges, walls (or other boundary markers) layout of the roads and sewers, and the position of all buildings;
 - (b) A detailed plan to a scale of not less than 1:500 showing the site contours, the position and width of all proposed roads and footpaths including public access provision, the siting of the proposed buildings, finished floor levels, new walls and hedges, details of proposed landscape treatment and the phasing of development;
 - (c) Detailed plans, sections and elevations of all buildings proposed to be erected on the site, and their relationship to adjacent land and/or buildings, together with details of the proposed method of drainage and the colour and type of materials to be used externally on walls, roofs and boundary treatment. For the avoidance of doubt, modern architectural forms can be supported throughout the development. Should the development be of a more traditional architectural form, then the proposed materials should reflect this. Acceptable materials in this case would be a local vernacular: natural stone, traditional render, natural slate and clay pantiles (or an equivalent replica product). The use of standard house types across the site will not be accepted. The use of timber fencing as a boundary treatment (including rear boundaries) on publicly visible locations will not be acceptable;
 - (d) Details of the existing and proposed ground levels as well as the finished floor levels all related to a fixed datum point. The details shall specify the extent and height of any areas of mounding;
 - (e) A supporting statement illustrating the developments' compliance with Fife Council's Planning Policy - Making Fife's Places Supplementary Guidance Document (2018) - including reference and proposals relating to the design, layout, green network infrastructure and biodiversity enhancement;
 - (f) A sustainability statement illustrating the developments' compliance with Fife Council's Planning Policy - Low Carbon Fife Supplementary Guidance Document (2019). The sustainability statement shall address all of the matters set out in Appendix B of Fife Council's Low Carbon Fife Supplementary Guidance (January 2019);
 - (g) A surface water management plan as set out within Fife Council's Design Criteria Guidance on Flooding and Surface Water Management Plan Requirements (2020);

No work shall be started on site until the written permission of this Planning Authority has been granted for these proposals, or such other details as may be acceptable.
3. The dwellinghouse provided on the site shall be used solely as a residence for (a) a single person or by people living together as a family; or, (b) not more than 5 unrelated residents living together in a dwellinghouse. For the avoidance of doubt, the dwellinghouse hereby approved shall not be used for Housing in Multiple Occupation.
4. Prior to any works starting on site, the applicant shall submit details of any proposed construction works on the public footway and adjacent adopted road (in consultation with this Planning Authority and Fife Council's Roads Network Management Team) in relation to the adjustment of the adjacent traffic calming island or other required works. Thereafter the details/requirements or other necessary works shall be submitted to this Planning Authority for its prior approval BEFORE WORKS COMMENCE ON SITE.
5. Prior to the occupation of the proposed dwellinghouse, a minimum of 2 off-street parking spaces per 2 or 3 bedroom house and 3 off-street parking spaces for a 4 and above bedroom house shall be provided within the

curtilage of the site in accordance with the current Fife Council Parking Standards. The parking spaces shall be retained throughout the lifetime of the development for the purposes of off street parking.

6. Prior to the occupation of the proposed dwellinghouse, there shall be provided within the curtilage of the site, a turning area for a car to allow all cars making use of the access driveway to enter and exit the driveway in a forward gear. The turning area shall be formed outwith the parking area and shall be retained throughout the lifetime of the development. The proposed parking bays and aisle width will require to be of appropriate dimensions to allow for both the off-street parking and turning manoeuvres to take place.
7. Prior to the occupation of the proposed dwellinghouse, visibility splays of 2m x 25m shall be provided to the east and to the west at the junction of the proposed new vehicular crossing and the public road and thereafter maintained in perpetuity, clear of all obstructions exceeding 0.6 metres above the adjoining carriageway level, in accordance with the current Appendix G (Transportation Development Guidelines) of Making Fife's Places.
8. Prior to the occupation of the proposed dwellinghouse, the first two metre length of the driveway to the rear of the public footway shall be constructed in a paved material (not concrete slabs).
9. The indicative house location and size is not hereby approved.

Reason(s):

1. In order to comply with the provisions of Section 59 of the Town and Country Planning (Scotland) Act 1997, as amended by Section 32 of The Planning (Scotland) Act 2019.
2. To be in compliance with Section 59 of The Town and Country Planning (Scotland) Act 1997, as amended by the Planning etc (Scotland) Act 2006.
3. In the interests of maintaining a mixed and balanced housing stock as required by Policy 2 of the Adopted FIFEplan 2017.
4. In the interest of road and pedestrian safety and to ensure the provision of an adequate design layout and construction.
5. In the interests of road safety. To ensure the provision of an adequate off street parking facilities.
6. In the interest of road safety; to ensure that all vehicles taking access to and egress from the site can do so in a forward gear.
7. In the interest of road safety; to ensure the provision of adequate visibility splays at the junctions of the vehicular access and the public road.
8. In the interest of road safety; to ensure that no deleterious material is dragged on to the public road.
9. In order to allow adjustments to the indicative plans for turning area and any other unforeseen requirement(s).

Applicant: Knockhill Distillery The Lodge Din Moss Upper Saline UK KY12 9LR

Agent: Joe Fitzpatrick 35 Aytoun Crescent Burntisland United Kingdom KY3 9HS

Application Permitted - no conditions

Ward: West Fife And Coastal Villages**Proposal:** Erection of dwellinghouse with associated access and parking**Location:** Prestonview 6 Veere Park Culross Dunfermline Fife KY12 8NE**Applicant:** Mr Paul Clarke 13 Baird Road Armadale West Lothian EH48 3NS**Agent:** Alison Arthur 85 High Street Newburgh KY14 6DA**Application Refused****Reason(s):**

1. In the interest of residential amenity; the requested noise impact assessment has not been submitted, thereby failing to demonstrate that there would not be a significant detrimental impact on the amenity of the proposed house from noise generated by the railway line to the south and road to the north. Furthermore, the proposed development would result in a significant detrimental impact on the amenity of the proposed house, by virtue of the constrained nature of the site, as it would be unable to provide an acceptable provision of private useable garden ground, contrary to Policy 1: Development Principles and Policy 10: Amenity of the Adopted FIFEplan (2017) and Policy 23 of NPF4.
2. In the interests of visual amenity; the proposal would result in the overdevelopment of the site, thereby not respecting nor being in keeping with the prevailing pattern of development within the surrounding area and resulting in a significant detrimental effect on the visual amenity of the area, contrary to Policy 14: Design, Quality and Places of NPF4 and Policies 1 and 10 of the adopted FIFEplan Fife Local Development Plan (2017).
3. In the interest of flood prevention and the water environment; the proposed development would be situated within a flood risk area, contrary to Policy 22: Flood Risk and Water Management of NPF4 and Policy 1: Development Principles and Policy 12: Flooding and the Water Environment of the Adopted FIFEplan 2017.
4. In the interest of road safety; the development would be unable to provide adequate space for the manoeuvring of vehicles within the site, thereby resulting in a significant detrimental impact on existing levels of road safety, contrary to Policy 13: Sustainable Transport of NPF4 and Policy 1: Development Principles and Policy 3: Infrastructure and Services, of the adopted FIFEplan (2017).
